Bishop Ireland of Minnesota is with the republican party on the anti-saloon question.

Don Cameron is one of the most unassuming and modest men in the senate.

It is said that Mayor Harrison feels squeamish about hanging those Chicago murderers, for he must realize that his own skirts are not quite clear of guilt in relation to their criminal guilt.

Reports from all trade centers throughout the country justify the opinion that there is a substantial improvement in business which is rapidly assuming the proportions of a healthy boom.

Philadelphia must have a valuable property in her gas works, when a syndicate of local capital ask to lease the works at a cash rental in advance of \$1,000,000 a year, with a reduction in the price of gas yielding the public

\$200,000 more. And promise to spend within the five years at least \$3,000,000 in putting the works into the condition necessary to make them profitable, and after that to spend whatever additional sum is necessary every year to keep them in that condition until they are handed back to the city. This looks like a big bonanza.

Subscribe for the Reporter, and pay for it when you subscribe, and we will pledge ourselves to give you more news, for less money, than any other paper in the Willamette valley. The Daily will help the weekly 100 per cent.
