NOTICE TO LITIGANTS.

Legal advertising at this office costs the litigant no more than the same space costs the business man. Fifty cents per inch (solid minion type) per month. There is an average of one hundred words to the inch. Count it up for yourselves, and send your orders to this office.

HOME NEWS AND NOTES.

Something besides a complimentary ticket is necessary to secure notes of the conclave at St. Louis. A peculiar oversight on the part of the conclave, was that of making no arrangement for the accommodation of the press. The newspapers can probably take care of themselves, but the oversight will cause somewhat of a dearth in items.

There is a big excitement over back of Vancouver in consequence of the supposed discovery of a rich silver mine. Every man who has not steady work, and some who have, are en route or already there, staking out claims and guarding them with shot guns. A trail leads to within six miles of the camp. No reliable reports have yet been received.

Schilling, Morosini's coachman, who in an unhappy and unguarded moment, listened to the blandishments of his employer's daughter and allowed a wanton eye and a siren tongue to disturb the happy course of his easy life and lure him into an alliance that interfered with the realization of all his proper ambitions, is to-day a street-car conductor, tied to a bell-punch, while the siren has eloped with another victim. Instead of the choice dinners which the loving cook prepared for him, he eats a cold and hurried lunch in the barn and washes it down with mere beer instead of champagne. A coachman should pause and reflect before he commits his promising life to a giddy and flirty child of wealth.

It will soon be time for a municipal election in this city. We should like to see a council chosen that would compel the improvement of streets, sidewalks, and especially H street, and the railroad crossings on First, Second

and Third streets. There need be no bull-dozing, no captiousness; it is simply a matter of mutual interest and benefit alike to all concerned, including the railway company; but if the latter proposes to rear up on its dignity and ask the people what they propose to do about it, then we are in favor of retaliation. It is shameful the way things are allowed to exist in this city, in this respect, and it is time for a change. Let us have one: Peaceably if possible, forcibly if we must.

Advertisers can take their choice, either daily or weekly, at the same old rate. No advance in the price. We've come to stay, if you say so.
