### Elkhorn

By JEAN ROBERTS

Mr. and Mrs. Phil Dealey and Mike have returned home from their trip to California. They visited Mr. Dooley's sister in Long Beach and experienced the recent earthquake in Southern California.

One weekend was spent visiting in Tia Juana and Caliente in Mexico. At Caliente the attended the races which were very exciting. The weather was warm and sunny during the trip.

Mr. and Mrs. W. A. Billington were Wednesday night and Thursday visitors at the Bill Bicket home the past week.

Mr. and Mrs. Ray Roberts and girls went to Newport Saturday night to visit her sister and brother and returned Sunday.

Some ladies of the Elkhorn community met at the Ray Roberts home Monday afternoon to make candy for the school program which was held Wednesday.

Most of the children of the Elkhorn school went to Stayton to see Santa Claus and attend the Ray Rogers show Saturday afternoon.

Bill Bicket is again working on his house after spending most of last week working on the county road.

### Idanha

By CHARLES DE SULLY

Mr. and Mrs. Albert Brown are visiting friends in Portland and Tacoma, Wash.

Times are very much like Thanksgiving: everyone is away, or receiving friends. To all, a truly Merry Christmas and Happy New Year.

The weather conditions were the cause for the turkey shoot being canceled.

Mt. Jefferson Cafe has opened with C. M. Veal and B. B. Blau as proprietors.

No! nothing could be done for the two, who met such a sad and untimely end. Possibly a prayer to help those near and dear to them to bear the great shock. What onlooker that terrible night could see the way those men worked in sheer desperation to buck that huge log free, not showing exhaustion when one knew they should rest. What again, the thoughts of the cat driver, when he felt the cable might snap at any moment and

the work have to be done over again. Think of the tension, till the tragic task was done.

Am I not right when I echo the thought of the people and say:

Thank you one and all for what you did.

Ed. Note—Reference is to the heroic job done by volunteers when a tree fell across the home of Mr. and Mrs. Clifford Kuhnke in Detroit, killing both instantly.

Guests of the Wolvertons Saturday evening were Mr. and Mrs. Dave Epps of Sweet Home, and Mr. and Mrs. Al Yankus. Late callers were Mr. and Mrs. Jack Colburn, Albert Tomman and Mr. and Mrs. Wilbur Meinert.

Mr. and Mrs. Rudy Rada and children of Pendleton and Mrs. Mary Martin of Portland will spend Christmas with their parents, Mr. and Mrs. Frank Rada.

From where I sit... by Joe Marsh

### Dutch Miller's Back In Uniform

After ten days in the city, Dutch is back in uniform. I don't mean Army khaki or Navy blue—but a different uniform, that's every bit as patriotic and American.

Blue jeans and a denim shirt, for work around the yards and barns; about boots for tramping through the fields; and a straw hat when the sun gets high—a uniform you see from Maine to Texas, Iowa to Alabama.

It's the uniform of an army—the great army of American farmers who, by their productivity, are

helping to keep this nation strong—bolstering the forces of democracy that guard our freedom.

And in their way of life, too, they are champions of freedom. Temperate folk who enjoy a moderate glass of beer—but never quarrel with those who prefer cider. Tolerant people who fight to the bitter end against oppression and intolerance. From where I sit, a credit to America!

Joe Marsh

# Attention!

## WHAT YOU CAN DO TO HELP CONSERVE ELECTRICITY:

To avoid danger of serious breakdown in the electric systems of the entire Pacific Northwest, with consequent loss of industrial production jobs, and curtailment of growth and prosperity in your community, USE OF ELECTRICITY MUST BE CONSERVED FROM 11:00 A. M. TO 12 NOON AND BETWEEN 4:30 AND 6:30 P. M. DAILY.

### Here's how you can help:

#### HOMEMAKER

From 11:00 a. m. to 12 noon and between 4:30 and 6:30 p.m., eliminate all space heating by electricity; in so far as possible, serve oven meals prepared in advance of 11:00 a. m. or 4:30 p. m. and confine surface cooking to the fewest possible units; wash dishes and bathe after 6:30 p. m.; restrict washing and ironing to hours before 11:00 a.m. or after 6:30 p. m.; turn off all lights not actually needed between 4:30 and 6:30 p. m.

#### INDUSTRY

From 11:00 a. m. to 12 noon and between

4:30 and 6:30 p. m., reduce use of electrically operated machinery and equipment to a minimum; eliminate pumping, air conditioning and all ornamental and less essential lighting except as necessary for safety.

#### BUSINESSMAN

Turn off or reduce to a minimum all window display and ornamental light between 4:30 and 6:30 p. m. Reduce air conditioning during these hours. Reduce use of electrically operated equipment after 4:30 p. m. Cut use of outdoor and indoor electric signs and lighting to minimum between 4:30 and 6:30 p. m.

TO KEEP  
JOBS GOING...  
TO KEEP  
PROSPERITY GROWING
