Thinking that perhaps some might be misled with regard to prices at his shop, S. C. Force invites any man to call and inspect his work and prices before letting out a job to any other man in Yamhill county.

The Daily Reporter has been enlarged and now compares very favorably with dailies of larger towns. Its editorial department is full and complete; and from a local point of view it shows very well. We wish the daily success. Telephone.

Miss F. E. Third street, McMinnville, inspect the quality of the goods and price the same. The beauty of the goods offered is such as to cause many pleasant surprises to the ladies of Yamhill county who may call upon Miss Russ, and all are cordially invited.

The appointment of Hon. Quincy A. Brooks as collector at Port Townsend gives perfect satisfaction to all but the mercenary brigade of blood suckers and vampires of the Folger stamp in Oregon.

Oregonians traveling abroad report as an amusing fact that on the continent Columbia river canned salmon is sold in the drug stores. This confirms the reports from Liverpool that salmon is "a drug on the market."

E. B. Fellows is prepared to give people the finest surprise in picture frames they ever had. Frames that formerly sold for \$10.00 he sells for \$2.75; and the \$2, \$3 and \$5 frames sell for 50 cents, six bits and a dollar each. Call and see these fine frames.

Never since 1840 has the party which named the president been able to return as many members to the congress elected in the middle of the presidential term as to that which was elected at the same time with the president. There is, at this date, scarcely a possibility that the present democratic majority in the house will be maintained. On the other hand, there is more than a possibility that the presidents party will be the minority in the fiftieth congress.

"The greatest sensation ever known in Hartford" occurred on the 22d, when Geo. W. Bartholomew, of the Charter Oak life insurance company was found to be a defaulter for about \$127,000. As in all such cases: "He was one of the city's most respected citizens, and was connected with its most important business enterprises, and was supposed to have a large property, though it was not in sight." He is now at Montreal a refugee. Did it ever occur to policy holders in companies brought thus to ruin to investigate the depth of the scheme. So many cases so very similiar lead us to think that perhaps the sacrifice of a Bartholomew enables the management to avoid paying large sums to holders of policies, and Canada is a very convenient cover to the iniquity.
