Harvesting clover has been pretty general during the past week. While some of the farmers are not realizing as heavy crops as they cut last year, many of them report as good a yield as in former years. John Berry tried a new strain of lettuce seed—the Pan-American—this spring, with pleasing success. The "pan" in the name of the variety evidently means that to let Yamhill soil and climate have a fair show the heads would soon fill a dishpan.

Monmouth had a disastrous fire on Sunday morning, which consumed six frame buildings, among them a store building owned by Mrs. M. E. Hendrick of this city. It was valued at \$600 and insured for \$300. The losses aggregate about \$5,000, with insurance of about half that amount. A defective fuse is supposed to have been the cause. A remonstrance is being circulated against the petition recently made to the Southern Pacific for a Sunday train on the west side. We are probably having our trouble for our pains. You can depend upon it that railroads figure to the fraction of a cent, and the moment such a train will prove profitable, it will be run. Otherwise not. Petitions count for little.

W. W. Nickell, the implement man, says the grain is looking fine with the exception of those fields which have spots of clay in them. Here the grain is looking yellow. He is a firm believer in subsoiling for Oregon, and says he meets a good many men in his business who do not know what subsoiling is. "Nick," like some of the rest of us, believes the main hope of the Oregon farmer for a market is the construction of the Nicaragua canal.

Conditions point to a big Fourth of July celebration for Sheridan. There will be the salute of a hundred guns at sunrise, and a brilliant display of fireworks in the evening. A ladies' shooting match and field drill by returned soldiers of the Philippines will be among the features of the day. An exchange tells of a lady who weighed a bushel of eggs, sixty-two and a half pounds—forty dozen, at ten cents per dozen, \$4 per bushel. Any kind of farm produce at \$4 per bushel would be considered a high price. In the spring the young lady's fancy turns to thoughts of a new organ or piano. Wm. Scott is supplying the demand all up and down the valley. Prices the lowest and payments easy. See him.

J. E. Brooks is constructing a substantial sidewalk in front of his premises on the street to the boat landing, and has cut away the old maples at the outer edge of the walk. The Southern Pacific has shipped in some iron posts for the purpose of constructing fencing about the depot grounds, to guard teams and stock from getting between the switches. J. W. Hobbs, deputy collector of customs, was in the city in his official capacity the fore part of the week. We don't wonder that people want to hold federal positions when we see how these officers enjoy life.—Tillamook Headlight.

A new fruit warehouse is to be built soon just east of the north end of the depot, by Drs. G. S. Wright and Calbreath and Goncher to accommodate their prune business. They went to eastern Oregon some weeks since with a view of locating, but returned with the firm conviction that Yamhill county has superior advantages to offer the farmer or the man engaging in any line of business. Don't fail to take advantage of this opportunity to visit your friends. Grand celebrations will be held at different points on our lines. C. H. Markham, general passenger agent, Southern Pacific Company.

The Atlas Milling Co. is making some decided improvements in their mill at this place. Oregon wheat has been growing longer of late years, and to meet the emergency Mr. Kratz is putting in a new dustless separator, and remodeling another by taking out the brush and putting in a steel scourer. The displaced separator will be used as an oats cleaner. As soon as the milling force gets the time, all of the buildings are to receive new paint.

McMinnville's representatives at the Buffalo exposition write back that they are having a better time than they ever dreamed of, and the cost of living is much less than they anticipated. Nicely furnished rooms can be rented at 50c per day, and a fair meal obtained for 15c. They have visited the Niagara falls, enjoyed a half-day's excursion on lake Erie, made excursion down the Mohawk valley, visited New York City, besides spending a day in Minneapolis and a day in Chicago on the way. But mark the prediction, they will come home declaring that these places are all right for sight-seeing, but as a place to live, give us old Yamhill every time.

Mrs. John Stallcup and son Fay returned home Tuesday after a three-weeks visit with her father at McMinnville. The merry-go-round man from McMinnville will probably bring his big steam machine in for the Fourth of July. It would be a jolly thing for the children and for their pleasure we hope to see it come. Charley Smith of the Yamhill toll road has a man at work putting the road in first-class condition for the summer travel. The late rains have been interfering with him somewhat, but he is losing no time and will soon have everything in good order.—Tillamook Herald.

When in a healthy condition is soft, glossy and silky, with a continuous growth. If, however, it is brittle, dry and harsh, with stunted growth, it is an indication that the scalp is dormant and does not furnish the hair bulbs with sufficient nourishment to produce healthy hair. If in this state our Quinine Hair Tonic should be used, it will correct the trouble by invigorating the scalp and stimulating the hair bulbs, thus securing the growth of soft, beautiful hair. 50 cents a bottle, prepared and sold only at ROGERS BROS.' PHARMACY, McMinnville, Oregon.

Did We Have a Good Picnic?  
 We Guess Yes!

The day was fine and the people anxious for a picnic, and they came, probably to the number of over 2000. The parade was formed as follows: Marshals, speakers, and guests in carriages, McMinnville band, Amity float and lodge, Carlton float and lodge, Chemawa band, McMinnville float and lodge, Maccabees. The representation of Workmen was large; but many members in the county were not present. At the grove Brother Mellinger of Dayton presided and the program opened with band music and singing the Workmen's opening ode. Prayer was offered by Rev. Feender. Miss Jennie Snyder sang "Queen of the May," and Edna Stratton of Carlton gave a recitation illustrating the difficulties of going to a picnic. A young lady from Dayton also gave a recitation, followed by a song "Talking in My Sleep," by Miss Snyder. Hon. Frank Davey, of Salem, one of the most enthusiastic and best posted members of the order, gave a splendid address, and his powerful voice was heard by all. He spoke of its being Workman day at the Buffalo exposition, of the \$71,000 paid in beneficiaries in this county by the order, admonished the brethren to pay cheerfully and promptly, spoke of the love of liberty being strengthened by lodge fraternity, explained the plan and showed how it reduced the average age from 42 to 37 years, and had added in the state 1966 new members in the last lodge year. The beneficiaries paid in the county had been as follows by thousands: Amity 8, Dayton 2, Lafayette 10, McMinnville 29, North Yamhill 6, Carlton 8, Newberg 8. Mrs. Ollie Stephens, grand chief of honor, spoke with pride of the sacred teachings and objects of the D. of H., and the fact that they had had but four assessments in 14 months. Grand Master Feeney was present and made a good speech, which brought cheers from the brethren. The band played and everybody ate dinner. Then came the series of races under the direction of Henry Fletcher. The pony race was won by Pat Kauffman, prize \$2.50. Foot race by John Sontser, an Indian, prize \$1.50. Fat man's race by C. J. Richards, prize \$1. The pie-eating contest was by four boys, viz., John Willis, Chester Gaunt, Harry White and Will Ferguson. They were elevated on a box with counter and hands tied behind back, and the first boy that swallowed his blackberry pie got a dollar. Willis won out, though it made the tears come. Gaunt was second. Boy's race was won by Earl Delashmunt, prize \$1. Orange races were won by Joe Brower's boy and a little girl for prizes of two dozen oranges each. The ball game between the Chemawas and McMinnville was interesting throughout, and resulted in a victory for the former by a score of 8 to 6. Most of the crowd witnessed the game, and enjoyed the music of the Chemawa band. A prize of \$7.50 was awarded to the McMinnville lodge for best float, \$5 to Carlton, second best, and \$2.50 to Amity. \$150 was raised in subscriptions, and \$30 in privileges. \$50 was expended in prizes.

Pen cannot write, tongue cannot tell, how very, very grateful we, as perfect strangers and without relations in the community, feel toward our many kind friends in showing such esteemed respect, christian love, true kindness and sympathy for us on the sad occasion of the death and burial of our beloved husband and father. We take this method of thanking you one and all, from the very depths of our hearts. We thank the faithful Endeavor and Sunday School workers who were so thoughtful as to prepare the grave so beautifully in white lining and natural ferns. Again, we thank you! We thank you! LIZZIE M. HAMILTON, FLOYD W. SIMS, LEROY J. SIMS.

Elder C. C. Poling and Rev. Bowersox came over to town on Tuesday afternoon from Dayton, where they had been holding a quarterly meeting. Rev. Poling went on to Dallas at night and will return here on next Saturday for quarterly meeting purposes. Mrs. H. E. Burns and son came up on Wednesday morning last from Beaverton to her half brother, Dr. J. W. Watts, who has not been well since he was struck by the railroad engine over three years, nine months ago. His brain was greatly injured, but he intends to live until the Master says "It is enough, come up higher." I have \$500 to loan on good security, one to five years time. L. ROOT.
