

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The unpleasant after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Need Going After.

"Do you believe that all things come to him who waits?"
"No," replied the hustler, decisively. Pretty nearly everything that a man wants doesn't come to him who waits, but the things worth having come to him who gets up and humps himself. —Chicago News.

A Rap at Kipling.

A London writer, annoyed by having to search for the sense in Kipling's latest verses, declares that the "poem" seems to be "an attempt to translate four intelligible lines of prose into fourteen unintelligible lines of verse."

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed, you have a running ear, or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

How Many There Were.

"Oh, mamma!" exclaimed little Johnny, as he rushed into the house, "there are 200 dogs in our back yard."
"Are you sure that there are that many?" asked his mother.
"Well," replied Johnny, "there is our dog and another one, anyway."

Dealing in Mouse Whiskers.

The business done in mouse whiskers is considerable this year, for they are used in the making of the wonderful new fly for fishermen—the new gray gnat. And they are expensive—nearly two cents a whisker. Trout rise very much better at mouse whisker flies than at the same "gnat" dressed in jungle-cock hackles, which look very much like them.

A Lesson in Washing.

Pliny the Great could see things in front of his nose as well as afar off. "I notice that the women rub the washing in cold water," he wrote one day. "Let them heat the water, and the alkali in the soap will be freed and take far better effect." And only after that did women know how to wash.

Women in Tobacco Factories.

There are twenty tobacco factories in France—three in Paris and the others in the large cities. In 1899 they employed 17,184 hands, 15,732 of whom were women and girls. Besides these there are 714 persons employed as directors, overseers, foremen, etc.

A Lawyer's Witty Reply.

The Green Bag tells of a lawyer who was about to furnish a bill of costs. "I hope," said the client, who was a baker, "that you will make it as light as possible." "Ah," said the lawyer, "you might perhaps say that to the foreman of your establishment, but that is not the way I make my bread."

Goat Herds and No Forests.

Greece pays dearly for her goats. They are everywhere, and wherever they are young trees can not grow, says the Forest Leaves. The holm oak, for example, if left to itself attains a height of thirty or forty feet; but it is usually kept down by the goats to the dimensions of a shrub, at the top of which they continually gnaw.

Jungle Talk.

"Hello! Where are you going?" cried the lion as the fleet footed stag dashed by him.
"Oh, I'm just traveling for my health," panted the stag. "Why do you ask?"

Automatic Locomotive Stoker.

An automatic locomotive stoker has made its appearance on the Pan-handle and it bids fair to make the fireman's position a sinecure. Despite the fact that the contrivance is said to be proving a success, there is no talk of doing without the services of firemen, who will be expected to take more part in the running of the engines, provided the fuel is taken care of.

SISTERS OF CHARITY

Use Pe-ru-na for Coughs, Colds, Grip and Catarrh
A Congressman's Letter.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommend recently received from a Catholic institution in Detroit, Mich., reads as follows:

Detroit, Mich., Oct. 8, 1901.

Dr. S. B. Hartman, Columbus, Ohio:
Dear Sir—"The young girl who used the Peruna was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after farther use of the medicine we hope to be able to say she is entirely cured."

This young girl was under the care of the Sisters of Charity and used Peruna for catarrh of the throat, with good results, as the above letter testifies.

SISTERS OF CHARITY

All Over United States Use
Pe-ru-na for Catarrh.

From a Catholic institution in Ohio comes the following recommend from the Sister Superior:

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character. We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

SISTER SUPERIOR.

Dr. Hartman, one of the best known physicians and surgeons in the United States, was the first to formulate Peruna. It was through his genius and perseverance that it was introduced to the medical profession

of this country.

The following letter is from Congressman Meekison, of Napoleon, Ohio:

The Peruna Medicine Co., Columbus, O.

Gentlemen—"I have used several bottles of Peruna and feel greatly benefitted thereby from my catarrh of the head, and feel encouraged to believe that its continued use will fully eradicate a disease of 30 years' standing."

DAVID MEKISON.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
