NO. 4.

Kodol Dyspepsia Cure.

Digests what you eat.
It artificially digests the food and aids nature in strengthening and reconstructing the exhausted digestive organs. It is the latest discovered digestant and tonic. No other preparation can approach it in efficiency. It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastralgia, Cramps, and all other results of imperfect digestion.
Prepared by E. C. DeWitt & Co., Chicago.
ROGERS BROS.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.
Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At drug stores in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.

Nasal CATARRH

In all its stages.
Ely's Cream Balm
cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug stores or by mail; Trial Size, 10 cents.

Child Worth Millions.

"My child is worth millions to me," says Mrs. Mary Bird of Harrisburg, Pa. "yet I would have lost her by croup had I not purchased a bottle of One Minute Cough Cure." One Minute Cough Cure is sure cure for coughs, croup and throat and lung troubles. An absolutely safe cough cure which acts immediately. The youngest child can take it with entire safety. The little ones like the taste and remember how often it helped them. Every family should have a bottle of One Minute Cough Cure handy. At this season especially it may be needed suddenly. Rogers Bros.

John D. Rockefeller is the richest man in the world, and has an annual income of thirty million dollars. Still, he is an invalid and works in the fields every day in order to tire himself, and be able to sleep a little at night. He owns the finest horses but is unable to drive them; he owns the fleetest yachts, but is unable to sail them. He lives on crackers and skimmed milk, and is in constant misery. There are some things worse than being poor. John D. Rockefeller is really the poorest man in the world.

Mortgage Burning.

The debt which has hung over Pacific College so long has been paid and the mortgage which was held by David Scull, of Philadelphia, was surrendered to Pres. McGrew when he was in that city recently. A jubilee for the celebration of the payment of the debt will be held at the college on next Monday evening at 8 o'clock, when the mortgage will be burned. A short program will be given which will be of interest to all friends of the college. A cordial invitation is extended to the public to attend and assist in the celebration.—Newberg Graphic. Since Monday night Newberg has been singing the following song:
We've reached the point, I reckon, where we've got a right to rest,
An' loaf around, an' visit, wear our go-to-meetin' best,—
Neglectin' nothin' urgent, understand, about the place,
But simply slowin' down a bit, an' restin' in the race!
For we've always pulled together, while we saved an' scrimped an' prayed,
An' it seems there's more to work for since we got the mortgage paid.

Dayton is now assured of having a banking house in a short time. Men with sufficient capital to run a first-class banking business will open a bank early in the spring at the Fishburn corner.—Herald.

THE SHIN WARMERS.

"I understand they are going to organize a board of trade for this town soon," said the baldheaded lawyer with a red mustache.
"If the proceedings of this club is going to be reported every time, I think we had better organize the Shin Warmers and keep our own records," said the big doctor without a mustache.
"No," said the fat ex-sheeriff, "they might expert our books."
"The Shin Warmers can act as a steering committee for the board of trade," suggested the sheeneyfied assistant cashier.
"Wotinell could a board of trade do in this bum town, I'd like to know," sneered the moss-faced cynic.
"A board of trade in the hands of energetic men could advance the interests of this town very materially," said the reverend candidate for governor, "however, I don't want to be quoted as having said anything at this meeting."
"You have protested too late," said the shepherd boy. "You said the right thing and it should go on record. A good board of trade in the hands of energetic men and incorporated and clothed with power to act for the interests of the town could do more real good than anything else at the present time. It must not be an expensive concern and a burden to the people, or it will give no lasting benefits."
"Me bye, yere twitten' on facts, noo," said the highland doctor. "If its a boorthen to the payple ittle ba a detrimint."
The moss-faced cynic then made a distorted face at the stout member of the steamboat committee and tauntingly remarked, "Well, I guess your little steamboat scheme has been run into a hole."
"We get a steamboat just the same," replied the committee man.
"Y-e-a-s, in the interest of the railroad company," said mossface.

Encourage the Home Enterprise.

The discovery of petroleum at Whatcom, Wash., last week is a practical endorsement of the claims made by the originators of the company that proposes to find oil or coal in Yamhill county. The find at Whatcom is the first actual discovery of oil north of California. The discoverers there comprise only a portion of the companies that are operating or preparing for active work in Oregon and Washington, and they, with the others, were encouraged to prosecute the work of development by reason of existing geological conditions suggesting oil. The Whatcom find was made first because the company, backed by the liberality of the people, was enabled to sink a well before the other communities advanced that far. But this is only a starter, and other discoveries through this favorable geological area are sure to follow. Our own company, the Yamhill Coal & Oil Co., stands the same show of opening up a successful and valuable oil field right here at home. There is no reason why they should not do so if the people would only realize the importance of the undertaking and give their support that the work might be carried on without a stop when once the drilling machinery is placed in position.

CARLTON.

Dr. Coffeen is again on our streets, after a few months in the east.
Wm. Merchant went to Salem Monday to attend a series of lectures for farmers.
Miss Effie Smith has returned to her work in Portland, after a week's visit at home.
The young folks who were home from school for vacation have returned to their schools.
The grand receiver, Mrs. Randall visited our D. of H. lodge and installed our officers for us.
The Degree of Honor lodge installed the following officers last Tuesday: Past chief, Mrs. Cunningham; chief of honor, Mrs. Strong; lady of honor, Jennie Hudson; chief of ceremonies, Winnie Merchant; recorder, Mrs. Wall; financier, Ella Strong; receiver, Harry Pierce; usher, Jessie Findley; inside watch, Mrs. Nelson; outside watch, Mrs. Swanson.

NEWBERG.

N. E. Britt was with his family last Sunday.
J. W. Hobbs of McMinnville was in town Tuesday looking after things.
Miss Ella Nelson returned on Saturday from a week's visit in Portland.
Miss Nora Barret of Dayton spent last Saturday with Miss Florence Coffin.
Miss Mattie Harrison of Portland is visiting her brother, Mr. Ed Harrison.
Mrs. H. E. Satchwell is enjoying a visit from her sister, Mrs. N. Pugh, of Shedd.
Eli Seese and wife will move to McMinnville this week, where Mr. Seese will have charge of the Spaulding Co's. lumber yard.
The members of the Hoodoo club gave a unique party in the Masonic hall on New Year's night and a most jolly time was had.
Miss M. Evelyn Harley of Portland and Miss Hattie Wrage of Corvallis visited with their relatives in Newberg several days last week.
D. Brown and family moved to Dundee on Saturday, where Mr. Brown will teach the public school, Prof. C. Hodson having resigned, owing to falling health.
On Monday evening, as announced, a jubilee meeting was held at Pacific College to celebrate the emancipation from debt, as the debt is paid. Many good speeches were made, songs were sung, the mortgage was burned, bells were rung and a feeling of exultation was over the large audience that was present.

A CHANGE IN BUSINESS.

We desire to give McMinnville and vicinity a better service in the line of building materials. What we need is a mill nearer our city, and, better yet, a mill situated in our fair, growing city, where Lumber, etc., can be made the year round, giving employment to a larger number of men, supplying material during winter months, and above all keeping our money at home and distributing it among our business men and employes, instead of sending it away to build up other communities to our loss.

By careful investigation we have been able to locate

A Large Body of Excellent Timber

consisting of White and Yellow Fir, Cedar and Hardwood. This body of Timber is available to our city, but will require a large amount of capital to handle the enterprise, and if we can reduce our stock sufficiently to get the required capital, we will be able to give our patrons the benefit of the saving in the long haul from our present mill, which means a saving of at least \$2 a thousand on Lumber. To secure this capital, and to secure it quickly, we will commence

On January 10, 1902, A Sale Strictly For Cash

of our Entire Stock of Goods, consisting of Lumber, Sash and Doors, Mouldings, Paints, Oils, Glass, etc., etc. We have a large stock of strictly first-class Finishing Lumber under our sheds, and it will pay those contemplating building during the coming season to take advantage of this sale, and secure strictly first-class Dry Lumber at a price that will never be equaled again.

TO DEALERS who handle small stocks of Mouldings and Shop Work etc., here is a chance to secure your Spring Stock at a money-making price. Send in your list of goods wanted in this line, and let us quote you prices.

We have one of the largest stocks of Paint Brushes in the valley, and to Painters or Dealers this will afford an opportunity to lay in your season's stock of high-grade brushes at little money. In fact, everything that we carry in stock will go at some figure. In addition to our stock of goods we will offer out

SASH AND DOOR FACTORY FOR SALE

Located in McMinnville. Also Four Head of Work Horses, Five Work Cattle, several Wagons, Harness, etc., etc. Come and make us an offer on same. No discount on any line of goods except for Spot Cash. All goods sold and entered on book, even for one day, will be entered at regular prices.

We have just added a Shingle Mill to our sawmill in the mountains, and Shingles will not be sold at a discount.

All amounts due must be settled at once. If not paid by February 1st, will be handed to an attorney for collection. If you desire to help us in this enterprise, come in and pay up and buy something for your Spring repairs.
