All Brand New Goods Direct from the Factory. Everything bought for the Fall Trade. Not a piece of Old Goods in the House.

To Be Closed Out at Wholesale Prices,

Sale Commencing SATURDAY, OCT. 12, 1901

THE REASON for the above Important Sale is owing to several Important Changes in the Firm; and another reason is that we have to prepare for Very Extensive Alterations in Our Store. As we are going to discontinue our second-floor department on account of being too hard for our help and our customers climbing up the stairway, and being out of our reach to look after business up stairs, therefore, we have decided to build on an addition on the back of our Store Room, and as several of our main brick walls will have to be torn down, and goods will have to be carried from one place to another for the proper care, so as to avoid dust and dirt, therefore, we have concluded to take our profits off from the goods and close out our entire stock at Actual First Cost. Everybody knows that

When Jacobson & Co. Advertise a Big Sale, everything is Honest Facts, and when we say "Cut Prices,"

DOWN THEY GO

We are not preparing to gobble up all the money and jump the town, or sell Cotton Goods for All Wool, or Paper Shoes for Genuine Leather. No, indeed, as our reputation stands too high in this community. The fact of the matter is, we are preparing for more accommodating quarters.
