Triple-Header Called, Kellys Trounce Teamsters 12-10 Account of Rain

The sponsors of the triple-header softball games scheduled for last Sunday, but called on account of rain, wish to thank everyone for their efforts in behalf of the lighting fund.

Due to the rainy season now upon us and the opening of the hunting season in most of the state it is doubtful that the games can be played because of the difficulty of getting the players together.

The first game between the Graveyard and Swingster teams got underway at 1 o'clock and lasted until the 6th inning when the rain turned into a downpour and forced both teams and spectators to go home.

A good crowd had showed up to watch the games but soon had to give up when the rain persisted.

Kellys took another win in softball league play as they trounced the Teamsters last Wednesday.

Kellys had 12 runs, seven hits and three errors; and the Teamsters chalked up 10 runs, four hits and four errors.

By consistently scoring in each of the first five innings the Kelly ball club built up a winning score. Parker's fifth inning homer put the game on ice for Kellys.

The Teamsters staged a comeback in the sixth inning by bringing in two runs on two singles aptly hit.

Don Carey pitched and Gale Carey caught for Kellys.

Lazine was the losing pitcher and Elwood the catcher.

MC High Loses To Chemawa 26-6

Mill City high school football squad lost a practice game to the Chemawa football team last Friday.

With no unbeatable combinations to exhibit, almost from the beginning of the game it was apparent that the local players were out-classed in weight and experience by the Indian squad. What the Mill City boys lacked in the way of brawn and experience, they made up for in sheer determination and fight.

Many times coaches give new players a baptism of fire that is a corker in order to bring home the idea that playing the game is serious business.

The 26-6 score in favor of Chemawa need not hamper the Mill City squad in this Friday's league play with Chemawa.

Let's all get behind our local men and push them to win.

Lookout Visits Civilization To Get Car License

Arnold Sipe, a forest service lookout who has been stationed at Rocky Top Lookout, came down to civilization last weekend for the first time this year. The recent rain enabled him to receive permission to leave his post, and the fact that he wanted to renew his car license was his incentive.

Arnold, an ex-service man, enjoys his solitary outpost. Four months atop a mountain with no companion but a dog is his idea of good employment. He is to be transferred soon to House Mountain Rock, which he declares is "too thickly populated," because occasionally someone comes up to view the lookout.

Being a forest lookout is not a new experience for Sipe, who was stationed on Rocky Top last year. For provisions, he radios out. They are then brought by the fire warden to the end of the road. From the road to the lookout is a one-mile hike.

A dog of mixed heritage, named Rat, shares the solitary vigil with his master, and has mastered a number of tricks in the months of confinement.

Closure Order Lifted, Says Fire Warden

Fire Warden Phillips' today announced officially that the closure order clamped on due to low humidity has been lifted.

State forestry headquarters at Molalla informed Warden Phillips that Longview Fiber lumber company, that owns the old Silver Falls logging operations, for the convenience of deer hunters, will allow access to their roads and timberlands.

The old Freres logging operation roadways above Mehama on the Little North Fork are also open to hunters, likewise the Abiqua Basin road near Silver Creek Falls.

Although hunting in the Longview Fiber holdings is permitted camping over-night is not; and patrolmen of the company will enforce the rule made necessary by continued low moisture fire danger.
