

Manufacturers' Samples.

I have just opened up a large line of manufacturers' samples of towels and handkerchiefs. Turkish towels, linen and cotton towels in all sizes have been marked at wholesale prices. Good 25c towels for 16c and 15c. Handkerchiefs from 5c to 75c, a great variety of patterns, all will be sold at wholesale prices. This is a rare chance to get bargains in either of these lines. This is the season of the year when business is usually quiet, but so far January has been away ahead of January of last year. There are many lines of winter goods in stock that are being offered at reduced prices to close lines down. I have a good market for produce, and can pay highest prices. I want all the hides I can get. C. C. MURTON.

The Sun office has become noted for its display of large vegetables. Wednesday C. J. Blanchard brought in a couple of parsnips, one measuring 23½ inches around, 17 inches long and weighs 1½ pounds; the other measuring 22 inches around, 16½ inches long and weighs 1½ pounds.—Sheridan Sun.

The A. O. U. W. official paper reports that the order has a membership in this state of 10,355, which is an increase of 114 for the month ending Dec. 20, 1901. The order paid insurance losses during December amounting to \$16,095.24. The receipts for the month were \$25,822.64. There were eight warrants calling for \$5,738.34 outstanding, but the balance, \$9,727.40 is sufficient to pay the same when presented. The order, therefore, would seem to be in most excellent condition.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already.

Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion.

Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

E. Estes returned on Friday from a six weeks' absence on business at his old home in Indiana. He made the trip through the southern states, and thus avoided much of the cold weather.

The first men's basket ball game of the series under auspices of the College Athletic League occurred at Campbell's hall Friday evening, before a good-sized crowd. The contest was vigorous, and when time was called McMinnville had 15 points to Newberg's 12.

Mr. and Mrs. W. H. Logan returned on Saturday from attending the burial of Wm. Logan, their uncle, who departed this life near Aumsville Wednesday night of last week. They arrived there on the day previous, and it was Will's privilege to administer to his uncle's wants during the last hours of his life, and to whom his uncle spoke his last words. He died sitting in his chair. Burial was made at Seio.

Dr. J. F. Gullette came up from Portland the first of the week, and after looking over the field, decided to take up the practice of medicine here.

Newberg loses estimable people in the removal of Mr. and Mrs. Eli Seese to McMinnville, where Mr. Seese will take charge of the Spaulding Logging Co's. Lumber yard. Having been recently advised to try a southern climate for his health, Dr. H. J. Littlefield intends leaving the first of the week on an extended trip into Arizona, New Mexico and possibly old Mexico. He expects to be gone until some time next spring, and if the climate does for him what he hopes for, he may conclude to locate with his family somewhere south. While they regret his departure, his many friends trust that he will find restoration to health on his trip to the sunny south.—Graphic.

In his annual report to the governor Game Warden Quinby says: "According to the best information obtainable at this office, between 5000 and 6000 upland birds were marketed this year during the lawful selling season. Most of these birds came from Linn and Lane counties. Assuming that half of these birds were hens and that each would lay 50 to 60 eggs next season, there is seen a shortage of at least 50,000 birds next year, assuming also that the young birds hatched reach maturity. Another year will demonstrate the wisdom of permitting the sale of birds at any time, and while this concession was made in response to a general clamor from hotel, restaurant and clubmen, there is a question in my mind whether there has not a mistake been made." Warden Quinby reports that 600 deer hide tags were issued during the year; not over 50 per cent were used. The sale of hide tags has proved an effectual check to unlawful killing, as transportation companies refuse to receive hides unless the tag is attached.

Sunday, Dec. 29, there was a family reunion at the home of Mr. and Mrs. Wm. Cain of this city. There were 31 persons in attendance, comprising parents, children, grandparents and grandchildren. There were present grandmother and grandfather Cain, W. Wills and family of Carlton, J. W. Coffin and family of Newberg, Mr. and Mrs. Wm. Scott of McMinnville, Mr. and Mrs. I. Nichols and family and Mr. and Mrs. Thos. McNish of Dayton. It was a very pleasant occasion and greatly enjoyed by the relatives present. This may be the last reunion of the family, at least for some time. Wm. Cain, the son, is now in California and does not expect to return soon. Grandmother Cain is in poor health and other causes may prevent. Joseph B. Riley was born at Highgate, Vermont, March 27, 1827, died at Dayton, Or., January 8, 1902. He came around the Horn to San Francisco from New York in 1849, in the second vessel which landed at that port. He was part owner of the vessel. For several years he was engaged in mining in California. Came to Oregon in the early 50's, and assisted in building the barracks at The Dalles, Walla Walla and Sheridan, under the supervision of Captain Sheridan, (afterwards General Sheridan.) He resided in Oregon City some years. Mr. Riley was a prominent hotel man. For years he was proprietor of the Unatilla house at The Dalles, and also the Commercial hotel at Salem. In 1860, he came to Dayton, and February 19, 1862, was married to Miss Senzella Jacobs. Two children were born to this union, both of whom are dead, and the wife and mother is left alone to mourn the loss of husband and children, but she has many friends who, in her affliction, sympathize with her. In 1865 Mr. and Mrs. Riley opened the Dayton hotel, which they continued to run to the time of Mr. Riley's decease.—Dayton Herald.

Hon. J. W. Maxwell of Tillamook was a caller at this office on Wednesday, driving over by the Yamhill road, which he says is good, for winter. He left his team here and proceeded to Portland in the afternoon, and will return by the Sheridan road.

The Farmers' and Merchants' Development company filed articles of incorporation in the county clerk's office last Saturday. The purpose for which this company is organized is that of oil, coal and mineral mining, including the leasing or purchasing of real estate for such purposes. It is said that the immediate plan is to prospect for oil in the northeast part of Polk county, where there are many indications of coal and oil. Salem is the headquarters of the company, and the capital stock of \$12,500 is divided into 125 shares at \$100 each. D. L. Keyt, the enterprising capitalist and merchant of Perrydale, and George Griswold and H. B. Thielens of Salem are the incorporators of record.—Polk County Observer.

General W. H. Odell, president of the board of trustees of Willamette University, announces the selection of Rev. J. H. Coleman, D. D., of Troy, N. Y., as president of Willamette University. He will assume his duties February 1, when the present president, W. C. Hawley, will become vice president and dean of the faculty. The new president will not become an instructor, his duties to be in the field. He is a prominent member of the M. E. church, and has been a member of four general conferences of the church. He was one of the star orators at the great Epworth League convention in San Francisco last fall and is a man of great ability.

Don't Live Together.

Constipation and health never go together. DeWitt's Little Early Risers promote easy action of the bowels without distress. "I have been troubled with constiveness nine years," says J. O. Green, Depauw, Ind. "I have tried many remedies, but Little Early Risers give best results." Rogers Bros.

The train Monday night ran into a band of sheep north of the Yamhill bridge and killed nine. They belonged to I. B. Osborne of this place. R. O. Jones was reelected superintendent of the Baptist school last Sunday. He is a wide-awake man in Sunday school work and has held that office with success for about seven years. The annual report speaks for him. The report for 1901 is, total number of pupils present 5178, an average of 101 during the year; annual collections were \$47.43, an average of 93 cents a Sunday, meeting all the expenses of the school, paying \$20 on pastor's salary and leaving a balance on hand of \$11.63 for the coming year. No wonder the pupils all want Roland.—Amity Valley Times.

Children Especially Liable.

Burns, bruises and cuts are extremely painful and if neglected often result in blood poisoning. Children are especially liable to such mishaps because not so careful. As a remedy DeWitt's Witch Hazel salve is unequaled. Draws out the fire, stops the pain, soon heals the wound. Beware of counterfeits. Sure cure for piles. "DeWitt's Witch Hazel salve cured my baby of eczema after two physicians gave her up," writes James Mock, N. Webster, Ind. "The sores were so bad she soiled two to five dresses a day." Rogers Bros.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. "We regard it a great tonic and blood purifier."—J. F. DUFF, Princeton, Mo.

S. S. S. is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

On Thursday last a reception was given at Friends' church to bid farewell to Rev. Levi D. Barr and wife prior to their departure for California. A large crowd was out. Refreshments were served and a general handshaking took place.

This country is not the only one where unconsidered trifles are snapped up by manufacturers and put to practical use. In China the down of the thistle is gathered and mixed with raw silk so ingeniously that even experts are deceived when the fabric is woven. It is also used to stuff cushions as a substitute for eiderdown, and a very good substitute it makes.

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
