Harrison Foster and son Charles were out on the Nescucca last week chasing deer and trout. They secured a goodly number of the latter, and saw two deer but were unable to secure them.

Wm. Campbell came home from Newport on Monday. Merle Nelson arrived back from Newport on Monday. Mrs. T. A. White and sister, Miss Ruffner, are visiting in Portland.

Lester Daniels of Walla Walla arrived home Monday for a brief visit with his parents. W. M. Johnson, the butcher, and his son returned Saturday from Netarts. He will not open his shop until he makes a tour of the sound country.

Miss Marie Yoeman will resign her position with C. C. Murton after the first week in September, and the place will be filled by Miss Mabel Neal. Miss Yoeman will go to Portland. P. P. Wright and family returned from Ocean Park the last of the week. Ples' mellifluous voice attuned to the busy whirr of the water motor is heard as the ice cream goes freezing merrily on.

Mr. and Mrs. Geo. Martin returned from their outing Saturday evening. The first week they spent at Newport, the second at Canby, and the third with the family of Mr. Martin's brother on the head waters of the north Molalla. William Morris of Dusty was in McMinnville the first three days of the week, and took a load of furniture home with him on Wednesday. Their house on Fifth street has been rented to Mr. Latourette, the new financial agent of the college.

Mrs. Anna Todd and daughter came over from Tillamook last week and will visit here and at Salem until the middle of September. Mrs. Todd is this week in Portland looking after the purchase of her fall and winter stock of millinery. P. M. Flynn met with a fall last week, while picking peaches in the orchard of Miles Hendrick. He fell from the tree and upon a ladder, and was bruised to the extent that he has since been kept at home and has suffered considerable pain.

J. E. Miller of Amity, the gentleman who last May bought 600 acres of the Thurman farm, was a pleasant caller on Monday, and cheered our till with the price of a year's subscription. He is a pleasant gentleman to meet and shows himself in love with certain features of Oregon. W. L. Hembree and Dr. W. J. Wisecarver were out on Testament creek and the Willamina during the thunder shower of Sunday night. They say there were bolts of thunder out there that made them think the eternal hills would either come together or go down into the sea.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort tried Chamberlain's colic, cholera and diarrhoea remedy. I am happy to say it gave immediate relief and a complete cure." For sale by Howorth & Co. Marion George brought to the Graphic office one day this week a sample of building stone taken from his place near Middleton. The rock is of a dark bluish color, with an average thickness of about four inches, and can easily be taken out with iron bars in slabs from six to eight feet square. Marion is of the opinion that the rock is of sufficient quantity for all kinds of building purposes, and declares his intention of quarrying some of it this fall for a trial.—Graphic.

The Oregon state fair at Salem, Sept. 23d to 28th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the stock exhibit, owing to the great and constantly increasing interest in dairying throughout the state. For this occasion the Southern Pacific Co. will make a rate of one fare for the round trip, from all its stations in Oregon, to Salem and return, and it is hoped that everyone who can do so will show his appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our state capital.

W. S. Link, cashier of the McMinnville National bank, came up to Sheridan Wednesday evening, and Thursday went out to his farm. The co-operative cheese factory of this city has just made a distribution of the dividends from the sale of cheese made in May. The dividend netted the farmers the neat little sum of 20 cents per pound for their butter-fat, while the best they could do in Portland markets under the co-operative system was 15 cents per pound. This difference of five cents per pound between the two systems is just like "getting money from home," and will go a long way toward making the old cow more comfortable this winter.—Sheridan Sun.

An Enraged populace. The sale of lands under the new law for taxes due from mortgagors, with very insufficient notice to land owners, came very near precipitating violence in Union county last week. The Observer says:

When word reached the people that homes and farms were being sold at Union by the sheriff, there was a wild rush from all parts of the county to the broad acres of fertile land and city lots in La Grande, upon which stood costly brick buildings, had been sold for trifling sums, and parcels of land and pleasant homes had been knocked down by the auctioneer in other parts of the county, the excitement reached white heat. No man felt certain that his property was not jeopardized and upon the auction block at Union. A thoroughly earnest and maddened multitude gathered at Union last Monday. Some were loquacious, others despondently sullen; staid citizens would denounce the whole proceedings as an outrage, while their hands would instinctively seek their hip pocket. A trivial inadvertence would have instantly converted the angry multitude into a furious mob. Men who have never seen a thoroughly aroused mass of American citizens fall to comprehend the volcano that was ready to burst within the habitually quiet town of Union, but those of wider experience comprehend that conditions were fast ripening for violence. A few men, among whom were Thos. McConnell, a large land owner, and J. M. Church, demanded a parley and stoppage of the sale until it could proceed under more satisfactory conditions. After a short parley, in which words, plain as the emergency demanded, were spoken, truce with the officials was concluded, whereby it was stipulated that no man's property would be sold until the list of property it was proposed to sell had been published in the newspapers of the county. Thus quieted, the crowd dispersed. It is now understood that the sales will be postponed from day to day, without sales, until such time as ample notice shall have been given the people.

Gopher. J. Buster of Sheridan was a Sunday caller at J. N. Groh's. On account of the rain Sunday night threshing was not resumed until Tuesday morning. Miss Minnie Fryer, lately of Sumpter, visited until Friday with her brother, M. Potter. She left Friday to join her husband who is at Carlton. Marion Murphy of Hillsboro was a visiting relative in the valley. He returned to McMinnville Saturday. The fires which have been raging in the mountains seem to have been put out by the late rain. It is a fine thing, as some who live in the mountains were compelled to fight fire to protect their homes and property.

Seven Days at Carnival. All the transportation lines in the northwest are arranging to give specially low rates to and from the Portland carnival, which runs from Sept. 18 to Oct. 19, and the excursion tickets will be good for 7 days. This is the longest limit ever given on such tickets, and will give people ample time to see all the sights connected with the great exposition. With two full military bands, a military tournament, a horse show, athletic sports, exhibits of mining, agriculture, horticulture and manufacturing, a full midway, fireworks and an array of amusement attractions, the carnival will be one of the greatest events of the season, and the admission fee is going to be only 25 cents, 10 cents for children.

There is a suspicion that lightning did not play all the havoc attributed to it at Willamina last Sunday night. It is said that Mr. Epperly had an enemy or two or three up there who would not only destroy his property but would, if possible, prevent his securing the insurance by claiming that the loss was due to the elements.

When the Hair Falls Out. accompanied by mucous patches in the mouth, eruptions on the skin, sore throat, copper colored spots, swollen glands, aching muscles and bones, the disease is making rapid headway, and far worse symptoms will follow unless the blood is promptly and effectually cleansed of this violent destructive poison. S. S. S. is the only safe and infallible cure for this disease, the only antidote for this specific poison. It cures the worst cases thoroughly and permanently.

My Condition Could Have Been No Worse. In the fall of 1897 I contracted blood poisoning. I tried three doctors, but their treatment did me no good; I was getting worse all the time; my hair came out, ulcers appeared in my throat and mouth, my body was almost covered with copper colored spots and itchy sores. I suffered severely from rheumatic pains in my shoulders and arms. My condition could have been no worse, only those afflicted as I was can understand my sufferings. I had about lost all hope of ever being well again when I decided to try S. S. S. but must confess I had little faith left in any medicine. After taking the third bottle I noticed a change in my condition. This was truly encouraging, and I determined to give S. S. S. a thorough trial. From that time on the improvement was rapid. I seemed to have a new lease of life. My disease completely under control; the sores and ulcers healed and I was soon free from all signs of the disorder. I have been strong and healthy ever since. A Minister's Good Work. "I had a severe attack of bilious colic, got a bottle of Chamberlain's colic, cholera and diarrhoea remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off so long that it was almost bloody flux. I asked him if he had tried Chamberlain's colic, cholera and diarrhoea remedy, and he said, 'No.' I went home and brought him my bottle and gave him one dose, told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured."
