SKYSCRAPERS BOYCOTTED.

Peculiar Fight Being Made by Chicago Coal Teamsters.

Chicago, Jan. 30.—Coal teamsters renewed their war on big downtown buildings today. The Coal Teamsters' Union decided that its members should cart no coal to buildings where gas is used during the summer months. At 8 o'clock 100 drivers were ordered to stop by officials of the union, and promptly obeyed the order. President Albert Young, of the Coal Teamsters' Union, said:

"We have already stopped hauling coal to the Old Colony building, the Monadnock, the Palmer house and the Auditorium, and before night not a union teamster will be hauling coal to a building that uses gas for fuel during the summer. During the last cold snap our men were worked to death. Buildings that had formerly used fuel gas found out that coal was necessary and our men had to work day and night, and at that time were unable to meet the demand. Many of the regular coal burners were compelled to wait for coal, and suffered greatly on account of our inability to supply the demand."

Milton Booth, secretary of the Coal Teamsters' Union, said:

"We are not in the fight alone, but have the support of the coal men. We would have conducted the campaign alone had it been necessary, but with the aid of our employers we are in a much better condition to conduct the fight and it will be a lively one."

After the teamsters' boycott against the skyscrapers had been in effect for four hours, firemen, engineers and elevator conductors threatened to cooperate with the teamsters. This afternoon a meeting of the prominent coal dealers and property owners was held, and a truce was declared until Friday. In the meantime union men hope to influence the consumers to burn coal the year round.

CHOICE OF ROUTES.

Substitute for Nicaragua Canal Bill is Introduced in the Senate.

Washington, Jan. 30.—Just before the adjournment of the senate Senator Spooner today introduced a substitute for the Nicaragua canal bill. The new bill is a practical authorization to the president of the United States to choose between the Panama and Nicaragua routes. The first provision looks to the acquisition of the franchises, right of way and other property of the new Panama canal company of France, including that company's control of the Panama railroad. The president is authorized to pay \$40,000,000 for these "provided a satisfactory title can be obtained."

He is then authorized to secure the necessary concessions from the republic of Colombia, these to include the perpetual control of a 10 mile strip of territory from the Caribbean sea to the Pacific ocean. A canal sufficient to accommodate the largest vessels is then to be constructed, under the supervision of the secretary of war.

The bill also carries an alternative provision authorizing the president to proceed with the construction of the Nicaragua canal in case he fails to secure the necessary concessions from Colombia or a satisfactory title from the Panama canal company.

An immediate appropriation of \$10,000,000 is made in either event. The limit of cost is fixed at \$135,000,000 in case the Panama route is chosen, while \$160,000,000 is allowed in case the choice falls on the Nicaragua route.

GREAT HOTEL EMPTIED.

Fire in Adjoining Building Drove Guests From the Lindell.

St. Louis, Jan. 30.—Two hundred and thirty guests of the Lindell hotel were driven from their apartments into the sleety street tonight by flames which wrecked the adjoining building at the corner of Seventh street and Washington avenue, and for 30 minutes threatened to sweep away the hostelry. Women were carried from the upper floors by elevator, and down the stairs in a fainting condition. Mothers with infants in their arms groped their way through suffocating smoke. Men dragged their trunks after them down the broad stairways of the hotel, and clerks in the office hastily procured the valuables of the guests from safes and vaults and carried them to places of greater safety. The structure in which the fire originated was the old O'Neill building. A dozen or more firms occupied it, and the losses suffered by these firms will approximate \$300,000. The Lindell hotel was damaged by smoke to the extent of \$25,000.

TWELVE YEARS IN HIDING.

G. A. Bennett at Last Arrested for Extensive Cattle Stealing.

Missoula, Mont., Jan. 29.—G. A. Bennett, formerly a prominent merchant of this city, who for the past 12 years has been hiding from an indictment of a grand jury issued October 12, 1890, on a charge of stealing cattle, was brought last night to Missoula by the sheriff.

The story of his downfall, so far as can be learned, is that stockmen, in the summer of 1890, had been missing cattle, and suspicion fell on Bennett and his range riders. A close watch was kept on them with the result that evidence against Bennett, which was laid before the district judge, was considered sufficient by that official to warrant his calling a grand jury to investigate the matter. After a session lasting several days, the grand jury returned a verdict against Bennett and four others, charging them with stealing cattle.

Bennett drove from his home directly through this city to some unknown point on the Northern Pacific, where dressed in woman's garb, he made his escape. The various sheriffs of this county since the escape have constantly been on the lookout for him. Some weeks ago the sheriff located him at Albuquerque, N. M., and quietly left the city for the south with all the necessary papers for his arrest and return here.

At the time the affair became public Bennett was operating a slaughter house and in searching the place, the grand jury found upwards of 100 cattle hides bearing the brands of several Bitter Root stockmen hid in the river and buried in the ground in that vicinity.

Two companies of the Eighth are at Fort Harrison, one at Fort Missoula, and one at Fort Yates, S. D. All are ordered to the Presidio, whence they will embark for the Philippines.

Houston, Tex., Jan. 29.—In a rear end collision between two sections of a stock train, at 3 o'clock this morning, near Keller, 15 miles north of Fort Worth, one man was killed and another fatally injured. A HARD CAMPAIGN

Hardships Suffered by Party of Marines in Samar.

TERRIBLE SUFFERING FROM STARVATION

Full Particulars Not Yet Obtained—Men Are Delirious—Filipino Officers Surrender in Batangas.

Manila, Jan. 30.—General Chaffee curtailed his trip and returned here this morning. He says he found the conditions satisfactory everywhere except in Samar, where continuous rain during the past two months has retarded the campaign, especially against such an elusive enemy.

The condition of Captain David B. Porter's marines, who took part in the expedition into the interior of Samar, is worse than previously described. They suffered fearful hardships, and were without food for several days. They had been provided with rations for only five days. The natives who accompanied the marines declared they were unable to distinguish the edible roots, which the marines did not believe. The anger of the marines against the natives is intense. None of the latter returned with the marines. The marines suffered so acutely from starvation that they ate raw the flesh of two dogs.

When Captain Porter and 26 of his men staggered into camp January 2 they were delirious, and difficulty was experienced in ascertaining the whereabouts of their companions. Williams, of the First infantry, headed the relief expedition in the face of a terrible storm which flooded the rivers. He succeeded in reaching the remaining 10 men, who would otherwise have certainly perished. He found them all delirious. Two of the men were discovered in the branches of trees, barking like dogs. Some of the marines are so ill that they are not likely to recover.

General Chaffee has endeavored to obtain full details of the trip of the marines, but Captain Porter is not yet able lucidly to explain matters.

Major Lot and three Filipino lieutenants, with 10 rifles, three revolvers and 24 bolos, surrendered to Major Anderson, of the Sixth cavalry, yesterday at Lipa, province of Batangas. Lot was brought in sick on a litter. He is cordially hated at Lipa, where he looted \$55,000 worth of jewelry from prominent families. Nickerson's scouts have captured Colonel Lot, a brother of Major Lot, near Batangas.

Lieutenant Larned, of the Sixth cavalry, had a slight engagement with some Filipinos during which he killed two insurgents and captured a captain and two soldiers. The general outlook in Batangas province is decidedly favorable.

A party of insurgents, led by two renegade Americans, recently entered Alanglang, in Leyte province, claiming they were constabulary, but not yet uniformed. The imposters were taken to police headquarters and were royally entertained by the native sergeant in charge. At a given signal the renegades and insurgents fell on the police, who, though outnumbered two to one, fought desperately and drove off their assailants after a hand-to-hand fight, in which bolos were the chief weapons. The victory was notable, as the police were completely surprised and outnumbered. They lost two men killed and had one man wounded. The insurgents left one man dead.

TENEMENT-HOUSE FIRE.

Eight Lives Lost in a Boston Blaze—Several More Seriously Injured.

Boston, Jan. 30.—Eight persons were killed, three probably fatally burned, three seriously hurt in jumping from windows, and others more or less hurt as a result of a fire just before 2 o'clock in an Italian tenement house on Fleet street, North End. Seven of the dead are adults, three of them women, and the eighth is a child. The building was six stories in height. The fire was not seen until it was under such headway that the sleeping inmates on the upper floor were cut off.

Before the firemen got on the scene two women and a man were seen to throw themselves from the windows of the third floor to the street below. After the firemen had succeeded in subduing the flames they began a search of the far rooms and found eight bodies. The firemen and police officials labored hard in giving the unfortunate emergency treatment, but their efforts were in vain, for all had inhaled flame and smoke, and their bodies, in most cases, were blistered by the fierce heat which they had encountered.

Admiral Kimberly Dead.

Washington, Jan. 30.—Secretary Long has received a telegram announcing the death of Admiral Lewis N. Kimberly, U. S. N., retired, at West Newton, Mass., this morning, of heart disease. Admiral Kimberly was selected for service on the Schley court of inquiry, but was compelled to decline on account of ill health. He had a long and distinguished service in the United States navy. He was born in New York, and appointed from Illinois.

MINE DUST EXPLODED.

Disaster in Iowa Cost Many Lives—Several Men Seriously Injured.

Oskaloosa, Ia., Jan. 27.—The Lost Creek coal mine was the scene today of a terrible disaster, which cost the lives of 21 miners. Eight others were seriously injured. The bodies of the dead men were recovered from the mine, and lie tonight in an improvised morgue near the scene of their destruction. The injured, all of whom are frightfully cut, bruised and burned, are under the care of surgeons in a temporary hospital equipped near the mine.

The Lost Creek mine is 10 miles south of Oskaloosa, and three miles north of Eddieville. The explosion occurred at the noon hour, and was what is known as a dust explosion. The miners had just fired their usual noon shots, one of which proved to be a fizzle, the powder flame igniting the gas and causing the explosion. Smoke and debris were blown out of the mine in a column 200 feet high. A part of the top works was torn away, and the fans and cages were wrecked. This made the work of rescue very slow, and it was 3 o'clock before volunteer forces dared to venture into the east entry, where the explosion occurred.

The men of the rescue party fought their way into the mine, where a shocking sight met their gaze. The dead and injured were terribly burned and mutilated, some of them almost beyond recognition. Beyond where the bodies lay the fire was burning fiercely, and for a time it was feared the workings would be wholly destroyed and the bodies incinerated. Finally, however, the flames were subdued. The bodies were then collected and taken to the top of the shaft.

At the time of the explosion more than 100 men were in the mine, but all except those in the east entry escaped with only slight injury. The total property loss will be about \$10,000. Nearly all of the men were married and leave families in poor circumstances.

UNFAIR TO THE COLONIES.

Australia Complains That Meat Contracts Go to Argentina.

Sydney, N. S. W., Jan. 28.—The placing of contracts in Argentina by the British war office, to supply meats and other produce for the troops in South Africa, has engendered extreme irritation throughout Australasia. This action of the imperial authorities is regarded as evidence of reprehensible indifference to the claims of the colonies, as ill accorded with the expressions of imperial solidarity, as poor repayment for the sacrifices of the colonists, and generally as grave injustice. Most of the premiers of Australasia and the premier of New Zealand have cabled to the imperial government strong protests in practically identical terms, saying that the two colonies are able to supply the war office requirements in South Africa three times over. Both colonies, it is pointed out, have more meat than consumers, and when they are doing all in their power to build up and strengthen the empire, it is incomprehensible that trade is given to foreigners, especially Argentina, thus bringing into the field a keen competitor with the people of Australasia. The premiers further declare that they feel such action is wrong and unfriendly, and that the blunder should be promptly retrieved.

NEWS RECEIVED QUIETLY.

No Demonstration at St. Thomas, Danish West Indies.

St. Thomas, D. W. I., Jan. 28.—The announcement which reached here of the signing of the treaty by which Denmark sells the Danish West Indies to the United States, was received quietly. There was no open manifestation, but much anxiety prevails regarding the developments. Nothing official has yet been received from Copenhagen. The governor of St. Thomas has declined to be interviewed.

The Danish cruiser Valkiren will remain here indefinitely, it is reported, so as to guard against disturbances, which it is believed, however, are not likely to occur.

Plebiscite of Danish Antilles.

Washington, Jan. 28.—The Danish government will not take the plebiscites of the Danish West Indian Islands to determine whether they shall be ceded to the United States until the United States senate has ratified the treaty of cession. This circumsppection is supposed to be the outcome of the senate's action in rejecting a former treaty of cession after Denmark had accustomed the islanders to the idea of transfer.

Her Release is Near.

Sofia, Jan. 28.—The semi-official Bulgarian announces that the American delegates bearing the ransom for Miss Stone, the captive American missionary, have arrived at Jumaya, and that Miss Stone and her companion, Mme. Tsilka, will be released within 24 hours after the money is paid.

Tired of Useless Struggle.

Pretoria, Jan. 28.—Lord Kitchener has authorized General Vilomel, a surrendered burgher, to raise an additional Boer corps of 1,500 men. General Vilomel has written a letter to ex-President Steyn, warning the latter of his intention to form such a corps, and adding that the Boers in the concentration camps are tired of the useless struggle and are determined to help the British end it.
