Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

WHO ARE THE COWARDS?

Brave men are those who have a "pull" With certain powers that be, And when the world is all at peace They proudly sail the sea.

Editor Reporter—Upon reading the findings of the court of inquiry, that sat to investigate the charges against Admiral Schley, my little boys plied me with a great many questions about it. They were very much interested and amused at my sarcastic answers. I have written out some of my answers in rhyme, thinking they might interest other boys. I hand them to you to look over. If you think they would be interesting enough to others to bear publishing in your paper, you may do so. I am very truly yours, MILT. RICHARDSON.

Father, we do not understand

From what the papers say;

Who was the hero of the fight

At Santiago bay?

The case is clear, I think, my lads,

Throughout the fight from first to last

The hero was not there.

Our brave commander who was sent

To battle up the bay,

On his good ship, best of the fleet,

Had cause to be away.

And when the "Dons" came out that day

To meet our ships, my sons,

They found a coward waiting there,

To face their blazing guns.

'Twas said his movements on the deck

Showed evident alarm,

And that he made the famous "loop"

To save himself from harm.

But after he had made the turn,

The prospect brightened then;

He seemed as eager for the fray

As did the other men.

The coward's ship plowed through the main

And when the task was done,

The Spanish fleet dismantled lay

Beneath the burning sun.

But father, was it cowardice

To strew their decks with gore,

And drive them in upon the beach

To sail the seas no more?

And was it cowardice to hark

To mere yelping crying,

And stop the cheers for victory

While vanquished foes were dying?

I know, my lads, he failed to please

The mighty "powers that be,"

And wide-spread censure followed him,

And that's enough for me.

I know he failed to understand

And strictly to obey,

Assuming in the course he took

He better knew than they.

But, father, we cannot forget

That it was also he

Who watched the battle, cheered the men,

And gained the victory.

Ah yes, my boys, a victory gained!

Where shall the laurel lay?

Don't ask us, father, for you know

We'd give it unto Schley.

Well, boys, a mighty change has come

In this progressive day,

The cowards fight the battles now,

The heroes stay away.

A Nice Compliment from a Competent Source.

The McMinnville Reporter is now in its 32d year. The Reporter is one of our highly valued exchanges, and contains much local news of interest to Polk county people. This is one of the papers that isn't worth much for lining pantry shelves after our man with the scissors gets through with it.—Polk Co. Observer.

Notice To Delinquents.

Notice is hereby given that the docket of city liens has been returned to the recorder of the city of McMinnville by the treasurer of said city, and that all assessments made and levied under ordinance No. 226 of said city, for sewer purposes, which have not been paid, are marked delinquent, and all persons owing assessments under said ordinance may pay the same to the recorder of the city of McMinnville, on or before the 4th day of January, A. D. 1902, after which time the collection of said assessments will be enforced by the marshal of said city and costs added thereto.

Given by order of the council of the city of McMinnville, made December 23, A. D. 1901. THOS. H. ROGERS, Recorder of the City of McMinnville.

Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa., "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. We Get The Boat. Some Other Things We Need and Can Have.

Board of Trade To Be Organized.

The little agitation last week serves well the purpose of showing what a well-organized board of trade might do to advance public interests. We are to have a steamboat on the river, with a regular agent, as announced in another column. The moment it was seen that the citizens meant business, and would have a boat, one came without solicitation, and came eagerly. Whether we will have the other boat or not, remains to be reported.

This paper calls special attention to the announcement of the firm of Jones & Adams in this issue. Their purpose is clearly stated. This lumber industry has been the principal agency for employment of men and distribution of wages in this city for years. The desire of the firm to so shape their business this new year as to build a large mill on the river which would be able to operate the year round, and cheapen lumber while keeping busy twelve months in the year, is a commendable one, and one which might be advanced and helped in many ways by business organization. With such a change logs could be floated down during the high water season, and the bugbear of hauling the finished product a distance of 17 miles would be obviated. Business would be created for both boats and railroad in shipping the lumber, and more men employed for a longer period than can be done now. They desire to sell the factory and clear up stock to render them financially able to make the change.

As spring advances every good citizen must desire the heretofore proposed cannery to be established by Messrs. Galloway and Hendrick. Organized effort will secure this. We must make another scrape of moss from our backs this spring. Slight movements of this kind in years passed have benefited us. Other towns are vying with each other (and even with us) in securing industries which employ people and attract investors, while creating markets for the products of agriculture.

To this end a public meeting is called to convene in the city hall on Monday evening, Jan. 13th, to organize a board of trade. Every citizen is invited to be present and participate. Remember the date and lend your presence.

Mrs. Mary A. Rogers, now spending the winter in Missouri, has purchased the half-block residence property of Mrs. Julia Johnson in this city, for a consideration of \$2,000. Mrs. Johnson will make her home with her daughter, Mrs. F. J. Martin, in Seattle. Mrs. Rogers will return to occupy the property next May.

Rev. J. Wood Stone and family arrived Thursday evening of last week from Hanford, Calif., and have located in the McKinney residence on north E street. Mr. Stone begins his pastoral services for the Cumb. Presbyterians regularly with the opening of the new year. He occupied the pulpit Sunday morning and received a new member into the church as a favorable beginning.

THE SHIN WARMERS.

Old Blue dozed and purred in the arm chair and the Shin Warmers filed in, one and two at a time. When the meeting warmed up, the fat man with a revenue disposition said: "How are they gittin' along with the steamboat business?"

"Hit'll go all right," said the self-owned hardware man.

"If the gov'ment owned the railroad," said the socialist, "we'd get our freight at cost and—" but the druggist thrust the poker into the stove with much violence, and whistled and banged around until the subject was changed.

"Don't hear anything more about the cannery lately," said the retired groceryman who is waiting for an office.

"Waitin' for Galloway to come home, I guess," surmised the surveyor, who was a mayor. "That's right," said the hustling attorney with the stick under his arm, "that's right, that's right, that's right."

"My cow blowed off the bridge the other night and strained her milk," spoke up the farmer with the hard front name. "Well, I'll be jowzizzled," said the judge; that's an old gag, what about that cannery, anyway?"

"Where do they propose to put the cannery, on the railroad or on the river?" asked the pale-faced express office editor.

"Who'd put money into a cannery in this town, I'd like to know?" asked the moss faced cynic in a tone of sarcasm.

"This is a good town for a cannery," said the shepherd boy. "It is within three hours of ships that will take its products to any of the markets of the world. The cannery is all right if you can get it into the trust if you will put up only A 1 goods."

The meeting quit, and Old Blue climbed back into the chair, singing, "Where Is My Boy Tonight?"

A CHANGE IN BUSINESS.

We desire to give McMinnville and vicinity a better service in the line of building materials. What we need is a mill nearer our city, and better yet, a mill situated in our fair, growing city, where Lumber, etc., can be made the year round, giving employment to a larger number of men, supplying material during winter months, and above all keeping our money at home and distributing it among our business men and employes, instead of sending it away to build up other communities to our loss.

By careful investigation we have been able to locate

A Large Body of Excellent Timber

consisting of White and Yellow Fir, Cedar and Hardwood. This body of Timber is available to our city, but will require a large amount of capital to handle the enterprise, and if we can reduce our stock sufficiently to get the required capital, we will be able to give our patrons the benefit of the saving in the long haul from our present mill, which means a saving of at least \$2 a thousand on Lumber. To secure this capital, and to secure it quickly, we will commence

On January 10, 1902, A Sale Strictly For Cash

of our Entire Stock of Goods, consisting of Lumber, Sash and Doors, Mouldings, Paints, Oils, Glass, etc., etc. We have a large stock of strictly first-class Finishing Lumber under our sheds, and it will pay those contemplating building during the coming season to take advantage of this sale, and secure strictly first-class Dry Lumber at a price that will never be equaled again.

TO DEALERS who handle small stocks of Mouldings and Shop Work etc., here is a chance to secure your Spring Stock at a money-making price. Send in your list of goods wanted in this line, and let us quote you prices.

We have one of the largest stocks of Paint Brushes in the valley, and to Painters or Dealers this will afford an opportunity to lay in your season's stock of high-grade brushes at a little money. In fact, everything that we carry in stock will go at some figure. In addition to our stock of goods we will offer our

SASH AND DOOR FACTORY FOR SALE

Located in McMinnville. Also Four Head of Work Horses, Five Work Cattle, several Wagons, Harness, etc., etc. Come and make us an offer on same. No discount on any line of goods except for Spot Cash. All goods sold and entered on book, even for one day, will be entered at regular prices.

We have just added a Shingle Mill to our sawmill in the mountain, and Shingles will not be sold at a discount.

All amounts due must be settled at once. If not paid by February 1st, will be handed to an attorney for collection. If you desire to help us in this enterprise, come in and pay up and buy something for your Spring repairs.

Poultry Awards in the Local Show Dec. 23-25.

There were 30 entries and 235 birds. The attendance was good, considering the holiday season. The secretary reports that C. H. Fleming's beautiful White Wyandottes as a pen, which included 1 male and 3 female birds, scored 189½, which was very closely followed by Jacobs & Perkins' elegant Black Langshans which scored 188½ and a second pen 186½. L. D. Mulkey won on pen of barred Plymouth-Rocks, score, 185½, a second pen 183½. J. L. Hoskins' pen of Minorcas carried first honors in that class, scoring 185½. C. F. Butler of Newberg first on pen of white Plymouth Rocks, 184½, and Mrs. Morgareidge first on pen of White Leghorn with a score of 181½. The added score on C. H. Fleming's four highest, which composed his pen, was 377½, while that of Jacobs & Perkins' pen was 378½, but according to the method of counting score on pen the former was first, his cockerel scoring 95 while the latter's scored 94.
