### Clam Chowder Can Be Dynamite!

If Smiley Roberts is a friend of yours, like he is mine, and if you want to keep his friendship, like I do, don't ever let him hear you say that good clam chowder can be made without cream.

In New England, where Smiley comes from, friendships have been broken over tomatoes versus cream in clam chowder. Experts say that south of Boston the tomato reigns supreme, but north of Boston it's cream—or else!

From where I sit, whether it should have cream or tomatoes is simply a matter of taste. This is

plain to anyone who doesn't come from clam chowder country.

What a great world this would be if we could all see that most prejudices are matters of taste only. Some like hot coffee. Some like it iced. Some people like a temperate glass of beer. Others prefer ice-cold lemonade. My grandmother used to say, "Prejudice that sees only what it pleases, cannot see very plain."
