**LIONS GIVE DINNER**

The 1949 Mill City high school football team were guests of the Lions club at a dinner at the recreation room of the Presbyterian church Monday night. Principal speaker was Chester Stackhouse, athletic director and football and track coach at Willamette university. He stressed the point that you do not have to come from a big city to be a success in life. The team and cheer leaders and song leaders were introduced to the Lions club by Coach Burton Bourough. Women of the Presbyterian missionary society served.

Celluloid, the first plastic, was developed in 1869 on a wood pulp base. Commercial plywood as known today dates from 1905 when it was first made in St. Johns, Oregon.
