## A Timely Question

Is always facing you when you cease to have the correct time.

You can best answer the question by bringing your watch to us for repairs, or, better still, buying from us an elegant new watch.

Wm. F. Dielschneider & Bro., McMinnville's Reliable Jewelers.

Another of the laws of the legislature has been declared unconstitutional. It is the law which provides for sale, 1st of July of each year, of property bid in by the counties at delinquent tax sale. In a number of the counties the terms of the law were not carried out by the county courts, and up to this time no sale has been had in them. In Multnomah the sale was stopped by injunction, and the cases are still pending in the courts. In some of the other counties the operation of the law was temporarily set aside pending a decision in the Multnomah litigation. In one of the counties a sale occurred under the law a week or two ago. The law was declared unconstitutional by Judge Aitken, of Union county. He held that the curative provision of the law was wholly without the terms of the title to the act, accordingly it was unconstitutional. The court also declared that it was beyond the power of the legislature to frame a law involving the principle contained in the said act. The law is an iniquitous one, and it should never have been passed.

**Nasal Catarrh** quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c. size; Trial size by mail, 10 cents. Test it and you are sure to continue the treatment.

**Announcement.** To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Prices including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

## ELSEWHERE IN OREGON.

Contract for erecting a new agricultural building at the Corvallis college has been awarded H. Snook of Salem at \$36,990.

Wallace McCammant, of Portland, is a candidate for congress to succeed Moody, and is beginning to set a few stakes in that direction.

Prof. Pernot has tried the experiment at Corvallis of saving refuse prunes and converting them into vinegar. The experiment was successful and should prove of benefit to farmers.

The Dalles has recently had eleven cases of diphtheria. Five of these cases have recovered and there are now six cases quarantined. One case, just outside the city limits, proved fatal. Claude Millikin, a boy of seven years, died of the disease.

Roy Woodcock, a student at the agricultural college, has prepared a valuable bulletin on the birds of Oregon, said to be the first complete list of Oregon birds published. The bulletin when published, will go into the hands of all the scientific men in the United States, as well as thousands of people in Oregon, and will at once give Mr. Woodcock reputation, and how much better this is for a student than being an expert football player.

Homer Davenport, the great cartoonist, left Saturday night for New York. He was accompanied by his sister, Miss Georgia Davenport, a practicing dentist, who will enter the office of a prominent dental surgeon in New York as an assistant. Next spring the entire family is expected to go to New York and will take up their residence on Homer's farm in New Jersey about 17 miles from Newark, where the artist resides. This is Homer's plan, who desires to have his relatives near him.

Oregon has added another laurel to its fame by taking the prize in the chair exhibit at the Pan-American exposition. R. Veal & Sons of Albany, had a display of Oregon made ash and maple chairs at Buffalo and have received notice that they were awarded a medal. This firm was unfortunate soon after receiving this good news to lose their factory by fire, originating in the varnishing room. A chair struck and broke an electric light. The glass fell in the varnish tank and ignited it.

## McMinnville Could Do This.

If assured that they would have a market, we believe the farmers of this vicinity would make a similar guarantee to the one the Jackson county farmers have been asked to make in regard to a cannery proposition. H. S. Sanford, secretary of the Ashland board of trade, lately received word from Mr. Judson, the industrial agent of the Southern Pacific company at Portland, to the effect that the guarantee offered by the vegetable farmers near Ashland, that they would put 300 acres or more in tomatoes and sell their product at \$8 per ton, had been received and would be submitted to Mr. Eccles of Salt Lake City, who had offered to build a cannery there with such a guarantee. Mr. Judson was of the opinion that the arrangement would prove satisfactory to Mr. Eccles; if not, that he thought there would be little difficulty in finding some one who would build a cannery under such a guarantee of a sure product.

## The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper.

## LAFAYETTE.

Mr. Belcher is improving slowly. Mrs. Emma Hembree is on the sick list this week.

It has turned quite cold after such a beautiful fall.

Mr. Green from the east is in the city visiting his parents.

Fred Derby of Sheridan was seen on our streets this week.

Mrs. M. M. Kimberlin has been on the sick list this week.

M. O. Lowsdale began to pick his apples last Monday.

Mrs. McIntire intends to ship her dried prunes Monday.

Fred Belcher of Portland is visiting his grandparents at this place.

Mr. G. B. Miller of Gervais, Marion Co., is visiting L. D. Kimberlin.

The Misses Rhinehart returned to Portland Monday morning, Oct. 28.

Mr. Sam Laman has moved into the house formerly occupied by W. W. Smith.

Ray Ferguson has moved into the house formerly occupied by O. B. Corportan.

Mrs. Lucretia Baker visited Mr. and Mrs. Ferguson over night, while on their way to Oregon City.

W. W. Smith has bought the property formerly occupied by Mr. Laman and moved in last Monday.

Rev. C. T. Hurd preached in Dayton Sunday evening, taking Rev. Bowersox's place while he went to Portland.

Jessie Baker, who is attending the McMinnville college, spent Sunday with her relatives and friends at this place.

Mrs. S. J. Kesterman, and two children, of Ida Grove, Iowa, are visiting her parents, Mr. and Mrs. Rhinehart.

Albert Dorris of Wasco county came down Wednesday to spend a few days with his grandmother, Mrs. C. E. Watts.

Mrs. C. E. Watts has returned home after a three weeks' visit with her granddaughter, Mrs. Caroline Shaw of Mill City.

## Oppose Experting The Books.

County Clerk Hall, Sheriff Durbin, Treasurer Downing and Recorder Roland, of Marion county, have filed a motion in the county court, asking that the court set aside its order employing Messrs Clark and Buchanan, of Portland to expert the county books. These officers allege in their motion that the action of the court was illegal, because not authorized by law; that the record was made irregularly, since it purports to have been made on Oct. 24, when it was in fact made on Oct. 25; that the order employing said experts was not made at a public session of the court, but was made at a secret meeting, at which Clark and Buchanan were present, but at which none of the officers affected were present; that the officers making this motion have kept direct accounts of their transactions, and have, by economy, got the county out of debt; that this employment of experts, at this time, is an unnecessary waste of public funds; that County Judge Scott is the only person actively engaged in the effort to employ the experts, and that he persists in his course in order to vent his spleen and ill-will against one of the officers making this motion, and that the officers are willing to have their books experted by competent and impartial residents of Marion county. The motion will not come up for hearing until the November term of the county court. In the meantime, the county officers will refuse to turn over their books to experts. They declare that the legality of Judge Scott's course will be tested in the circuit and supreme courts before they will permit the experts to proceed under the order. The contract with Clark & Buchanan calls for a salary of \$5 per day each. The matter now awaits a writ or review by Judge Boise, returnable Nov. 9th.

The citizens' meeting last Saturday night to name a city ticket to be voted for November 4th was well attended. Mayor Wortman and Marshal Neal were re-nominated by acclamation. The ballot for recorder stood, Thos. H. Rogers 45, C. F. Daniels 18, W. J. Loughery 4. Mr. Rogers was declared nominated. The three wards named candidates as follows: First ward, Wm. Arthur; second ward, Henry Gee; third ward, F. S. Harding. The first ward was the only one in which there was any contest. Hiram Baunsel received 11 votes to Arthur's 18, with five scattering. Prof. E. V. Littlefield served as chairman of the meeting, and Ira Nelson as secretary.

## Notice.

Parties indebted to the firm of R. Jacobson & Co. will please take notice that all accounts must be settled by Nov. 1 without fail, as prompt payment makes a person's credit good. R. JACOBSON & CO.

## Let Us Have a Cannery.

The people of McMinnville are confidently looking for the establishment of a cannery in this city the present winter in time for planting crops next spring to supply it. Messrs. Wm. Galloway, M. B. Hendrick and Elsie Wright are all doing a little figuring in that direction, and while no definite plans have matured, enough is known to warrant the hope on the part of every citizen that they may decide to launch the enterprise, and if they are in need of financial aid, public spirited citizens will certainly not be slow in extending the glad financial hand. One needs only to investigate the Dayton fruit dryer to learn of the benefit such an institution is to a town. If a cannery is not established in this city, Judge Galloway declares his intention of building a private one on his farm, to be operated in connection with his dryer. During his absence from McMinnville he has had opportunities for investigating the nature and profitability of the business, and has satisfied his own mind that it will pay good dividends. There is a short road to canonization for these three acceptable citizens if they will move out in this matter and make a pay roll here that will benefit every line of industry. Encourage the cannery idea.

## A Sermon For Women.

An evangelist named Oliver is holding a series of meetings in Corvallis. In a recent sermon he thus addressed himself to the women: "There are women who enter stores and ask to be shown an almost limitless variety of articles. They look over bolt after bolt of dress goods, and buy none of them. Samples enough to make a crazy quilt are cut off in answer to their requests. They may buy something or they may not. Possibly they buy thread if two spools can be had for a nickel. Later they go to Portland and buy what they want. Then they come back into the local store and ask the clerk why he is not a Christian."

You have heard of degenerates. Did you ever know of a more striking example than Czolgosz? As he took the electric chair he said to the witnesses: "I killed the president because he was an enemy to the people—the good working people." Doesn't this sound mightily like the New York Journal utterances? For overdrawn ideas of his own importance and for utter absence of moral sense, Czolgosz leads all history.

Prof. Rutherford, principal of the commercial department, will conduct a night school at the college on Monday, Wednesday and Friday evenings. Individual instruction given in penmanship, arithmetic, book-keeping, shorthand and typewriting. No classes.

At the last election of W. C. T. U. the officers elected to serve for the ensuing year were: president, Mrs. R. H. Grover; corresponding secretary, Mrs. Law; recording secretary, Mrs. Cook; treasurer, Miss Eborall. The subject for discussion at next meeting is, "Must the Child of the Drunkard Accept its Legacy?" All ladies are cordially invited. At M. E. church, Friday, 2:30 p. m.

With the increasing attendance at college there is increasing demand for a new walk out Grant street. To follow a warped and crooked-laid plank 10 inches wide on a dark night is not only difficult and exasperating but positively menacing. The attention of the city council is directed to the fact that damage suits are too easily possible in that quarter, and that city pride readily suggests that good sidewalks should be built and maintained to our leading educational institution from at least one direction. All the sidewalk the college has, has been built by itself. The B street approach is not within the city limits.

Married—In this city, Saturday, Oct. 26th, 1901, at 1 p. m., by Rev. Joseph Hoberg, at his residence, Mr. J. L. Morris and Miss Bertie Graves, both of Sheridan. Mr. Morris is the popular manager of D. L. Key's store at Sheridan, and Miss Graves is an estimable young lady from one of the best families of that little city. Mr. Morris had some fun with his neighbors by leaving home ostensibly on business of another character. He accompanied the editors of the Sheridan Sun to this city, joining Miss Graves and her mother and sister at their home between the two places. After the wedding the afternoon train was taken at this place for a brief visit on the sound and at Seattle.

## OBITUARY.

Mrs. Nancy Dawson, a pioneer of 1852, died at her home in this city early Saturday morning, Oct. 26th, after an illness of over a year. Mrs. Dawson was born in Kentucky, May 11, 1832; where she lived until 1848, when she was married to L. L. Rasch, of Missouri, and removed to the latter state. In the summer of 1852 she and her husband crossed the plains to Oregon, settling in Yamhill county. After a few years they removed to southern Oregon where Mr. Rasch died in 1861. There were seven children born to this union, five of whom are living—Mrs. Elizabeth Johnson of this city, Mrs. Mina Handley of San Francisco, Mrs. Nellie Burns of Morenci, Ariz., Mrs. Retta Powell of Monmouth, and T. L. Rasch of Eugene. Mrs. Rasch returned to Yamhill county in 1861, settling in McMinnville, where she married William Dawson in 1879. Three children were born to this union, none of whom survive. Mr. Dawson died in 1889. The funeral service was held on Sunday afternoon at the Christian church, conducted by the pastor, who preached from John 14:22—"I go to prepare a place for you." The services were largely attended.
