If, according to the old saying, "A cold April the barn will fill," is literally true, the barns of the Willamette valley ought to overflow this year. While the past month has not been really cold, in an eastern sense, it has been frosty and the usual warm rains have been lacking up to the last week. In consequence the strawberries and other tender crops will be about two weeks later than usual.

A new postoffice ruling has gone into effect imposing a fine of \$200 or one year imprisonment on anyone who carelessly or otherwise takes mail not belonging to them from the office and fails to return it immediately. This applies to newspapers as well as letters and other valuable mail. People when taking mail from the office should examine it before they leave the building. It will only take a moment and save a great deal of trouble.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's colic, cholera and diarrhoea remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by Howorth & Co.

### Paloma Schramm Concert.

Wednesday evening at the college chapel little Paloma Schramm, the famous child pianist, assisted by her little sister and her only pupil, Karla, so small of stature that she can scarcely climb to the top of the piano stool, appeared in a concert for the benefit of McMinnville college. As usual when anything of merit appears, there was a light attendance. But, as those who witnessed the performance of the little wonders can testify, it was a real musical treat. Following was the program:

|             |       |                              |
|-------------|-------|------------------------------|
| Schubert    | ..... | Variationen                  |
| Chopin      | ..... | Impromptu Op. 29             |
| Chopin      | ..... | Nocturne Op. 9, No. 2        |
| Moskowski   | ..... | Walse Brillante              |
| Delibes     | ..... | Pizzicati from Sylvia        |
| Karla       | ..... | Two Sisters Op. 4            |
| Durand      | ..... | Concert Valse                |
| Mendelssohn | ..... | Spring Song                  |
| Paloma      | ..... | Caprice Op. 31               |
| Paloma      | ..... | Pastorale Op. 21             |
| Godard      | ..... | Mazurka No. 2                |
| Rubenstein  | ..... | Romance Op. 44               |
| Grief       | ..... | Butterfly                    |
| Yradier     | ..... | La Paloma                    |
| Verdi       | ..... | Duett from Il Travatore      |
| Paloma      | ..... | Duett "Battle of the Giants" |

In addition to this Paloma improvised a number from a theme containing three or four of the first bars, which was submitted to her by one of the college pupils. In the famous Pastorale, Paloma gives musical expression to a certain beautiful picture of old-time shepherd life in Europe. The tinkling of the many little bells worn by the animals, the shepherd's song and the enchanting scenic effects are beautifully interwoven.
