

### Auxiliary Fares Well First Rummage Sale

Mrs. L. Stahlman, chairman of the American Legion Auxiliary, Post 159's recent rummage and food sale in the Legion hall in Mill City, on behalf of all members of the Legion Auxiliary, wishes to thank those who donated articles and time to the Auxiliary's first rummage and cooked food sale.

Auxiliary leaders indicated that \$127.75, in cash, was taken in by the Legion women in the two-day sale in the Legion hall. This money goes into a Child Welfare fund and a Veterans' Hospital fund. Any needy child can get help from the Child fund. Rummage sales are now a regular feature of Auxiliary activity, members disclosed.

Auxiliary members, Mrs. Norman Jensen, Mrs. L. Stahlman, Mrs. Jack Colburn, Mrs. John Muir, Mrs. C. A. Bruder, Mrs. Ramon Roberts, Mrs. Dolores Stewart and Mrs. Dallas Strickler of Mill City devoted much of their time and effort towards the past successful "white elephant" and cooked food sale.

Call Mrs. John Muir, Mill City Bakery, Mrs. Jack Colburn or Mrs. Thurl Shipley of Mill City for pickup of your donations of items to future rummage sales.

### CHIEF TUERS, DITTER AND BLANCHE BRING IN 'BACON'

Mill City Fire Chief Arlo Tuers and George Ditters of Mill City and Raymond Branche of Mehama last week shot two six-point elk near Weaside during their elk hunt near there. Upon weighing the dressed out elk, the three-man hunting party discovered they had brought home 850 pounds of elk meat.

Some bacon!

### HAVE A BETTER KITCHEN

There's extra storage space in many a kitchen—and it's right up next to the ceiling. If your kitchen problem is one of finding a place to keep seldom used items, the solution might be to add another row of 18-inch high storage cabinets above the regular wall units.

This plan works especially well in remodeling of older kitchens, for the ceiling heights are frequently eight and a half to nine and a half feet, providing plenty of room to accommodate the extra cabinets. The average height of a modern kitchen installation is 84 inches (seven feet), from the floor to the top of the wall cabinets. To place an 18-inch cabinet above this installation requires a minimum of 102 inches or eight and one-half feet.

The use of an extra tier of wall cabinets in such a situation accomplishes two things: First, it tremendously increases the storage capacity of the kitchen. Second, it eliminates the need of bringing a valence down from the ceiling to the 84-inch height, a procedure which is usual in kitchen remodeling.

While the next-to-the-ceiling cabinets are not easily accessible for dishes, utensils and supplies that you need every day, they are the answer to the problem of storage of items used just now and then.

### Speaker From Woodburn To Appear Before PTA

James Lamb, superintendent of the Woodburn Training School for Boys, is scheduled to address the next Mill City PTA meeting on the topic of "Delinquents".

The Mill City PTA will meet on November 8th in the high school auditorium at 8 o'clock. The PTA is very fortunate in obtaining such a speaker, as in previous years these talks have been very interesting as well as educational.

"Most Parents Present" contest will be continued each month at the PTA regular meetings to see which grade school and which high school room will be awarded final possession of the prizes at the end of the PTA year. The prizes, purchased by the PTA, consist of a flag of the United States. It will go to the grade school room which has won the most times at the close of the PTA year, and a plaque to the high school class that wins. Last month the contest was won by Miss Henry's second grade and by the juniors. The flag and the plaque will be on display at the PTA meeting and are well worth seeing. The plaque is of myrtlewood with plastic inscriptions of green and gold.

Refreshments will be served in the recreation room following the meeting. On Nov. 7th the board will meet at Mrs. Crosier's home at 7:30 p.m.

### DOUGLAS YEATER CANDIDATE FOR STATE SENATOR

Douglas R. Yeater, through past civic and legislative experience, is qualified to serve in the Oregon State Senate. He has legislative experience, having served in the House of representatives for the past four years. During the 1949 session he served as chairman of the important Utilities committee, and was a member of financial Institutions, Medical-Dental-Pharmacy, and Game committees.

He was instrumental and helpful in the reorganization of the Oregon State Game commission.

Mr. Yeater is a Salem property owner and businessman, owner of the Yeater Appliance Co. and has half interest in the Salem Lighting and Appliance Co.

Recent dismantling of the White House revealed timbers that had withstood 133 years of use and abuse with no indication of decay nor any structural evidence of termite infestation.

DO YOU WANT THIS IN OREGON?

# DON'T BE TRICKED INTO PROHIBITION

The initiative measure on your November 7th ballot to outlaw the "sale of promotively advertised alcoholic beverages" is one of the most deceptive measures ever placed before Oregon's voting public. This measure cannot stop advertising of alcoholic beverages originating outside of Oregon...but it will bring back Prohibition...Prohibition and all its evils—bootleggers, racketeers, phoney brands and bribed officials. No thinking citizen wants these things in Oregon.
