**Mari-Linn School
Mothers Raise Funds**

Parents, leaders, and pupils of the new Mari-Linn grade school are all co-operating to raise funds to operate a hot lunch program. Teachers and members of the PTA are preparing a comedy to be given as a money making venture. School children hold candy and hot dog sales weekly, to contribute the money towards buying the needed dishes and cooking utensils.

Eighth grade mothers are planning a campaign to solicit donations from all parents. Suggested at the last meeting was a plan to ask a \$10 donation from each family. A hot lunch program is badly needed states Thomas Putman, principal, as some of the youngsters do not bring adequate lunches.

Any parents interested in hot lunches are urged to attend the next PTA meeting as it is planned to have a speaker to outline the proper procedure for a hot lunch program.

**Barney and Howland
Earn Forestry Awards**

Thomas Barney 11 of Idanha and Michael R. Howland 10 of Detroit, this week were cited by the Keep Oregon Green Association for outstanding efforts during the past summer in reducing man-caused fires. Each boy and girl singled out for special honors has been awarded a special "Service Under Fire" badge, and a copy of the book recently published on "Trees to Know in Oregon", according to Albert Wiesendanger, Executive Secretary of K.O.G.

Awards are made each year by the Keep Oregon Green Association to boys and girls who have done outstanding service to their state in fire prevention beyond the usual call of duty. In most cases the youthful citizens reported grass, brush, and forest fires. In some cases they actually fought the fires. The alertness of these youngsters has been of tremendous help, Wiesendanger explained, for fires caught before they have a chance to spread, are easy to put out.

To qualify for a "Service Under Fire" badge, a Green Guard must submit an actual report of his individual effort together with a certification by an adult.

Highlights To Dramatize Your Home

Grand Rapids Guild Room Photo

Let framed pictures be your spokesman in setting the "locale" for your interior decorating scene. Here the French Provincial double chest is appealingly enhanced by these attractive prints arranged to really start tongues wagging about your ingenious "flair" for styling. Against a pine green wall, these pictures, matted with a red background and in frames of natural wood coloring, will create that intangible stamp of taste "unqualified."

With October—National Picture Month—looming over the horizon, you won't want to miss this opportunity for purchasing really beautiful pictures for your home.
