been sick many months passed away at the Salem Memorial hospital where she had been for over a week. She had been home for a week and then had to be taken back to the hospital for further care. Although people here knew she was not at all well her death came as a shock to her many friends. Emma Cornu was born in Switzerland, September 16, 1889 but came to the United States when she was 18 months old. Her parents moved to Pratum a little town about six miles East of Salem where she lived until her marriage February 2, 1909. They lived in Salem, Oregon City, and in the early 1930's came here where they have resided since. For several winters they stayed at Breitenbush Hot Springs where Mr. Johnson was employed. LITTLE ILLS MAKE BIG BILLS!

True, that "little illness" you've been mentioning in an offhand way, may not seem to amount to much—just a few faint symptoms. But, neglected, these "little ills" can lead to big bills for doctors, medicines, etc; not to mention needless suffering and loss of precious time. Consult a Doctor now—you'll save by it in the end. And, of course, we hope you'll bring his prescription to us for careful compounding.
