

### He Noticed It.

Uncle Billy passed my side door the other day and was heard to say, "That fellow Murton seems to be doing a big business." Well, he had seen the truckloads of goods being dumped off at my back door from time to time and had noticed the continuous stream of customers going in and out my front and side doors and of course he knows that means business. The fact that my store is becoming one of the most popular trading places in town is fast becoming known. People like to trade where they always get a square deal and where they can bring their butter, eggs, chickens, etc., and get the highest market price for them. Keep your eye on me this fall; I will be right to the front.

C. C. MURTON.

## How To Gain Flesh

Persons have been known to gain a pound a day by taking an ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

## Scott's Emulsion

You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

Mrs. GROVER, Pres.

Miss Lola Kuns received a visit the past week from her friends, Misses Maggie and Mabel Blackford of Clatskanie, who are daughters of the editor of that town.

Mrs. Bird and daughter, Miss Mary, returned from a two-weeks' visit with relatives in Tillamook on Wednesday of last week. They report a delightful time. Tillamook is Mrs. Bird's girlhood home. After an absence of sixteen years she noted many changes, and was very much pleased with that pretty valley by the sea.

Mrs. H. Z. Foster of this city enjoyed a visit from her uncles and aunts lately, John La Follette and wife of Blakesburg, Iowa, Jeremiah La Follette and wife of St. Joseph, Mo., and D. H. La Follette and wife of McMinnville. They had been to visit Capt. Charles La Follette of Sheridan, who is their brother. The oldest brother is 78, the youngest of the four is 68, and they had not met for 53 years. They are much pleased with Oregon and will remain until after the state fair.

An item in The Reporter last week stated as a rumor that the loss of Mr. Epperly's mill at Willamina might have been due to incendiarism. In an interview with that gentleman this week he states frankly that he has no suspicions against any one, and simply looks upon his loss as without cause known to him, and says he would be loath to believe anyone in or about Willamina would purposely do him such an injury. It is his present intention to rebuild the mill, and thus repair as far as possible the loss to the community.

A Yamhill farmer wanted to sell his prunes to J. W. Hobbs the other day. Hobbs wasn't buying prunes and told him so. "Well, you're going to dry, ain't you?" said the farmer. "Now look-a-here," said Hobbs, "I'm not going to stand this any longer. You're taking me for Doc Wright, and if this is not stopped somebody's going to get licked. If you'll go and apologize to Doc Wright, it'll be alright with me." And now Wright is demanding that Hobbs apologize.

John Kuns returned last week from a visit since the 12th of June in Canada, Michigan and Iowa, at places of his former residence where he had not been from 18 to 25 years. He reports that his old friends treated him fine, and that many changes were observed in the country, log cabins being replaced by stately mansions, and farmers who were penniless now possess independent fortunes. Old Iowa, in the vicinity of Des Moines, was still in the throes of the drouth, her potato crop being like small marbles, and imported potatoes selling at \$1.50 per bushel. About the only crop that seemed to survive the ravages of the heat was tomatoes, which were doing fairly well.

C. H. Markham, the retiring general freight and passenger agent of the Southern Pacific, was surprised by a number of the employees in the department over which he has presided for four years, coming in upon him with a handsome gift in the form of gold cuff buttons, on Saturday just previous to his departure for San Francisco. Every man in the department participated. We believe the regret will be general in Oregon at the departure of Mr. Markham from the state. Unlike many railroad officials, he gets out of the pedestal of stern dignity and down where he can investigate the needs and demands of individuals and communities, and the result has been that in many features of his traffic management there have been innovations never before enjoyed by Oregon. May his successor be as liberal.

The Oregon state fair at Salem, Sept. 23d to 28th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the stock exhibit, owing to the great and constantly increasing interest in dairying throughout the state. For this occasion the Southern Pacific Co. will make a rate of one fare for the round trip, from all its stations in Oregon, to Salem and return, and it is hoped that everyone who can do so will show his appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our state capital.

Seven Days at Carnival.

All the transportation lines in the northwest are arranging to give specially low rates to and from the Portland carnival, which runs from Sept. 18 to Oct. 19, and the excursion tickets will be good for 7 days. This is the longest limit ever given on such tickets, and will give people ample time to see all the sights connected with the great exposition. With two full military bands, a military tournament, a horse show, athletic sports, exhibits of mining, agriculture, horticulture and manufacturing, a full midway, fireworks and an array of amusement attractions, the carnival will be one of the greatest events of the season, and the admission fee is going to be only 25 cents, 10 cents for children.

Laxative Bromo-Quinine Tablets cure a cold in one day. No cure, no pay. Price 25 cents.

### ELSEWHERE IN OREGON.

Engineers have been surveying for a line of railroad from Coos bay to Corvallis.

The Forest Grove Times plant has been sold to Walter Hoge & Co. of Lincoln, Neb.

The machinery for Hon. D. L. Key's flouring mill at Perrydale has arrived, and will be placed in the building at once.

Hillsboro has a citizen who is learning Greek at the age of 76 years. He has mastered 150 pages of his grammar since spring.

A Benton county man named Vanderpool shocked 17 acres of grain in one day. A few days later he died of brain fever, due to overwork in the hot sun.

The dry weather has reduced the yield of potatoes in Oregon, but there has been little loss from blight, and as the acreage is large and the price high, the potato crop will bring a large amount of money into the state.

Colonel Jackson of Philomath has produced a blue Leghorn chicken by crossing the old-fashioned Dominique and the brown Leghorn. By actual test they are found to outlay both the white and brown Leghorn.

One hundred head of mutton sheep are missing from the field of S. W. Jackson 3 miles northwest of Corvallis, and it is believed they were stolen. The case is almost identical with that of a few weeks ago in which 178 head were stolen from John Richard and never recovered.

It is expected that the southern Oregon district of the state will ship 275 carloads of apples during the present crop year, and the fruit will be first-class. The unusual demand for Oregon apples is created by the partial failure of the crop in the middle states and by the long season of drouth in Missouri.

O. L. Chapel, the oil expert came in Wednesday from the Holmes farm near McCoy, where he has been prospecting for coal. He exhibited some fine specimens that were taken from near the surface of the ground, and says that from all indications a fine lead will be opened up at a depth of 300 or 400 feet. The coal is of excellent quality. Mr. Chapel reports excellent success in securing subscriptions for stock in the oil company organized to bore a well on the Holmes farm, and it is expected that work will begin in a short time. People throughout the valley are very anxious to see the drill in motion, and are lending every possible encouragement to the enterprise.

Have you a sense of fullness in the region of your stomach after eating? If so you will be benefited by using Chamberlain's stomach and liver tablets. They also cure belching and sour stomach. They regulate the bowels too. Price, 25 cents. Sold by Howorth & Co.

The Union Missionary Society of this city met at the Presbyterian church on Tuesday afternoon, Aug. 27. A good program was given and the following officers elected for the ensuing year: President, Mrs. Barden; first vice president, Mrs. Grover; second vice president, Mrs. Gallentine; secretary, Mrs. Hamilton; treasurer, Mrs. Harding. A delightful social hour was enjoyed by all. This society has for its work the education and maintenance of the India fame girl, Umbia, who is in a school at Kaira Gugerat, and every woman interested in missions is cordially invited to help in this practical christian work.

The Chehalum Valley mills have already received an order for a carload of flour and it is the intention of the management to start up the new mill some time this coming week. Fred Vinton of West Chehalum, is credited with having hauled the biggest load of wheat of the season to the elevator. He drove up the other day with a single team having on his wagon a load of a fraction over eighty-seven bushels of wheat, weighing over two and one-third tons. For the first time Newberg was lighted by electricity last Friday evening. Some of the business houses had been connected up and the dynamo was started, and the lights turned on, everything proving entirely satisfactory. It had been the plan to start up for business next Saturday evening, but as the young electrician, Hartwig, injured his hand a few days ago and had to lay off a few days, and as the incandescent lights have been tardy in arriving, the plant will not start up for another week.

Phelps, editor of the Santiam News, a few days ago informed the Albany Herald that the mill is giving employment to 60 persons, and is running on this year's crop. The acreage in flax in the vicinity of Scio this season exceeded 3000. The mill pays \$15 per ton for long-fibre flax and \$2 per ton for short flax.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. ## BAD BLOOD, BAD COMPLEXION.

The skin is the seat of an almost endless variety of diseases. They are known by various names, but are all due to the same cause, acid and other poisons in the blood that irritate and interfere with the proper action of the skin.

To have a smooth, soft skin, free from all eruptions, the blood must be kept pure and healthy. The many preparations of arsenic and potash and the large number of face powders and lotions generally used in this class of diseases cover up for a short time, but cannot remove permanently the ugly blotches and the red, disfiguring pimples.

**Eternal vigilance is the price of a beautiful complexion** when such remedies are relied on.

Mr. H. T. Shobe, 2904 Lucas Avenue, St. Louis, Mo., says: "My daughter was afflicted for years with a disfiguring eruption on her face, which resisted all treatment. She was taken to two celebrated health springs, but received no benefit. Many medicines were prescribed, but without result, until we decided to try S. S. S., and by the time the first bottle was finished the eruption began to disappear. A dozen bottles cured her completely and left her skin perfectly smooth. She is now seventeen years old, and not a sign of the embarrassing disease has ever returned."

S. S. S. is a positive, unfailing cure for the worst forms of skin troubles. It is the greatest of all blood purifiers, and the only one guaranteed purely vegetable.

Bad blood makes bad complexions.

**SSS** purifies and invigorates the old and makes new, rich blood that nourishes the body and keeps the skin active and healthy and in proper condition to perform its part towards carrying off the impurities from the body.

If you have Eczema, Tetter, Acne, Salt Rheum, Psoriasis, or your skin is rough and pimply, send for our book on Blood and Skin Diseases and write our physicians about your case. No charge whatever for this service.
