

## AN INTENSE FEELING

In Army Circles Over Treachery at Samar.

PACIFICOS RESPONSIBLE FOR MASSACRE

Most of Them Had Taken Oath of Allegiance—Plan to Attack Garrison Has Been Unearthed—Officers Alert.

Manila, Oct. 8.—Major Morris C. Foote, of the Ninth United States Infantry, who has returned here from the Island of Samar, was in Balangiga the day before the disaster to Company C. He says that Capt. Connell had been fully warned and had taken what he (Major Foote) considered every necessary precaution. Information that a plot was brewing among the Filipinos came to Major Foote from a priest, who said that it was in the plans of the populace at Balangiga and Bases to attack the garrisons, and that the Bases garrison was to be attacked from a cock pit in the rear of the barracks. Orders were immediately given to demolish the cock pit, and extra guards were stationed.

There is intense feeling throughout the army because of the massacre, which would not be the case to any such extent had it been the work of ordinary insurgents. The latter might have been expected to commit such an outrage. Feeling is particularly intense in military circles because the authors of the massacre were pacificos, most of whom had taken the oath of allegiance, and many of whom, including the president of Balangiga, were actually holding office.

Some of the after effects are shown at many points, particularly at Baulan and Culoan, in the province of Batangas, and at Manila, where disaffection is manifesting itself, although it is not likely to be allowed to go far. On the other hand the officers and troops of all the garrisons throughout the archipelago feel that the disaster conveys a lesson to themselves of the necessity for increased vigilance.

Clash Between Authorities.

Much interest attaches to the case of Oakley Brooks, a military prisoner ordered to be deported. The supreme court recently issued a writ of habeas corpus directing the production of the prisoner, but the military authorities refused to produce him on the ground that the only tribunal having jurisdiction of a military prisoner is the Federal court. While the Philippine courts were established by the war powers of the president, the military authorities contend that they are to be regarded as provost courts until congress has acted.

The members of the supreme court and a majority of the members of the Philippine commission hold opposite views, but it is understood that the attorney general believes the military contention to be correct. Gen. Chaffee, discussing the matter today, said: "I am most desirous to sustain the civil courts in every possible way, but I feel that it would be very unwise, in the existing circumstances, to allow the civil courts to interfere in military affairs, as it is occasionally necessary for the military authorities to act in cases where it would be unwise in the interest of the government, to make public at the time the reasons for acting. Should the claim now made by the civil courts be allowed it would be disastrous to the influence of the army in the island."

### NOT A SHOT FIRED.

Hostile Armies on Colombian Frontier at "Shoulder Arms."

Caracas, Venezuela, Oct. 8.—An envoy of the Venezuelan government, who has just arrived at Maracaibo from the Colombian frontier, wires the correspondent of the Associated Press at Caracas as follows: "For two weeks prior to Oct. 3 the Venezuelan troops concentrated between San Cristobal and Cucutai, estimated at 8,000 men, had not discharged a single shot against the Colombians massed before them under the command of General Valencia, and estimated at 6,000. Both sides remained continually at 'shoulder arms.' The government of Venezuela, before attacking, awaits the answer of Colombia to the Venezuelan note. Three thousand Venezuelans are also massed at Guajira."

Japan Buys Australian Animals.

Berlin, Oct. 8.—The steamer Alesia, Captain Knuth, has arrived at Bremerhaven with 400 horses and mules in good condition. They are Australian animals and considered better than the American for military purposes.

Another Mission Destroyed.

London, Oct. 8.—"Another Basel Mission has been destroyed in the Hsing Ping district," says a dispatch from Hong Kong to the Times. "The movement is like the Boxers."

Postoffices in Alaska.

Washington, Oct. 8.—Two post-offices have been established in Alaska, to be supplied from Nome. One is at Deering with Wallace B. Smith as postmaster, and the other is at Shismore, with George I. Sargent as postmaster.

An office has also been established at Sharon, Bear Lake county, Idaho, with James C. Neibaur as postmaster.

## A MONTANA LYNCHING.

Masked Men Took a Brute Out of Jail and Hung Him to a Telegraph Pole.

Helena, Mont., Oct. 4.—James Edward Brady, the man who committed an unusually brutal assault upon 5-year-old Ida Pugsley, in Helena, was taken from the jail and hanged to a telegraph pole in the hay-market square, about three blocks from the jail. The crowd was orderly and after the man had been hanged quietly dispersed. There were about 200 men engaged in the affair, and they were all masked. They attacked the jail door with a battering ram and it soon yielded. On gaining admittance, they demanded the keys of the jailer at the point of a gun, and threatened that if he did not yield the man up they would kill him. The jailer then got the man out of his cell and he was given to the mob. When they first took him, Brady asked: "What is it gentlemen?"

The march to the hanging place was quiet. Brady was given a chance to say a word. He declared that they had the wrong man, although he had been positively identified by his victim and a score of other people who had seen him with the child. He also asked that some money that was due him from the Montana Central railroad be sent to a niece, and then he was pulled up. The end of the rope was tied to the pole and the crowd dispersed. Later Sheriff McConnell cut the body down and placed it in a coffin. There will be an investigation today.

### MORE LAND FOR SETTLERS.

Fort Hall Reservation Soon to Be Opened—Quinalt Reserve Will Be Next.

Washington, Oct. 4.—The interior department is rapidly completing plans for the opening of Fort Hall, Idaho, Indian reservation. The date for the opening has not been fixed, as the preliminary work has not been completed, but it is expected that the reservation, which contains 400,000 acres, will be thrown open to settlement within a few weeks. The Quinalt reservation in Washington, comprising 300,000 acres, will probably be thrown open to settlement next spring. The contract for surveying the reservation is about to be awarded. Commissioner Hermann, of the general land office, said today that it was probable the old "sooner" system would be adopted at the opening of both these reservations.

### MORE KLONDIKE GOLD.

Steamer Humboldt Brings the Second Largest Shipment of the Season.

Seattle, Oct. 4.—The steamer Humboldt arrived from Skagway today with 216 passengers and about \$1,000,000 in gold, half of it in care of the Alaska Express Company. It is the second largest shipment of the season from the Klondike. Among the passengers were well-known Klondike claim-owners, and Lieutenants Camding and Blake, of the revenue service. The Humboldt brings the news that Sept. 25, the first day on which the press dispatches reached Skagway from the States, was regarded as an epoch in Alaskan history. All the telegraphic news was strongly featured. The story is also told of a fabulously rich quartz strike in the Atlin district, assaying \$25,000 in gold to the ton.

### DESTRUCTIVE CONFLAGRATION.

Causes a Loss of Nearly Half a Million Dollars—Entire Business Section Threatened.

St. Louis, Oct. 4.—Fire that broke out at 10 a. m. in the plant of the Standard Milling company, on the river front at Alton, Ill., destroyed that and several other buildings, causing a loss of about \$400,000. A high wind blew the sparks broadcast, threatening the destruction of the business section of Alton, and St. Louis was appealed to for help. A special train carried two engines from here, and they, with the local department, got the fire under control at 1 o'clock.

Five Bluff Line freight cars loaded with wheat, the freight house of the Diamond Jo steamship line, and seven buildings of minor importance were also destroyed.

### Mission Burned By Boxers.

London, Oct. 4.—A cablegram to the Times from Hong Kong says the Basel Mission at Ping Tong, north ern Kwang Tung, has been burned by members of the Triad Society of Rebels. The missionaries escaped and have arrived at Kia Ying Chow.

London, Oct. 4.—"Thousands of rebels," says a dispatch to the Daily Mail from Hong Kong, "after sacking the German Mission at Ping Tong, attacked Hin Nan, a city near Cochin. They were repulsed, but they then attacked Shakma, where they were again repulsed. Two thousand Chinese troops have been sent to suppress them."

### Gold Commissioner Suspended.

Seattle, Oct. 4.—Dawson dispatches state that J. Langlois Bell, assistant gold commissioner for the Klondike district, has been suspended from office. No reason has been given for the change. Dufferin Patullo, chief clerk for the office, is taking his place for the time. Mr. Bell has been in Dawson holding this office for 18 months. It is stated his official affairs will be investigated.

## THE STRIKE IS OVER

San Francisco Longshoremen and Teamsters Again at Work.

RIGHTS OF UNIONISM ARE RECOGNIZED

Governor Gage Acted as Intermediary in Bringing About a Settlement—Machinists' Troubles Are Not Included.

San Francisco, Oct. 4.—The teamsters' and longshoremen's strike, which has been on for the past 10 weeks, was settled this afternoon. While the terms of the settlement have not been made public, it is understood that the draymen's association has guaranteed to fill all vacancies with union men. Non-union men now employed are to be retained. The association also guarantees the union men that the present schedule of wages, hours and overtime is to be maintained for one year. It is also said to be stipulated that teamsters are to obey all orders relating to the disposition of freight. The draymen's association alleges that the question of the recognition of unionism is provided for in the settlement and that it has won every point contended for.

The stipulation that present wages will be maintained for one year is considered a concession to the strikers. Governor Gage acted as an intermediary in bringing about a settlement of the controversy. When the news was made public this afternoon a wave of relief swept over the city. It is expected that a large number of men will return to work tomorrow.

The machinists' strike, which has been on since last May, is not included in the settlement.

### TERMS OF THE SETTLEMENT.

Schedule of Wages and Hours Shall Be in Force for a Year.

San Francisco, Oct. 4.—The terms of the strike settlement are substantially as follows: The draymen's association, through its executive committee, guarantees that the wages, hours and over time schedule in force before the inception of the strike shall not be disturbed within a year; it agrees that former employees shall be reinstated as far as possible, but does not promise the discharge of efficient non-union men, and it agrees that there shall be no discrimination against union men. The City Front Federation and the Brotherhood of Teamsters agree that the teamsters' strike and the general sympathetic strike shall be declared off, and the men left free to return to work. Employees are to obey orders given by the employer in the regular course of business.

### BRUTALITY BY OFFICERS.

Jail Officials Accused of Having Horse-whipped and Maltreated Prisoners.

Seattle, Oct. 4.—Sensational developments are expected to result from charges filed against the police department by George W. Dickinson, general manager of the Seattle Electric Company. In the charges, which were filed with the city council, Mr. Dickinson alleges that his 17-year-old son was horsewhipped at the city jail, after having been arrested by Police Clerk Eason. Young Albert Dickinson had come to the jail to see if his two cousins, who had been arrested at the Grand Theatre, owing to some difficulty, were to be held or released. He, too, was then arrested, but no charge was held against him. He charges that Clerk Eason brutally horsewhipped him while he was being taken to a cell. Patrolman Leighton, the arresting officer of the two boys at the theatre, is also charged with wanton brutality. It is claimed he struck both boys, knocking one against the iron cell, rendering him unconscious, and perhaps inflicting permanent injury.

Mr. Dickinson demands a searching investigation, which will be granted. Both officers disclaim having used any brutal violence.

### Strike at Port Costa Will Continue.

Port Costa, Cal., Oct. 4.—President Luce, of the Warehousemen's union, arrived here today and notified the men that the strike was declared off, and that they could return to work. The employers say that they will take the men back, paying them 30 cents an hour for 10 hours' work. The men will not agree to this proposition. Under these conditions the stevedores will not be allowed to work through sympathy with the warehousemen. The settlement of the strike in San Francisco will not change the situation here, unless the employers agree to pay 30 cents for nine hours' work and 40 cents per hour for overtime.

### Grain Dealers' Association.

Des Moines, Ia., Oct. 4.—Fully 600 delegates from all parts of the country attended the open meeting of the sixth annual session of the National Grain Dealers' association in this city in the new auditorium, at 9 o'clock this morning. Governor Leslie M. Shaw, Mayor Hartenblower and L. A. Young, of the Cereal Club, welcomed the delegates. President B. A. Lockwood, of Des Moines, delivered his annual address.

## PRO-BOERS IN BERMUDA.

Aided Dutch Prisoners of War to Escape from the British Camps.

Hamilton, Bermuda, Oct. 3.—The pro-Boers in Bermuda are excelling themselves over the escape of some prisoners of war whom they made very effort to aid in their attempts to regain their freedom. Last Saturday night three men—a nephew of the late Commandant Joubert, Alfred Martin Joubert, and two brothers, named Indemar—made their escape from the prison at Darrell's Island and swam over to the Princess hotel, where they dressed themselves in clothing carried over, tied in bundles, on a plank. Then, making their way to a livery stable in Hamilton, they hired a trap and drove to the residence of Dr. Outerbridge, at Bailey's bay, and then retired to a place of concealment in the neighborhood. The search continued for two days and nights, soldiers, sailors, military and civilians taking part in it, before the men were captured. The affair has caused great excitement here, not merely because the men succeeded in making an escape, but because of the apparent exhibition of the pro-Boer spirit here.

### CABLE TO PHILIPPINES.

Proposed Scheme of John W. Mackay Is Discussed at a Cabinet Meeting.

Washington, Oct. 3.—Five of eight members of the cabinet were present at today's meeting. The principal subject discussed was that of a cable to Hawaii, Guam and the Philippines. A proposal has been made to lay a commercial cable from San Francisco to connect these islands, and the question under discussion was whether, under our peace treaty with Spain, the United States could authorize or in any way encourage the laying of such a cable by private persons. The question now at issue is whether permission to land the proposed cable at Manila or some other Philippine port would be a violation of the terms of the Paris treaty.

The attorney general will prepare a statement for the president covering all the questions involved.

### STRIKE ON SCRANTON ROAD.

Line Covering the Entire Lackawanna Valley Is Completely Tied Up.

Scranton, Pa., Oct. 3.—The strike of the employees of the Scranton railroad company is now on, covering the entire Lackawanna Valley from Pittsburgh to Forest City. Not a car started. The men refused to accept the offer of Gen. Manager Stillman to leave the question involved in the discharge of the two Carbonate conductors to the arbitration of Bishop Hoban, or one of the priests of the diocese whom he might name, because the offer did not give the employees the representation they demanded. Nearly 600 men are involved in the strike. Besides the reinstatement of the men discharged, the men demand the forming of a new agreement in place of the one they claim has been violated by the company, and a uniform scale of 20 cents per hour.

### Defeat of Invaders Confirmed.

Colon, Oct. 3.—Arrivals here from the coast bring no news from Rio Hacha, but they confirm the news previously cabled to the Associated Press of the defeat of the Venezuelan invaders at the peninsula of Goajira by Colombian troops, unassisted by Venezuelan invaders. Several guns, some mitrailleuses and rifles and a large quantity of ammunition were captured. After this defeat, the Indians who inhabited Goajira captured the returning Venezuelans, among the prisoners being three Venezuelan rebel chiefs. The invaders lost many killed. General Orbis, who formerly served under General Alban, was also killed.

### Costa Rica's Neutrality.

Washington, Oct. 2.—Referring to news in regard to the Colombian revolution in which it is said that the liberal party has organized in San Jose, Costa Rica, for the purpose of carrying on the revolution now in progress in Colombia, the Costa Rican minister states that his government has observed and will strictly observe the laws of neutrality.

### Oil in the Kitchen Stove.

Pittsburg, Oct. 3.—As a result of using oil to hurry along the kitchen fire, Mrs. Barbara Sturgent is dead, her husband and their son are dying, and two other children are very badly burned. The Sturgents lived in a tenement house. The building caught fire and other families had to be rescued by firemen.

### Textile Workers May Strike.

Fall River, Mass., Oct. 3.—At a meeting here today of the textile council at which every union in this city was represented it was unanimously agreed to order a strike effective October 7 if the manufacturers refused to grant the 5 per cent increase in wages demanded recently.

### Disorders in Yangtze Province.

London, Oct. 3.—"Disorders have arisen in the Yangtze province, owing to the ravages of the floods and the diversion of the relief funds by corrupt officials," says the Shanghai correspondent of the Standard. "These threaten to culminate in rebellion. The situation is very grave and the local authorities have been ordered to raise troops and place the districts in a state of defense."
