## HERE'S HOW YOU CAN HELP CONSERVE ELECTRICITY

### IN YOUR HOME:

During the critical daily period of 11:00 a. m. to noon and 4:30 p. m. to 6:30 p. m., reduce all electricity used for heating to a minimum. Bathe and wash dishes after 6:30 p. m.; restrict washing and ironing to hours other than the critical daily period. Turn off lights not actually needed.

### YOUR BUSINESS ESTABLISHMENT:

Turn off or reduce to a minimum all display and ornamental lighting between 4:30 and 6:30 p. m. Reduce air conditioning and use of electrically operated equipment during these critical hours. Cut the use of outdoor and indoor lighting to a minimum between 4:30 and 6:30 p. m.

### THE INDUSTRIAL PLANT:

Reduce use of all electrically operated machinery and equipment to a minimum during the hours of 11:00 a. m. to noon and 4:30 to 6:30 p. m. Also eliminate during this critical period all ornamental and less essential lighting.
