3 different trucks... 3 different jobs... 3 different owners—

but all say: "My Ford Truck does 12 hours work in 8!"

"Since I've had my Ford Pickup, I've been able to shave off about 4 hours a day on my deliveries. The Million Dollar Cab is mighty comfortable to ride in, to get in and out of. I hardly spend any money on upkeep and my Ford hasn't been laid up one day since I got it!"

W.B. Black

* Bonus Built means big reserves of strength and power!

"The smooth power of the V-8 engine in our new Ford really surprised me. From now on, I'm strictly a 'Bonus Built' man—and who wouldn't be with such all-round performance! And what a low cost operation—I figure I save about 4 hours wages a day and I can really use that extra dough these days!"

W.H. Hester

"Although I use an F-5 stake job, I like the idea of Ford having over 150 models to choose from. I also like the big trade-in allowance I got on my old truck. Most of all, I like the way my new Ford 'Bonus Built' truck does 12 hours work in 8!"

R.W. Spick
