

Shoes Take a Tumble.

I am going to close out a few odd lines of shoes during the next ten days, and in order to do so without delay, I have put the prices right down. Ladies' heavy kangaroo calf button shoe dropped to \$1.19. Ladies' "Floral Queen," high top, regular \$3 shoe, will go for \$2.20. An odd line of ladies', tan, vesting top, a regular \$3 line, for \$2.20. Men's heavy lace, with extra heavy screw on sole for \$1.95. Men's heavy plow shoe with tap sole, \$1.35. Men's heavy oil-grain "Jackrabbit," regular \$2.50 shoe, will go for \$1.69. These are odd lines that I do not intend to carry any more and they must be closed out. Remember that I have a reputation of not advertising anything that I cannot live up to. When you see it in my ad it's so.

Oregon's Fruit Interests.
Geo. H. Lamberson, who has been selected secretary of the state board of horticulture, to serve during Secretary Dorsch's absence at the Buffalo exposition, speaking of the work to be performed by the board during the coming season says: "It is the intention of the board to do all in its power to induce fruitgrowers to market only perfect fruit. Any attempt to launch upon the markets fruits wormy and of inferior quality will be handled according to law. Inspectors will be appointed and kept in the field during the season and a sharp lookout will be kept for violators. Most dealers are anxious that inspection be made and will give their assistance. They will exercise unusual care in receiving fruit and will not accept anything that would not pass an inspection. This refers mainly to apples as other fruits are not subjected to fungus growth or insects. The practice will make growers more apt to protect their crops. Spraying will be suggested where orchards are infested and any information in this respect will be cheerfully furnished by the board. As an illustration of what proper spraying will do, I refer to the fruit farm of Olwell Bros., at Central Point, where 95 per cent of last year's crop was saved in an orchard of 160 acres. Dealers will be persuaded not to handle fruits other than that perfectly free from fungus and worm and with inspectors constantly on the alert, growers will find it hard work to peddle their fruit from house to house. By incessantly keeping up this system satisfactory results are certain to follow and growers will have occasion to rejoice as well as the consumers. Better prices will be obtainable and the buyer will have value received for his money. Members of the board will inspect the fruits in their respective districts."

Beware of a Cough.
A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as this cough appears are easily cured. Chamberlain's cough remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by Howorth & Co.

Planning a Rhododendron Excursion.
The beautiful weather we are now having is productive of spring fever, and our people, watching the swelling buds, many of which have burst into blossoms and leaves, are asking when the most beautiful of Oregon's wild flowers, the rhododendron, will bloom again. To get this information we were obliged to call at the Corvallis & Eastern railroad office. Rhododendrons attain perfection at Newport and Nye Creek between the 10th and 20th of May, depending on the weather. Usually the C. & E. runs a Sunday excursion which inaugurates the seaside season at the coast. Mr. Stone, manager of the C. & E., informs us that one-day excursions to the bay will be generally discontinued this year, but that on Saturday, May 11th, or a week later, May 18th, owing to the advancement of the flowers, the company will make a low rate, good for Saturday, Sunday and Monday. This will give passengers all of Sunday on the beach or gathering all they can carry of Nature's most beautiful flowers, which nowhere flourish as at Yaquina bay.

Remains Still in Alaska.
A recent copy of the Skagway News says: "The remains of six people who died in the Klondike lie at the parlors of Undertaker Green awaiting shipment to the outside when navigation opens. The bodies comprise all that is mortal of Chas. Wm. Watts, newspaper man of Albany, Or., Starling B. Riggins, of San Francisco; Elmer A. Poff, of Iowa; Frank Belcher, of Iowa; Miss Kasa Yamaychi, for Japan, and little Flora Amy May Montague Marsden, who died this week, for British Columbia. All have been embalmed and are to be sent to the various places mentioned in connection with their names, for interment. The body of Mr. Watts has been here a year this month. He died of pneumonia. It was expected his wife would have the body taken out last summer, but did not, and it has been held ever since the death without burial. Mrs. Watts received \$2000 as insurance on the life of her husband from the Woodmen. Just why she has not sent for the body is not known, but negotiations have been held with the Woodmen looking to some scheme for getting the body back to its former home. The remains of Miss Yamaychi are to be sent first to San Francisco for cremation, and the ashes are to be forwarded thence to her native land. She is said to have left an estate of \$18,000. Frank Belcher was the richest man of the several whose bodies are held to be sent out. His estate is estimated at between \$500,000 and \$900,000. Friends and relatives of eight or ten other persons who were buried here are thinking of having the bodies exhumed and sent to their former homes this summer. The Eugene Guard in commenting on the item concerning the statement that the remains had not been interred says: 'J. D. Matlock of this city, who was a partner in business with Mr. Watts, tells the Guard that this is absolutely untrue. Mr. Matlock was in Dawson at the time of Mr. Watts' death and says that he was given a decent burial by his friends immediately after his death. He died from pneumonia and during his illness had the best of care and attention. The body being held in the Dawson City morgue is that of some other man, as Mr. Matlock is positive that Mr. Watts was buried.'

Thousands Have Kidney Trouble and Don't Know It.
How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. Pullman Ordinary Sleepers.
The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman company has issued from its shops what is technically called the "Pullman ordinary sleeper." These cars appear similar to the regular sleepers, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making tea and coffee and doing "light housekeeping" and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean and look after the wants and comforts of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman ordinary sleepers." The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first-class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. CRAIG, G. P. A., O. R. & N. Co., Portland, Oregon.

Thousands Have Kidney Trouble and Don't Know It.
How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Swamp-Root Co., Binghamton, N. Y. Pullman Ordinary Sleepers.
The tourist travel between the east and the Pacific coast has reached enormous proportions in the last few years, and calls for a special class of equipment. To meet this demand the Pullman company has issued from its shops what is technically called the "Pullman ordinary sleeper." These cars appear similar to the regular sleepers, being built on the same plan, but not furnished with the same elegance. They are equipped with mattresses, blankets, sheets, pillows, pillow-cases, towels, combs, brushes, etc., requiring nothing of the kind to be furnished by the passenger. Each car has a stove for making tea and coffee and doing "light housekeeping" and each section can be fitted with an adjustable table. A uniformed porter accompanies each car, his business being to make up berths, keep the car clean and look after the wants and comforts of the passengers. In each of the trains which are dispatched daily from Portland by the O. R. & N. Co. is to be found one of these "Pullman ordinary sleepers." The car attached to the "Chicago-Portland Special" goes through to Chicago without change, and the one in the "Atlantic Express" runs to Kansas City without change. Passengers in this car for Chicago change to a similar car at Granger. Much of the first-class travel is being carried in these cars, the rates being lower, and the service nearly equal to that in the palace sleepers.

For rates and full information, including folders, write to A. L. CRAIG, G. P. A., O. R. & N. Co., Portland, Oregon.
