Next year they hope to make Jefferson Park.

## Mill City Hi-Lites

Bang! Clang! Bang! Clang!  
After three months silence, once more the sound of opening and closing of lockers resounds through the halls of Mill City High. To most of us, the familiar sound seems good after a long quiet summer spent in strawberry and bean fields. There still are a few that would prefer doing away with school and all that goes with it.

When school started on Tuesday morning, there were a total of 88 students registered in the high school. This enrollment includes 26 freshmen, 27 sophomores, 27 juniors, and eight seniors.

Several new subjects have been added to the schedule this year. Latin, shorthand, office, and plane geometry are among them besides the 22 subjects which were taught last year.

Two new teachers have been added to the four returning from last year which makes a new total for Mill City High. For the past few years we have had only five.

Our new principal, Mr. Caughey, is a graduate of Oregon College of Education and has also done graduate work at the University of Oregon and Oregon State College. Mr. Caughey is teaching social economics and world history. He will be in his office four periods each day.

Mr. LaCours, a graduate of Linfield college at McMinnville, is also new in our educational system. He will teach English II, general mathematics, mechanical drawing, shop I (woodwork), and shorthand.

Mr. Rugh, returning for his third year, is a graduate of the University of Oregon. He is teaching United States history and government, general science, algebra, world geography, and plane geometry.

Also in her third year at Mill City is Miss Hope Baney, who also graduated at the University of Oregon. Miss Baney is teaching English III, English IV, music, and physical education and health for girls. This year we are having two classes of P. E. and health. The upper classmen in the morning and lower classmen in the afternoon.

Mr. Boroughs, a graduate of the University of Oregon, is returning for his second year. He will teach typing I, typing II, office, bookkeeping and boys' physical education and health.

On her 18th year at MCHS, Mrs. Mason will teach biology, English I, Latin, home economics I. She is in charge of our library. Mrs. Mason is a graduate of Willamette university.

Mr. Loucks, the 6th grade teacher is teaching band in the high school. He is a graduate of Oregon College of Education.

We are all looking forward to a wonderful year at Mill City High!

**Oregon Boy Designers Win**

WINNERS in the annual model car competition of the Fisher Body Craftsman's Guild are Keisho Okayama (left), of Portland, who took first state honors in the Junior Division (ages 12 through 15), and Rollin Knapp (center), also of Portland, whose beautiful model car won first in the Senior Division (ages 16 through 19), and Gary J. Wiens (right), of Dallas, who share top state honors in his division with Knapp.

Young Wiens, whose father is employed by a GM dealer, also shared regional honors with Earl V. Holman of Spokane, Wash., whose model outscored Knapp's in the Washington-Oregon region. Craftsman's Guild regulations stipulate when a son of such an employe qualifies a duplicate award be given. Each boy received a cash award of \$150, and Wiens' model, with regional honors, has a chance to win a university scholarship in the national competition.
