# Eruptions

Dry, moist, scaly tetter, all forms of eczema or salt rheum, pimples and other cutaneous eruptions proceed from humors, either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

The thing to do is to help the system discharge the humors, and to strengthen it against their return.

# New Use for Aluminum.

Experiments are being made to discover if aluminum may not be used in the manufacture of high-class wind instruments. If this could be done it it is thought it would be very desirable, on account of verdigris deposits, and as it is not easily affected by changes of temperature the instruments would be less likely to get out of tune.

# GOLF PLAYING EXTRAORDINARY.

Northwest Champion Strikes the Ball Elindfolded.

A unique golf tournament was recently played in Tacoma, Wash. Mr. S. D. Bowers, who won the tournament by defeating in the finals Mr. Gifford of Portland, the champion of the Northwest, made a wager of a dinner with some of the players present that he could play the 18-hole course blindfolded in 180 strokes. Of course the player was only to be blindfolded during the act of striking the hall after which he was at liberty to remove the blindfold, walk up to the ball and take his stand with his club resting on the ground preparatory to striking. After having assumed the desired position the blindfold was readjusted and he made his stroke. The strict rules of the game

To hit the ball every stroke as Mr. Bowers succeeded in doing, requires a machine like swing which only long practice and knowledge of the game can give. Not only did Mr. Bowers succeed in hitting the ball every stroke, exposition. but he often made drives of from 130 to 180 yards, and, in fact, was beyond the green on the seventeenth hole in two strokes, a distance of 320 yards. In putting, Mr. Bowers did remarkably well, and seldom took three strokes on a green. Approaching seemed to be his hardest task, though at times his work in this line was also good.

The blindfold used was a heavy plush lady's work bag which was worn like a cap, and pulled down over the eyes, nose and mouth, and tied around the neck, thus assuring beyond cavil, absolute obstruction of the vision, and not even permitting a glimpse of the ball or ground.

# SURE TO FOLLOW EPIDEMIC OF GRIP If the Blood is Impoverished

# **Diseases Which Often** Puzzle Doctors are Inevitable.

From The Tribune, Webster City, Ia.

Physicians are often puzzled by an ailment that does not vield to the usual remedies, patients are caused much suffering and expense while experiments are being tried upon them, when in many cases the seat of the disorder is in the blood. If this vital fluid is impoverished disease is sure to follow. Build up the blood, the diseased part is nourished and strengthened, and health results. This is the simple history of what often appears to be a complicated case. Mr. Ezra Edwards, the well-known merchant of Webster City, Iowa, passed through such an experience. He says:

"I have always believed that my trouble was due to the impoverished condition of my blood. About lour years ago my ankles began to swell and cause me great pain. 1 am quite heavy and as I was on my feet constantly suffered intensely. Finally the swelling became so bad that I could not walk and for a week I was confined to my chair or bed. Three doctors treated me but did not effect a cure.

"I first heard of Dr. Williams' Pink Pills for Pale People through an advertisement in a religious paper. About six months ago I began taking the pills and I felt good results from the first box. I continued taking them as directed for nearly five months. I am now 42 years old and am the picture of health. I am willing to tell the world that Dr. Williams' Pink Pills cured me and I know they will cure others if they are given a thorough trial.

"Hardly a day passes that I do not tell some one of the benefits I have restorng wire cable stretched along its ceived from Dr. Williams' Pink Pills entire distance of 34 miles. It is there for Pale People, for I think that any one suffering from any disorder of the blood or nerves should give them a thorough trial. Signed,

EZRA EDWARDS. Subscribed and sworn to before me

Every family should take the precaution to secure a supply of Peruna at once, for the retail and wholesale stock of the remedy may be exhaust-ed by the enormous demand for it.

It is wisdom to have Peruna in the house even before the grip attacks the honsehold.

Peruna as a remedy for la grippe: Congressman Howard, of Alabama, says: "I have taken Peruna for the grip and recommend it as an excellent remedy to all fellow-sufferers." Congressman White, of North Carolina, says: "I find Peruna to be an excellent remedy for the grip. I have used it in my family and they all join me in recommending it."

M'ss Frances M. Anderson, of Washington, D. C., daughter of Judge Anderson, of Virginia says: "I was taken very ill with the grip. I took Peruna and was able to leave my bed in a week."

Mrs. Harriette A. S. Marsh, president of the Women's Benovelent Association, of Chicago, writes: "I suffered with grip seven weeks. Nothing helped me. Tried Peruna and within three weeks was fully re-

stored. Shall never be without it again." At the appearance of the first symptoms of the grip people should stay indo is and take Peruna in small doises (teaspoonful every hour) until the symptoms disappear. This will prevent a long, disastrons sickness and perhars fatal results.

# The Oldest and Best.

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seek-ing advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Dis-eases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease. We are doing great good to suffering humanity through

our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

### A "Decimal" Coin.

It is not generally known that the 5-cent nickel coin of the United States currency was designed with special reference to its use as a unit of weight or measurement by the decimal system, but it is true.

For some reason the metric system. though its use has been legalized in this country, does not "take" with the American people, and it has not come into general use-perhaps never will. coin will become at once apparent. It is exactly five grammes in weight and two centimeters in diameter.

This is, of course, not an accident, in our system of colnage, other convenient measurements and weights, according to the same system, may very properly be adopted.
