PARENTS OF MARI-LINN SCHOOL PLAN FIRST ANNUAL CARNIVAL

Parents of the Mari-Linn school pupils are planning the first annual school carnival for sometime in December. The purpose of the carnival is to obtain a fund to operate a hot lunch program at the school.

Committee members met Tuesday evening at the home of Mr. and Mrs. Bob Free to plan carnival events. Present at the meeting were Mrs. Robert Fetherston, president of the PTA, Mrs. Keith Phillips, Mrs. Ray Roberts, Mr. and Mrs. Thomas, Putman school principal and Mr. and Mrs. Bob Free.

The committee planned concessions to be operated by a fathers club and a mothers club. Refreshments will be sold by the PTA and a stand operated by the school children.

HAVE A BETTER KITCHEN

Having a better kitchen doesn't always mean a major overhaul job on the room or the equipment. Sometimes a kitchen can be given an extra touch of convenience by the addition of a single cabinet or by relocating equipment already in the kitchen.

For example, take a simple what-not shelf. Ordinarily it is installed in a vertical position against the side of a wall cabinet. It is mainly decorative, providing a place to display small potted plants, small vases and other "gadgets" that the homemaker uses to brighten up her kitchen.

Here's how to turn that decorative what-not shelf into a really useful piece of kitchen equipment, according to the Youngstown Kitchens Planning Service. Simply turn the shelf on its side and attach it to the wall above the sink or above the range. It becomes a broad shelf, still highly decorative, on which to keep condiments or small kitchen accessories within finger-tip reach. Store the cook book there, or your file of recipes.

Used in this manner, the ordinary what-not shelf provides a storage area 10 inches deep and 30 inches long, divided into three compartments. It is seven inches high. Thus it takes but little wall space, but provides a great deal of convenience.
