MAKE  
BIG BILLS!True, that "little illness"  
you've been mentioning in  
an offhand way, may not  
seem to amount to much—  
just a few faint symptoms.  
But, neglected, these "little  
ills" can lead to big bills for  
doctors, medicines, etc; not  
to mention needless suffering  
and loss of precious time.  
Consult a Doctor now—  
you'll save by it in the end.  
And, of course, we hope you'll  
bring his prescription to us  
for careful compounding.

To the Editor:

Back east a Jewish friend of mine  
asked me if I, a Gentile, had and  
prejudice against Jews—to which I  
replied, no. She then asked me if I  
countenanced jokes or laughed at  
jokes about the Jewish people. I con-  
fessed that I had. She then pointed  
out to me that by so doing I was  
fostering a prejudice toward a whole  
group of people, and in this case a  
minority group, which is unfair and  
was an unconscious fostering of pre-  
judice in my children. This is the way  
prejudices are born in children.In light of this, one can see that  
the remarks of the emcee at the am-  
ateur show Wednesday were not fun-  
ny, but actually harmful, although  
not intended to be. I am sure the em-  
cee did not do it consciously, and  
more than I have done when I have

there are as many gentiles who go

fact, we are all working to get mon-  
ey. Also the comment about "Mill City"  
having a color line is in the same  
category. Since next week is brother-

strive toward brotherly love, and  
each of us should help stop preju-
