Mill City Shufflers Grind Out First Win

Mill City shuffleboarders this week beat down the stubborn resistance of their Detroit opponents for a first-time win in the current shuffleboard tournament.

Sharpshooters for Mill City's honor massed a score of 209 to topple Detroit's effort of 188. The Detroiters have a high-class shuffler rating and Mill City-ites consider their win fortunate indeed.

Carl Ball did not show his usual good form in the game. Cliff Waddle seems, in contrast, on the up-grade, when results of his game are observed.

For a change of heart, "Red" Ryniarson and partner, Melba Harlan, who did well, won their stint at the board. The team of Otto Russell-Francis Stout earned high score of 35 for Detroit. Pete Peterson and company, Bernice Bigger, also piled up a 35 tally for Mill City high.

Stepping into the league play for first time this season are Gates shufflers Sunday, November 19, as they joust with Mill City enthusiasts.

Lining up against Gates for Mill City are teams E. Bennett-George Stewart, Byron and Tally Davis, Inez and Al Haun, Cliff Waddle-Pete Catherwood, Gene and Ruby Armstrong, Pete Peterson-Bernice Bigger, and John B. Herron-Toots Blazek.

Last minute final results on a league game between Mill City and Detroit in Detroit show Mill City on top by one point. The score for Mill City 204. Tally for Detroit in the same game 203.

A Winning Smile

Tommy has a glowing smile. It reflects the sparkling health and happiness that childhood in America claims as its rightful heritage. It is a smile that reflects also the kind of care that will make his growing-up years free of the dental troubles that are plaguing the adult generation today.

Tommy is a lucky youngster because his parents and teachers and community know that making dental care available to all children is the most practical way of improving the nation's dental health.
