By MRS. SCOTT YOUNG

The Rocky Road to Dublin has nothing on us Canyonites. It takes an army 'Duck' to fly low over these roads. Old man Jack Frost succeeded well in making ocean waves of a lot of it. Weak stomachs could easily have a case of seasickness. What do you think, who have been this way lately? We will be glad when old man Sun comes out and waves his magic wand on these icy spots and with the help of manpower we have a road again. It's funny how little we appreciate our good Oregon highways when they are in good condition, but just let us have a little misfortune with them and listen to the gripes. Isn't that a fact?

Mr. and Mrs. Harold Pugh of Bend and Mrs. Homer Brantner of Santiam Junction made a call here last Thursday.

Mr. and Mrs. Jim Giebler of Idanha accompanied by Kenneth Chance of Mill City and Doug Yeoman of Waldport were recent visitors. Snow pictures were taken.

Mr. and Mrs. Dick Winsor of Santiam Junction have gone on a vacation to San Diego where she will visit her son Kenny who is in the Navy service here. They will take

Mr. and Mrs. Dean Smith and his mother, Mrs. Grace Smith of Roseburg made a business trip to Sisters last Thursday. Mr. Smith will take up his duties as town marshal and water master at Sisters in the near future.

Mr. and Mrs. Scott Young made a short call at the home of S. T. Moore of the Detroit Tanager Station last week.

To the Editor:

If it is right for any citizen to be awarded and receive a pension, then it is right for all citizens to receive a pension when totally disabled by any form of total disability, including old age.

If it is right for firemen, policemen, judges, congressmen, railroaders, school teachers, postoffice employees etc. to be awarded and receive pensions for past services and taxes they have been paid during their working years up to 60 or 65, then it is right that all workmen and women in every vocation should likewise receive pensions.

Rank should not make any difference.

Because a man wore a military uniform and fought in the firing lines for his country, he is no more entitled to a pension than the man that signed up to the conscription regulations and was rejected because of

some physical defect.

If our legislators do not agree with the foregoing, God forgive them for they don't know what they should do, and they know not what they do.
DICK TURPIN

To the Editor:

In reading the 17th of March issue of The Mill City Enterprise, I notice a story about the building of a schoolhouse that was to be done with

non-union workers. It amazed me to read that a locality composed of so many working people would permit that to go on without a protest. I assume that the good people of Mill City will not permit their schoolhouse to be built by scab labor.
