The vessel stranded on the Washington territory coast on the night of December 1st is the Sir Samsejee family. With such a title it is a wonder she did not founder in mid ocean. It is a fact, however, that the Rajee Odowjee rode safely into the port of San Francisco a year or so ago and is believed to be still afloat.

The Yamhill Reporter nominates C. Leinenweber for congress in '88. In the event of Mr. L.'s nomination the Astorian says Clatsop county would have both congressional candidates in that year. The contingency is not at all improbable.

Despite the state law on this point thousands of dollars find their way every year from this state to the Louisiana lottery, McMinnville sending a large proportion. It's a little better gamble than buying stocks, the percentage of the game being slightly in favor of the player at the lottery.

The Reporter, daily and weekly offers the best inducements to advertisers, who advertise as a matter of business; of any publication in Yamhill county. It is read by everyone who reads anything, and has been steadily growing in circulation and standing for over sixteen years, and it is the fondest hope of its proprietors, and their life work, that it shall be second to no paper in the state. Less could be said, more need not be said.
