### The Situation in Europe.

Now that the elections in Germany have gone in favor of Bismark, attention is being turned once again to Russia and the east. It has all along been supposed that Russia rather welcomed the prospect of a war between France and Germany, and that it was only waiting the outbreak of a conflict to renew in earnest its designs upon Bulgaria. Some time ago the statement was made in the Russian press that Russia would abstain from action in Bulgaria until the relations between France and Germany were more clearly defined. It is now hinted that this statement was merely to divert the attention of the powers from Bulgaria, and that Russia has been actively at work in pushing the Bulgarian question to a settlement. A rather suspicious incident occurred in Bulgaria during the week. The garrison of Silistria revolted and declared against the Regency. The revolt was quickly suppressed. It is reported that many of the officers who were concerned in the revolt at Silistria were formerly concerned in the deposition of Prince Alexander. The incident has occasioned somewhat of a stir in Austria. It is understood that recent events have brought about a renewal of the defensive alliance between Germany, Austria and Italy.

A Bellevue correspondent says the mail to that place "has been taken from us again, or had just about as well be. Under the new regulation it will come on the train to Sheridan, then down the next day. This takes two days to get a letter to or from Portland. Unless there is a transfer at Whites, all mail from McMinnville will have to go via Portland to reach Bellevue, Sheridan and points beyond.

The pile of inverted blessings laid on the grave of the forty-ninth congress bids fair to reach an attitude far exceeding that of the Washington monument.

### McMinnville College Notes.

Wayland Hunsaker, who lives on his fathers farm in Marion county, is home on a visit. He reports things lively in that section of the country.

Mrs. Adams and daughters have been visiting the family of Rev. A. J. Hunsaker.

The students are still dropping out. Messrs. Jones, Gwinn, Chapin and Lynch have quit. Mr. Gwinn is going to teach.

The Misses Sarah and Fannie Baxter paid the school a visit last week.

On Monday Miss Hunsaker, of this place, accompanied by the Misses Adams, of Marion county, visited the school; also on the same merning Mr. Eldon Antrim, of Wheatland.

Last week Mr. John Lynch received a telegram announcing the serious illness of his brother. Mr. Lynch at once departed for Eugene, the home of his brother. Mr. M. V. Lynch another of the brothers who resides at this place, received on Sunday a telegram summoning him to the bedside of his brother. In accordance with this he left for Eugene on Monday. I understand that Mr. Lynch had been sick for some time.

Twelve weeks from last Tuesday until the close of school. It will soon be the order of the day to procure speakers for commencement. It is to be hoped that those who have the matter in hand will procure the very best talent afforded by the state. There is an especial desire to have a good programme, as Mr. A. M. Sanders is to graduate this year.

Mr. W. C. Hembree has been improving his Collegeside property, by fencing it.

TOM BERICHT.

Our "fine" January weather did its work. A cotemporary says: Rose bushes, blackberries and wild raspberry bushes are killed by the frost. The fore part of the winter was so open and warm, putting vegetation and fruit trees too forward. We had a cherry tree in bloom when the snow commenced to fall. Parties who are holding dried fruit had better hold on a while longer and see what the outcome will be.

The committee inform us that the I. O. G. T. supper will be postponed at the meeting Friday night.

Mr. Hermann leaves Washington to-day for home, via Canada. In calling yesterday to pay his parting respects to President Cleveland, he took occasion to speak of the disappointment of the people of the northwest over the failure of the river and harbor bill to become a law. The president replied, in substance, that in his opinion there is as much money on hand as can be expended profitably during the coming summer; that congress has grown extravagant in the matter of appropriations for the improvement of rivers and harbors, and that for these and other reasons he felt it to be his duty not to sign the bill.
