

Scrofula

Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood.

It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in much cutaneous eruption or glandular swelling.

It is best to be sure that you are quite free from it, and for its complete eradication you can rely on

The Peruna Almanac.

The druggists have already been supplied with Peruna almanacs. There is sure to be a great demand for these almanacs on account of the articles on astrology which they contain. The subject of astrology is a very attractive one to most people. The articles on astrology in the Peruna almanac have been furnished by a very competent astrologist and the mental characteristics of each sign is given, constituting almost a complete horoscope. A list of lucky and unlucky days for each month is given. There will be a great rush for these books. Ask your druggist for one early before they are all gone.

A Floating Cobbler's Shop.

A floating cobbler's shop is one of the features of the Penobscot Bay Island Line, Capt. W. O. Cottle, in his sloop, Yankee Nation, going from place to place and giving attention to mending old shoes and boots, which the people may want for his coming. Capt. Cottle has a new dog as a companion to take the place of Jip, who was with him for many years.

Rheumatism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and healthy sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains cease.

Mrs. James Kell, of 207 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Rheumatism, I decided, almost in despair, to give this medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon thereafter had no use for them at all. S. S. S. has cured me sound and well. All the distressing pains have left me, my appetite has returned and I am happy to be again restored to perfect health."

SSS the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or minerals in it to disturb the digestion and lead to ruinous habits.

We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.

A WOMAN'S SUCCESS

AN INTERESTING STORY OF HOW SHE ATTAINED IT.

For a Long Time It Seemed That Good Fortune Would Not Come—An Apparent Trifle Brought It About.

As with many other women, fortune lingered a long while before coming to Mrs. Knowles. But finally a trifling occurrence brought it to her. Mrs. George M. Knowles lives at No. 16 North street, Portland, Me., and when a reporter visited her to learn the facts of the case, she said:

"For a year and a half I suffered tortures from rheumatism. When I arose in the morning or when I got up to walk after I had been sitting down for a while, my joints became stiff and I could not move easily as I did before the rheumatism set in. My feet ached and I could not walk without limping for some minutes after I started out. It was very painful and interfered a great deal with my household duties."

"How did you succeed in becoming cured?" asked the newspaper man.

"It was one of those apparently little things that brought it about," replied Mrs. Knowles, with a smile. "I had been suffering in this way for a year and a half when one day I happened to pick up the paper and to see an advertisement of Dr. Williams' Pink Pills for Pale People. I made up my mind to try them. When I had taken one box I felt better and after I had taken the pills for about two months all the pain was gone. This was a year ago, and the rheumatism has not troubled me since."

The above statement of Mrs. Knowles was sworn to at the reporter's request before Marshall H. Purinton, notary public, at Portland, and published in the Express, a reliable newspaper of that city.

Dr. Williams' Pink Pills for Pale People will not only cure cases similar to that of Mrs. Knowles, but, containing, as they do, all the elements necessary to give new life and richness to the blood and restore shattered nerves, they have proved efficacious in a wide range of diseases. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of grip, of fevers and of other acute diseases, palpitation of the heart, pale and sallow complexions and all forms of weakness, either in male or female. Dr. Williams' Pink Pills for Pale People are sold by all dealers or will be sent postpaid on receipt of price, fifty cents a box; six boxes, two dollars and fifty cents, by addressing Dr. Williams' Medicine Co., Schenectady, N. Y. Be sure and get the genuine; substitutes never cured anybody.

Old Philadelphia

DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness results. It is not the inflammation that can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; these cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free.

Local Option in Mississippi.

Few as the saloons are in Mississippi, they pay nearly one-third of the state's total income from privilege taxes. Mississippi is regarded as one of the most ultra of prohibition states, made so by the anti-saloon sentiment in a majority of the counties under the local option system. Fourteen of the counties pay the bulk of the \$150,000 received annually from this tax.

A TEST OF SOBRIETY.

Original Scheme Adopted for Gauging Capacity in Missouri.

Kansas has produced the magistrate who decides on a man's condition of sobriety, or the reverse, by making him walk a crack Cape Girardeau, Mo., has done better and produced a flight of stepping stones along which supposedly intoxicated persons must walk to insure their freedom from incarceration. "Coon Hollow" is a bit of low ground lying south of the Court House at Cape Girardeau. Beyond it live the poorer darkies and the less useful portions of the local population. The hollow is something of a sink hole, and in times of heavy rains becomes considerable of a morass. To the inhabitants of the transhollow region the stepping stones across have always been a source of trouble. They were so necessary that their removal has never been seriously considered, for without them any man who attempted to walk through the hollow in the mud would probably stick fast till help came. Even with them there enough of the inhabitants fall off in

The Stepping Stones to Freedom.

the mud and have only the stones to cling to for safety.

Charlie Armagard is town marshal of Cape Girardeau. He has many a bit of trouble with the settlers beyond the stepping stones, and has often debated with himself whether or not to "run in" some of them who seemed to have had a drink too much. One night he was escorting home one who pretended he was sober. They reached the stepping stones all right, but there the assistee's trouble began. He could go a couple of steps and then he would miss, sway off and pitch into the mire. Marshal Armagard's patience was soon exhausted. After the fourth of fifth attempt he hauled his prisoner away to jail. That was how he got the idea. Now when he has a questionable prisoner from beyond Coon Hollow he takes him forthwith to the stepping stones, stands him on the first block, and sits down on the bank to watch him go home. If the suspect goes steadily across the line he is all right and can stay on the other side. If he wavers a little, and still keeps on the stones, he is all right. But if he staggers and plunges off, if he misjudges the distance between his foot and the stones and falls or trips—woe to him, for the marshal comes after him and leads him back to the lock-up.

Educating Young Indians.

The work of educating young Indians in the West is at times difficult, but it is seldom dull. If the teachers must confess to a feeling of doubt as to their success with boys bearing such names as Daniel Red Eyes and Andrew Yellow Thunder, they can at least console themselves with the fact that the correction of "compositions" is more diverting than in some Eastern schools. The superintendent of the Lemhi Reservation in Idaho is Mr. Mackey. He has preserved proofs of his pupils' work in English, in the form of various essays written by the Indian boys, and in several notes of excuse. Here is Daniel Red Eye's idea of the school in which he is a pupil:

"We learn how work in garden, and cut wood, make fence and many hard work. The girls in house sew and wash dress and cookin' dinner. I don't like go to school because my father he tell me I don't want to go to school. That all I have to say or want to say about a school."

Daniel had a reasonably good opinion of himself, as this excuse, sent to his teacher, indicates:

"I wish you excuse me this afternoon. My horse all run away yesterday evening and I didn't find. I hunting my horse this afternoon. Well, I guess that all I tell you about. Your good boy, Daniel Red Eyes."

Rather more promising is the attitude of young Mr. Yellow Thunder, who expresses contrition for a fault:

"Dear Teacher, I am sorry that I ran away from school yesterday, but I was crazy boy. I will come to school Monday and not run away any more. An drew Yellow Thunder."

So, in spite of truants and runaways and the various vexations of school teaching in a wild country, the good work goes on, and the reward is happily not confined to a mere sense of duty performed.

"Allow me to express my gratitude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of suffering. Fellow sufferers, Peruna will cure you."

The Peruna Medicine Co., Columbus, O.—Gentlemen: In my practice I have had occasion to frequently prescribe your valuable medicine, and have found its use beneficial, especially in cases of catarrh.

GEORGE C. HAVENER, M. D.

Dr. L. S. Smith, of Williston, Fla., writes:

"I have found Peruna a most valuable remedy for chronic catarrh of the head, throat, lungs and bronchial tubes. In fact, no matter where located.

"Few people realize that most sick-

nesses start from colds which develop into different affections and finally become chronic, settling often on the lungs and frequently causing serious trouble in the pelvic organs, while in women it develops into diseases peculiar to the sex.

"From my experience with Peruna I have found it very efficacious to cure these diseases, and I recommend it."

L. S. SMITH, M. D.

Dr. Mary Smith, Winfield, Ind., writes:

"A weak and sick woman must not expect to bear well children. For over 31 years my efforts have been spent among sick women especially, and among all the remedies I have used none excel Peruna, and I believe that it is the best and safest medicine to give a woman suffering from ovarian trouble, inflammation, and profuse menstruation.

"I would not be doing my duty as a physician did I not advise its use. I know by experience that Peruna cures sick women, and I therefore gladly endorse it."

DR. MARY SMITH.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
