

## SHIRT WAISTS 25 CENTS.

To make room for spring goods there are a few odd lines that must be closed out. A small line of shirt waists taking up valuable room will go for 25c—Too many flannelette wrappers, they must go at same price, the \$1.75 kind for 85c, others in proportion—Odd lines of men's fleeced shirts, the 50c grades going at 30c—Odd lines of ladies' wool vests at half price—Now is the time to pick up bargains. You never saw anything in my ad yet that was not just so; I am out for square dealings and honest values. I want all the bacon, lard, chickens, eggs and butter you can bring me. Don't forget my grocery department.

## It's Easy To Take

Thin, pale, anæmic girls need a fatty food to enrich their blood, give color to their cheeks and restore their health and strength. It is safe to say that they nearly all reject fat with their food.

## SCOTT'S EMULSION OF COD LIVER OIL WITH HYPOPHOSPHITES OF LIME & SODA

is exactly what they require; it not only gives them the important element (cod-liver oil) in a palatable and easily digested form, but also the hypophosphites which are so valuable in nervous disorders that usually accompany anæmia. SCOTT'S EMULSION is a fatty food that is more easily digested than any other form of fat. A certain amount of flesh is necessary for health. You can get it in this way.

We have known persons to gain a pound a day while taking it.

It has been definitely settled that Oregon stone will be used in the construction of the new postoffice building at Salem, and according to a dispatch from Washington, the bull stone from the Ashland quarries will in all probability be the stone.

That fine cow of Sam Hibbs, for which he had refused \$100 on more than one occasion, laid down and died the other day. She was, so far as known, the most prolific milker in the county. She had a calf, and the blood thickened in her veins. The calf also died.

The bill appropriating \$10,000 for the establishing of an experiment station on the branch asylum lands at Union, Or., passed the legislature. It provides that the appropriation shall not be available for buildings and equipment, but that the sum, with the revenues derived from the land, shall be used for agricultural experiments in any part of eastern Oregon. The new station is to be managed by the board of regents of the agricultural college.

Messrs. Christenson & Houck recently purchased 22,000 pounds of wool from Frank and Al Fletcher of Lafayette, the deal amounting to over \$3,000. This is believed to be the largest single transaction in wool ever made in Yamhill county. The Fletcher boys had held the clip nearly a year in the hope of a higher price, but instead the price fell off several cents per pound. Experience in both wool and wheat selling goes to show that in the great majority of cases it pays to sell when the market is at its height.

The city authorities are certainly taking all due and necessary precautions against the spread of diphtheria. George Dorsey is having a lot of tile put in on his farm. George H. Baxter is putting in a small quantity on his farm. G. Londenshausen is also putting in some tile. He thinks a man who has twenty cows can make it pay him well.

The creamery meeting Wednesday was a failure so far, or at least it seems to be. The farmers of Amity vicinity will find that they will have to organize a stock company and go it on their own responsibility if they want to win. The creameries in the east are run that way and are a complete success.—Amity Times.

The populist party of the state of Oregon is officially dead, so far as it being a political organization in this state. A meeting of the members of the populist state central committee was held in Salem on Friday. Among those present were Will R. King, of Malheur, chairman; J. A. Jeffery and G. W. Weeks, of Salem; Ernest Kroner, of Portland; Frank Williams, of Ashland; Silas B. Smith, of Astoria, and William Hammer, of Albany. When the meeting had been called to order Chairman King presented his resignation, and this brought about a general discussion on the necessity of further keeping up the populist party in Oregon. After considerable discussion, the agreement to dissolve the state central committee became unanimous, and the dissolution of the committee and party was officially accomplished. The sentiments among most of those present was that hereafter the populist would affiliate with the democratic party, but no official declaration was made to that effect.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N.Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
