

Rambler Bicycle Given Away.

I am going to give away a 1901 Rambler bicycle on July 6th. The wheel is now on exhibition at my store. Come in and investigate the terms on which I will give it and you may be the happy owner of a new \$40 wheel. A large shipment of spring goods arrived this week and are being displayed for your inspection. Shirt waists in endless variety, lawns, dimities, ginghams, new hosiery, gloves, etc. My fast growing reputation for honest goods at right prices will be seen more than ever in these new spring lines. With the opening of spring many new lines will be added to my grocery department, making that department second to none. Highest market price allowed for bacon, lard, chickens, eggs, butter, etc. C. C. MURTON.

LOCAL NEWS.

John Gault is erecting a new barn for Levi Hagey on his city property.
A daughter was born to Prof. and Mrs. L. R. Alderman on Saturday, March 2d.
Photo mounts cut to any size you wish at this office, and for sale cheaper than the cheapest.
A new 150 candle-power electric lamp has been purchased by the lodges using screen work at Wright's hall.
The souvenir dishes, cups, plates, etc., of the college, high school and court house at the Grange store are something new and novel.
District Attorney J. N. Hart, you will observe, is not making a bad record. Under his prosecution in Marion county Clyde Vaughn gets seven years, and Murray Wade, whose family stands high, and who was recommended to the leniency of the court, gets three months in jail. This compares very favorably with the record of his predecessor.
I have money to loan on farm property at good terms. Parties wishing to borrow, call and see me.

Royce Cook left on Friday for San Francisco and other parts of California, to visit friends.

There's a tiger loose in town. A "snap shot" may be seen and full particulars learned by calling at Grange & Farmers store.

The next session of the Yamhill county teachers' local institute will be held in Lafayette on the last Saturday of March. The last meeting, held at Newberg, was generally attended and full of interest.

Have you heard the latest? A big line of those famous Star 5 Star shoes in ladies' men's and children's. Be sure and get the best. They are the finest line we have had, at the Racket store.

Miss Nellie Gardner, accompanied by her mother, returned from Salem Thursday evening of last week. Miss Gardner was one of the transferable clerks during the legislative session.

A carload of oak ship knees were shipped from Whiteson to California the first of the week. They were cut on the Watt hills.—Times.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

will generally correct this difficulty. If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.

Prof. Chas. H. Jones, formerly of this city, is the new route agent of the Daily Statesman in Salem, taking the place so long held by Frank Morrison, who went to Boise City, Idaho. Mr. Jones commenced his work last Friday.

Francis Dielschneider and his sister Florence left on Friday for a stay of about six weeks in San Francisco. They will visit their sister, Mrs. Anna Kratz, and Francis will enter a jeweler's manufacturing institution and acquaint himself with the latest wrinkles in that line of business.

Send your name to R. W. Foster, Ticket Agent Burlington Route, Portland, Or., and by return mail receive a letter giving you just the information desired on your eastern trip, and our little booklet "What a Chair Car Is;" this will interest you. One of these elegant chair cars attached to every train run over the Burlington and seats are free.

The W. C. T. U. reception was largely attended last Friday night at Wright's hall, and all seemed to enjoy the occasion. The ladies seemed specially proud of the fine supper they had prepared, and that it was appreciated was best shown by the keen appetites. This is believed to be the first public supper ever prepared by the W. C. T. U. in this city.

The new bicycle law requires that wheelmen, who use bicycle paths, must pay an annual tax of \$1 each. The law requires that this tax be collected by the sheriff. The law is mandatory only for Multnomah county. Other county boards may enforce its provisions. The rider is taxed instead of the owner of the wheel, although it can be seized for non-payment of the tax.

Eld. Arnold Lindsey, state evangelist of the Christian church, is holding a series of meetings at the Christian church in Dallas this week. Eld. Lindsey was pastor of the church at McMinnville before taking up the evangelistic work, and was very popular with the citizens of that place, both inside of his church and out. He is an interesting talker, a talented singer, and draws large crowds, the church being well filled each evening.—Polk County Observer.

Rev. George W. Gue, pastor of Centenary Methodist church, has a large chunk of beeswax, obtained from Tillamook bay, which he thinks disproves the assumption that the substance found on the beach was washed there by the ocean and is not beeswax. The piece has along its sides the clearly defined outlines of the mold in which it was cast. Dr. Gue says his chunk was found under the roots of a tree that might have been 100 or 150 years old, but is as well preserved as if it had just been lifted out of the mold after it had cooled.

We are glad to inform the dairymen, fruit growers and farmers in general in this part of the valley that there will be a farmers institute in Newberg, March 12 and 13, conducted by the Agricultural College of Corvallis. This will be the first for Newberg and don't fail to attend.

D. H. Turner and George C. Sears left for Los Angeles, California, the first of the week to make investigation of some oil land for Portland capitalists. The money is ready for investment if the property proves to be as it has been represented. Prof. J. C. Hodson came home from Salem with quite a feather in his hat as being one of the two clerks who made the discovery of the \$30,000 shortage in the land office business; especially as clerks during the previous sessions had examined the books and found nothing wrong. W. K. Allen left for the east the first of the week to spend some time in making an investigation of the fruit market. After years of study and toil he has made a signal success in the evaporation of fruit and will now give some attention to market conditions in the hope of being able to do something towards solving this part of the fruit problem.—Graphic.

Now that frosts are with us almost every night, the question of protecting the fruit trees from damage is a timely one. S. W. Fletcher, horticulturist at Pullman, Wash., says that various methods of smudging and adding the vapor of water to the air will be tried. The experiments will be watched with interest, as upon their success or failure hinges the fruit crop. Should effective immunity from damaging frosts be established it will mean thousands of dollars to the pockets of the fruitgrowers. In this connection it is worthy of note that various measures have been resorted to in California to protect fruit trees against damaging frosts. Among the methods employed are the building of fires to warm the air, cloud or fog building through smudges, irrigation, spraying and screening. Each method has proved most effective in certain localities, so that no fixed rule for successful frost-fighting can be laid down. It has been demonstrated in California, however, that the ravages of the average spring frost can be averted, and this, too, at a cost that will take away all the profit on the fruit saved.

Nasal Catarrh quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

Announcement.
To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

If Governor Gage, of California, signs the bill passed by the assembly—and there is every indication that he will—prize-fighting in California will be out of fashion, and the crowd of eastern pugilists who are heading this way will have to find some other port. The bill makes any sparring contest, private or public, with or without gloves, a felony punishable by a fine of not less than \$1000 or more than \$5000, and imprisonment for one to five years.

Columbus School Notes.
The boys were playing ball some this week.

This is review week and there are not many items except plenty of hard work.

Earl Blood has resumed his studies in the 9th grade after several weeks' absence on account of sickness.

A surprise party was given Vernon Derby last Saturday evening. Vernon was greatly surprised and said that it was his treat. Progressive games were indulged in for a couple of hours and then a delicious lunch was served. After this some other sports were engaged in until midnight when all departed for home, having spent a very pleasant evening. Those present were, Misses Ida and Myrtle Stewartson, Lulu Gilbert, Mary Jones, Edith Bristow, Geneva Vinton, Nora, Christa, Edith and Ethel Seitters, Fay Wisecarver, Helen Weed, Floris Derby, Messrs. Hugh Bristow, Clyde Akin, Dow Walker, Hardy Ballinger, Harry Woodrum, Will Eberhard, Clifford Reid, Frank Snyder, Mell Stott Will Burdette, George Martin, Earl Wisecarver, Ray and Vernon Derby.

NOTICE.
A reception will be given at the Baptist church to Rev. R. W. King, the retiring pastor, on Friday evening, March 15th. A short program will be arranged for, consisting of addresses from the representatives of the various departments of church work. Good music and an enjoyable social time is expected. All of the congregation and friends are especially invited to be present.

It is 8,000 Miles Long.

The Burlington Route ranks among the greatest of the world's railroads. Over 8,000 miles long; employing 35,000 men; reaching 1,300 towns and cities in the eleven states traversed by its lines; having through-car arrangements which extend more than half way across the continent and earnestly striving to give its patrons absolutely unequalled service, it is the line YOU should select, next time you go east.

A Democratic View.

From the standpoint of political expediency the democrats who put an end to the senatorial fight, and saved the state from the disgrace of deadlock, made a mistake. For each of them, it was an act of party suicide. Unless the history of the past with reference to such matters is reversed, not one of them will again be honored or be trusted by his party. Whatever credit is due them for the fact that they, and they alone saved the state from the disgrace of a deadlock, will be speedily forgotten. Indeed, there will be some who will fail to recognize that in this respect they are entitled to credit at all. In such matters, a large part of the world looks rather for something to criticize, than for aught to commend; looks rather for a fault, than a virtue.

A non-election would have plunged the republicans, in the state elections of next year, into a parrot and monkey mixup such as Oregon has never seen. It would have left the party with vastly increased shortcomings to defend. It would have given the democrats vastly increased opportunity to carry the state. But from this the republicans have been saved by the action of some of the democrats themselves. With one party it will be a virtue either never recognized or soon forgotten, with the other, in the main it will be individual shortcoming always to be remembered.—Corvallis Times.

CARLTON.

Al Kingery is called to the bedside of his father in McMinnville.

Miss Marion Kidder and Maggie Roberts went to Portland last Friday.

Farmers in the surrounding country are quite busy since the nice weather began.

Our city officials are contemplating quite extensive street improvement this spring.

Burnis Hoffman spent a few days of this week in McMinnville visiting friends.

Mrs. Swanson made a trip to Portland last Saturday in the interest of her millinery store.

Miss Anna Hurner has been called to the bedside of her brother who is quite sick in Portland.

Carlton is taking on quite a good many improvements. We now have a city barber shop, run by Will Hudson.

Her many friends will be glad to know that Miss Nellie Findley is rapidly improving in Portland and will soon be able to come home.

Mrs. Johnson and her daughters have moved to North Yamhill where they will run the hotel. Mr. Johnson and son Robert will remain in Carlton and run the blacksmith shop.

Mr. Byers is selling out his grocery stock at cost. He has secured the position of furnishing goods to the hands on the new railroad that is being built from Portland to Tillamook, and will move in April or May.

A Mr. Kingery, brother to Al Kingery, will teach in Mr. Wright's place. His work was to have begun last Monday, but on account of his father's sickness he has been delayed and will probably begin next Monday.

AMITY.

J. B. Williams made a business trip to Portland last Monday.

John Thomas, who was severely ill last week, is now better and able to be up.

Mrs. Arthur Cane is making an extended visit among her many friends in Albany.

Mrs. Lucia Keyd, of Perrydale, was visiting her grandfather, Mr. Maddox, Tuesday last.

At the annual school meeting held last Monday Walter Rea was elected director and T. J. Jellison treasurer.

Mr. Martin, who has been sick almost the entire winter, was on the streets last Tuesday and is much improved in health.

SHERIDAN.

We are having lovely spring weather. Wm. DeHaven, of McMinnville, was in town Monday.

Sheriff Ward Sitton was a Sheridan visitor on Saturday last.

Mrs. W. K. Smith has been on the sick list for a few days past.

Miss Maud Faulconer returned from Portland last Saturday night.

The Farmers' Institute will be held at this place March 14th and 15th.

The farmers hereabouts are improving this nice weather plowing, sowing, etc.

Mrs. S. Potter has been very sick for a few days, but is reported as being much better.

Miss Ada Potter returned last Thursday night from an extended visit with her sister at Astoria.

Walter Smith returned to Washington last Monday morning, after a visit with his parents at this place.

It is rumored that we are to have a creamery here this spring instead of the cheese factory. We hope it is true.

Our milliners are getting ready for the opening of their spring stock of goods. If this weather continues one will begin to think of spring hats.

Mrs. J. W. Cowsils is spending a few days with Sheridan friends. She will leave in a few days for Rosalia, Washington, to visit her sister, Mrs. Helen Burgess.

Last Saturday evening just as the Masonic lodge had dismissed and the brethren had started down stairs, they were met by a band of Eastern Star ladies with well filled baskets who invited them to return to the lodge room, where a nice supper was spread and everyone enjoyed themselves.

Cook School Notes.

To the Editor: We notice in the Reporter an article written by C. C. Murton in which he asks the question: "Has the day come when the story of the little hatchet shall no longer be taught, and shall our children not be taught to reverence the day on which the father of our country was born?" As for the Cook school we can say that patriotism is not dead. True the flag was not flying from the pole on Washington's birthday for the reason that the rope had rotted away during the summer, and the pole is too small to be climbed and is so fastened that a part of the roofing will have to be taken up before the pole can be taken down.

To have a flag flying from the roof is not all that is patriotism; although we think there is no more beautiful sight than an American flag flying from the top of a well-kept school house. Each room in our building has a flag on the wall and has made a special effort to teach the lessons from the lives of the greatest of Americans. All of the rooms have had stencil portraits of both Lincoln and Washington; their biographies have been read; their mottoes have been put on the board and made the material for language work. Every pupil in the school knows a flag salute, and is taught to see in the flag some of the heroism and fortitude for which it stands. We have made a conscientious effort not only to teach the little hatchet story, but also to teach that the absolute honesty, the energy, and the patriotism, that enabled Washington and Lincoln to enshrine themselves in the hearts of Americans for all time is a requisite of every citizen. We cordially invite visitors to come and see what we are doing.

Remarkable Cures of Rheumatism

From the Vindicator, Rutherfordton, N. C.
The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's pain balm twice with the most remarkable results in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of pain balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in this joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up free from pain. For sale by Howarth.
