Mrs. Fencil expressed the idea that with the beginning of a new school year, many different and varied problems need PTA action. Keeping this fact in mind PTA officers plan an airing at this September meeting of a broad program.

Last year the PTA grew rapidly and functioned well under the able presidency of Mrs. Bob Veness. Mrs. Kenneth Crosier succeeds Mrs. Veness as president of the Mill City PTA for this school term.

Mrs. Crosier urges all parents of school age children to attend the September 14th PTA meeting at the high school.

DORMITORY DREAM

AND SO COZY

Pajamas bright as pennants are fashion news this fall. An example of the gay note soon to be seen in girls' dormitories is this Luxite pierrot pajama, available in exciting colors of red, blue, pink and jonquil, with contrasting trim. Of fluffknit brushed rayon, the tuck-in blouse is caught in a trouser petal-ruffle, with additional flares at wrists and ankles.

Wonderfully soft and warm without bulk, the pajamas are easy to pack for school weekends. Coeds find they're a double-duty item, for the extra full trousers and bright colors make them equally popular as lounging pajamas.

Slipper socks, which complete the outfit, are exciting new all-nylon "Nappers" by Holeproof. Because even the padding and durable heavy denier soles are nylon, "Nappers" are easy to launder, quick-drying, non-shrinkable and mothproof. Available in six vivid colors, they are just the thing for cold winter nights or after skiing parties.

Problem Kitchen Gets Face Lifted

Here was a problem kitchen: lots of room but no place to work! Inadequate work surface, worn out and unattractive base cupboards, and an old fashioned sink hampered this homemaker's work. There was no wall storage space and the pantry was an ugly catch-all, neither part of the kitchen nor out of it.

Look! The same room, but now a beautiful, back-saving kitchen. Not magic, but a plan provided by the Youngstown Kitchen Planning Service did the trick. One window was removed to make way for steel wall cabinets, and the other provides light over the new double-bowl, double drainboard steel cabinet sink. A simple archway makes the pantry part of the kitchen. It is furnished with more base and wall cabinets, along with the range and refrigerator. Now there's convenience in a concentrated area and plenty of room for eating, too.
