Fish are netted, eggs stripped, fertilized and returned to the water unharmed. The eggs are placed in the hatcheries for development into fingerlings or legal-size trout.

C. A. Lockwood, game director, cautioned persons using the lake to refrain from placing any camping refuse in the lake.

Mr. and Mrs. George Ditto of Niagara drove to Portland Wednesday to call on Mr. and Mrs. Frank Rosenquest of San Marino, Calif., returning the same day. Later Mr. and Mrs. Rosenquest will visit at Windemere farm.
