

CALIFORNIA STORM

High Winds Destroy Large Crops of Oranges.

CLOUDS OF SAND OBSCURE THE SIGHT

Fruit Blown From Trees—Whole Orchards Uprooted—Small Buildings Damaged—Trains Delayed.

Los Angeles, Dec. 30.—A wind storm of unusual force and destructiveness has raged today all over the southern part of California. The storm is what is locally known as a "Santa Ana," and carries with it fine dust from the desert to the east that fills the air and obscures the vision at distances more than a few hundred yards. Advice from surrounding towns report much damage wrought by the wind to oranges, and some damage to small buildings. Railroad traffic is delayed, and in some instances entirely obstructed. The storm is heaviest in the vicinity of Colton and Pomona, between which places three passenger trains on the main line of the Southern Pacific are stalled, owing to sand piling upon the track to the depth of two feet in places, and resisting all efforts to keep the tracks clear.

Reports from Riverside, the heart of the great orange region, 60 miles east of Los Angeles, state that immense damage has resulted from the high wind. Oranges have been blown from the trees, and in some instances the trees themselves went down before the force of the storm. From all accounts the loss to orchardists will be in the neighborhood of 5,000 boxes.

At Redlands the storm was very severe, but the damage was not serious. Sand piled on the railroad tracks to the depth of three feet, and obstructed all traffic during the day. No through trains from Los Angeles have reached Redlands today. Telegraph and telephone wires have suffered to more or less extent throughout the storm area, and communication with many places is difficult to establish. The wind ceased at Redlands late in the afternoon, and a large force of men were put to work clearing the railroad tracks in order to release the delayed trains. At Rochester, 20 miles west of Redlands, the Southern Pacific eastbound train is tied up.

Colton seems to have been the very center of the disturbance, and the wind has done considerable damage to fruit and small buildings. Sand blocked the railroads, and no trains have moved in that vicinity since morning. The storm reached its height at 4 o'clock in the afternoon, and finally subsided after that hour. The Southern Pacific has been the worst sufferer in the matter of delayed trains. In many places it has been impossible to move a wheel. The Santa Fe also felt the effects, and, while greatly delayed, has managed to keep its trains moving.

The only inconvenience suffered in Los Angeles from the storm was due to the fine dust that filled the air and obscured the sight. Very little wind accompanied the dust storm here. To the south of here, however, the storm approached the intensity of a cyclone, and much damage is believed to have resulted.

FIGHT NEAR DAPDAP.

Particulars of the Recent Engagement in Samar—Seven Men Killed.

Washington, Dec. 30.—The war department has received a cablegram from General Chaffee, at Manila, giving an account of an engagement near Dapdap, Samar, in which company F. Ninth infantry, lost seven men killed and a number wounded. The cablegram is as follows:

"General H. Smith reports following: 'During scout near Dapdap, Samar, December 24, Captain Francis H. Schoeffel, with detachment of 18 men, company F, Ninth infantry, were attacked by large force of bolomen springing from thickets. Severe hand to hand fight ensued. Seven men killed, one wounded. No property lost. Enemy driven from the field; lost severely. Lang's detachment, Philippine scouts, arrived soon after, assisted caring for wounded and removing dead.'

Bad Fire in Portland.

Portland, Dec. 28.—Spontaneous combustion, starting at the foot of the waste chute in the Brown Family Hotel, 271½ Grand avenue, caused a \$28,000 fire yesterday afternoon. The building is insured for \$30,000, but very few of the families whose homes are burned out on the top floor carried a dollar of insurance. Heroic rescues by means of the fire escapes were made by a number of persons, who were heartily cheered for their bravery by the crowd. One man was badly burned about the face and hands while saving his mother's life, and he will probably carry the scars of his bravery with him for a long time.

Oil Refinery Burned.

Pittsburg, Dec. 30.—Fire broke out in Delinger Bros.' oil refinery this afternoon, and on account of the inflammable material the flames spread rapidly. The building was filled with barrels and tanks of oil and the heat caused many of them to explode. The burning oil ran down to the tracks of the Alleghany Valley Railroad and also to Jelly's foundry, and four three-story brick dwellings were consumed. One man lost his life.

SHAW HAS ACCEPTED.

Iowan Will Succeed Gage as Secretary of Treasury About January 20.

Washington, Dec. 27.—It was announced authoritatively this evening that Governor Leslie M. Shaw, of Iowa, will be appointed secretary of the treasury to succeed Secretary Lyman J. Gage. There will be no change in the office of secretary of agriculture, Secretary Wilson, also of Iowa, continuing to retain that portfolio.

The date of the transfer of the treasury department will depend on the mutual convenience of the outgoing and incoming secretaries. Mr. Gage having signified an entire willingness to remain at the head of his department until such time as it may be agreeable to his successor to take hold. It is supposed, however, that Mr. Shaw will be inducted into his new office some time in January. It has been known for two or three days that Governor Shaw was slated for appointment to succeed Secretary Gage, but it was not until today that the Iowa executive accepted the tender made to him.

The definite announcement of Governor Shaw's selection gave the greatest gratification to the Iowans resident here. They regard him as a man well equipped for the place and feel confident the appointment will give general satisfaction. Secretary Wilson voiced these sentiments when asked about Governor Shaw tonight, and he added that the governor is better known to the people east of the Mississippi river than any man in private life west of the Mississippi on questions of finance.

HOT FIGHT WITH BOERS.

Kitchener Sends Reports of Three Engagements in the Colonies.

London, Dec. 26.—Lord Kitchener, in a dispatch from Johannesburg sends reports of sharp fighting in the Orange River and Transvaal colonies. The engagements occurred at points widely apart. The casualties in the Orange River, so far as known, aggregate about 150, equally divided; but heavy British losses, the total of which have not yet been reported, occurred in the Transvaal. In this last mentioned fighting 200 mounted infantry in the neighborhood of Bejinderyn were divided into parties and were searching farms when they were attacked by 300 Boers and 40 armed natives, under commander Britz. The Boers charged determinedly in overwhelming numbers.

Lord Kitchener also reports that during General Dewet's attack on the British force commanded by Generals Dartnell and Campbell, at Langberg, December 18, the Boers charged bravely and fought desperately for several hours. Dewet was driven off with the loss of 20 men. The British had 12 casualties.

On December 20, M. Botha, with 800 Boers, surprised Colonel Damant's advance guard at Tafel-Kop, Orange River colony. The Boers rushed a kopje commanding the main body and the guns, but Damant rallied his men and drove the Boers from the kopje. The British casualties were heavy. Damant was dangerously wounded, two officers and 20 men were killed and three officers and 17 men were wounded. The Boers left six dead on the field and dispersed. The British pursued the enemy and captured a number of prisoners, including Commandant Keyter. Later the Boers, under a flag of truce, asked permission to remove their dead. They admitted having buried 27 men.

In the Eastern part of the Transvaal colony, Colonel McKenzie attacked Commandant Smith's force of Boers at Lake Banagher, December 20, killing six and capturing 16 of them. Commandant Smith escaped. A force of Boers during the night of December 19 attacked the British post at Eland Spruit, but were driven off, leaving eight men killed, including Commandant Kriz. Field Cornet Mahon, who was wounded, and three other wounded men, were left on the field. Other wounded Boers were carried off in blankets. The British casualties were seven men killed and six officers and 18 men wounded.

Prize Money for Schley.

Washington, Dec. 26.—The treasury department today drew a warrant in favor of Rear Admiral Schley for \$3,334, his share of the prize money due him for the destruction of the Spanish fleet at Santiago July 3, 1898.

Boer Prisoners of War Isolated.

Hamilton, Bermuda, Dec. 26.—The Boer prisoners of war landed on Hawkins island have been isolated, as several of them are suffering from a mild form of measles.

Negotiations Are Dragging.

Washington, Dec. 26.—The negotiations between the governments of the United States and Denmark, looking to the cession of the Danish West Indies, are dragging. No substantial progress has been made since last week. The latest suggestion from the Danish side is that the people of the islands shall determine by plebiscite whether they shall be ceded to the United States. The outcome of such a test cannot be foretold.

THE YEAR REVIEWED

SUMMARY OF THE IMPORTANT EVENTS OF 1901.

Year Witnesses the Deaths of Queen Victoria and President McKinley—Many Other Notables Pass Away—Disasters, Fires, Accidents, Strikes, Etc.

The year 1901, firstborn of the new century, is made memorable by the deaths of two of the best loved rulers the world has ever known. In its first month Victoria, England's good queen, breathed her last quietly and peacefully at one of her royal abodes. The forcible taking off of President William McKinley by the bullet of the misguided anarchist youth, Czolgosz, in September, is in harsh contrast with her serene passing, and is a sad commentary upon the laxity of our democracy, which favors the intimate contact of the chief executive with the general public and fails to provide adequate means for his physical protection. Many others of the great ones of earth—statesmen, authors, churchmen, musicians and business men—have also heard the last summons and responded thereto. The Boer-English war in South Africa has continued through the year, rather to the advantage of the latter, and the armed resistance of the Filipinos against the rule of the United States has been fruitfully in evidence.

There have been several mine and railway accidents, in which many lives have been destroyed. The number of destructive fires has also been quite large. The most important happenings of the year may be briefly summarized thus:

ARE YOU DEAF? ANY HEAD NOISES? ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full story of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, almost five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,
