THE HAIR
When in healthy condition is soft, glossy and silky, with a continuous growth. If, however, it is brittle, dry and harsh, with stunted growth, it is an indication that the scalp is dormant and does not furnish the hair bulbs with sufficient nourishment to produce healthy hair. If in this state our Quinine Hair Tonic should be used, it will correct the trouble by invigorating the scalp and stimulating the hair bulbs, thus securing the growth of soft, beautiful hair, so cents a bottle, prepared and sold only at ROGERS BROS. PHARMACY, McMinnville, Oregon.

WELCOME THE COMMITTEE

Cumb. Presbyterian Pastor Resigned

The resignation of Rev. George W. Fender as pastor of the Cumb. Presbyterian church of this city has been tendered and accepted. He has received and accepted a call from the church at Walla Walla, and will make the change about

September 1st. With no reflection on the local church, this call means "come up higher" for the brother, both in salary and church membership, besides the privilege of residing in the second best town in eastern Washington. He is an excellent young man, worthy of the best there is going.

Bryan Gets Glad Hand From Tozier.

No one need have any fear that Bryan will run for president again. He has become a full-fledged newspaper man, and attends meetings of editorial associations. Albert Tozier telegraphs from Buffalo that on Saturday he had the pleasure, as president of the national editorial association, of receiving Mr. Bryan at press headquarters. That settles Bryan's political aspirations. When a man has been admitted to the guild of editors and into communion in their association, and realizes fully that he is one of "those," he is not likely ever after to hanker after the office of president.—Oregonian.
