

Choral union at the fair to-night.

A young gentleman wishes to know which is proper to say on leaving a young lady friend after a late call, good night or good evening? Never tell a lie, young man; say good morning.

The Ead's ship railway across the isthmus of Tehuantepec, about which so much has been said seems likely to meet with final success. The senate has passed the bill by which a charter is granted for a corporation, with a capital stock not to exceed \$100,000,000.

The Conundrums.

We regret that space prevents publication of the conundrums in full. The committee, Dr. Calbreath, Mrs. Mathieu, and J. D. Fenton awarded prizes to Nos 16 and 36, as follows:

First prize to Messrs. Manning and Wallace, on No. 16, as follows:

Why is Harvey Hendersons grocery house like spring time? Because, go there when you will you always find Robbins.

Second prize to Henry Bebee on No. 36, as follows:

Why are these conundrums like an immigrant just landed? Because they are fresh from Ireland.

Ireland had been selected to read them; and it will be remembered the last one was rung in upon him.

The CPR above Sacramento have made desperate efforts to clear the snow track the last few days. A snow plow stalled on Shady run and was dug out with the eight engines pushing it. The snow drifted to a level with the tops of the smoke stack of the locomotives. The plows were driven at full speed into a drift and were soon brought to a full stop and dug out with shovels. This was repeated time and again until midnight when it reached Blue canyon. The wrecking car preceded it to remove the timber and debris in the shed into which the Emigrant gap plow had plunged the previous night. The work of getting out the plow and engine was a long job; both were in a cut and hard to get at.
