# STEPS of PROGRESS

The progress accomplished by this community during the past twelve months might be termed another step forward. Many achievements have been attained because of the loyalty of the people of this area.

We are proud to be a part of it—proud of the fine friendships we have enjoyed and as we herald the approach of another year, we pause to say to you,

A HAPPY NEW YEAR

### New Banking--

(Continued from Page 1)

In noting the important part First National has played in the development of this area, Schachtsick stated, "The introduction of large-scale farm and irrigation equipment has helped tremendously in the progress of the North Santiam district. Our bank, in many cases, has helped farmers with the purchase of this equipment. In addition, many home and farm improvements have been made possible by bank financing."

Recently the First National Bank group, consisting of 45 First National offices and 15 affiliated banks with 18 offices, was accredited with having total combined deposits of \$612,920,167, loans of \$249,215,653, and resources of \$622,443,974.

The shift to the new building permits increasing the number of teller's windows from three to six, gives a greater amount of lobby space for customers, and provides vault space of 14x24 feet. A new night depository has been constructed into the new building. The building contains all new furniture and fixtures, a modern, acoustical ceiling, an asphalt tile floor in an attractive green, black and gray pattern, and the latest in recessed lighting.

#### Free Parking Provided

An additional welcome feature of the new facilities is a 20x100 foot parking area. Heating in the modern structure is provided by forced air and hot water running through concealed pipes.

Reinforced concrete construction is featured throughout the new building with the exception of the wall next to the theatre building. This particular wall is built with Stayton-made Loc-Bloc. The use of Loc-Bloc here facilitated adjacent building construction where space for workmen was at a premium.

The excellently trained and efficient staff continues serving the bank's customers in the new location. Enjoying the new surrounding and the
