LITTLE ILLS
MAKE
BIG BILLS!

• True, that "little illness" you've been mentioning in an offhand way, may not seem to amount to much—just a few faint symptoms. But, neglected, these "little ills" can lead to big bills for doctors, medicines, etc; not to mention needless suffering and loss of precious time. Consult a Doctor now—you'll save by it in the end. And, of course, we hope you'll bring his prescription to us for careful compounding.
