Timberwolves Game Rained Out

A baseball game, scheduled for April 28, with the Gervais Lions at Gervais, was postponed because of adverse weather conditions. The Timberwolves will travel to Gervais on Tuesday, May 9, and will be host to St. Paul's Buckaroos on Friday, May 5, in a game that might end their losing streak. The Timberwolves have yet to rack up their first win of the season while losing their first four starts. Player inexperience was attributed to the losses.

St. Paul is reported to have a fairly weak team this year, so anything might happen, unless the plan-sabotager wins the race and blanks everything.

• True, that "little illness" you've been mentioning in an offhand way, may not seem to amount to much—just a few faint symptoms. But, neglected, these "little ills" can lead to big bills for doctors, medicines, etc; not to mention needless suffering and loss of precious time. Consult a Doctor now—you'll save by it in the end! And, of course, we hope you'll bring his prescription to us for careful compounding.
