R. L. Tucker, employed in O'Brien, spent the weekend here with his family.

George Miller, employee of the Idanha Lumber Co. lost two toes and sustained a mashed foot in the "dogs" on the carriage Monday morning and was taken to Salem in the ambulance. The Bemis Construction company is now working on the Mill City grade

Teen Talk by the Kanyon Kids

By GARY PETERSON

At long last and in due season the Teen Canteen returning to its regular Fire hall meeting place. Something seemed amiss. But, as usual, there was dancing and games. Among the games were two ping pong tables donated by Freres Lumber Co. and Kelly Building Service. Paint for the tables was donated by Don Jenkins. These tables were busy all evening as ping pong has become a popular sport in Mill City and the rest of the Canyon, as there is but one tennis court hereabouts and only four players at a time can participate. Several records for the phonograph were donated.

Bob Lee and Joan Ryal were host and hostess, and this job next week will be filled by such note-worthy as Athol Cline and Betty Lou Cree. The poor, unfortunate parents sucked into attempting the impossible (taming the savage hordes) were Bill and

school room additions. Forms for the pouring of the concrete foundation were finished Monday.

Mr. and Mrs. Dave Epps spent Sunday in Miss Daisy Hendricson's home as her guests.

Mrs. Mabel Freeman, former superintendent of the Mill City grade school, attended the Monday night Eastern Star festivities in the IOOF hall.

Mr. and Mrs. Carl Kelly visited Joe Slater who is hospitalized in Portland. Slater is dry kiln foreman of Kelly Lumber Sales company.

Mrs. Gladys Trask, Elsie Potter's sister, from California is visiting in the Potter home.

Monday, two Consolidated Builders Inc. officials flew from Seattle and landed at the Davis airport. They were here on official business.

Mr. and Mrs. Byron Davis this week took a short vacation at their cabin located some six miles east of Alsea near the coast.

Mrs. Vern Thomas met with the Rebecca convention committee at Turner for formulation of convention plans. The convention is slated in May at Turner.

Three Links club met Wednesday evening at the home of Eva Duffy. Chrissie Henderson was co-hostess. Present were Jessie Heath, Ruby Brisbin, Wilma Stewart, Ida Fleetwood, Maud Davis, Jennie Davis, Rachel Olmstead, Lettie Swan, Mel Robinson, Alma Thomas, Mable Veteto, Bertha Baltimore, Ada Plymale and Blanche Syverson. A very pleasant evening was reported as being spent doing fancy work that goes on sale in the near future.

Ulric Berry graveside funeral services will be held at the Fox Valley cemetery Saturday at 1 p.m.

Mrs. Fred Grimes and Mrs. James Swan were in Lebanon attending the Presbyterian this week during a 2-day session.

Rebekahs and Odd Fellows hold a pie social Friday night for the benefit of the Santiam Memorial hospital fund.

The new meeting date of the school board of district 129-J is the second Tuesday of each month.

Peggy McCoy and, if we're lucky, some more suck—that is, parents will take over the chores. Mr. and Mrs. Glen Hennessy will, I believe, attempt the task.

The scrap drive continues. As of the last Saturday, another \$250 was added to the total. More season tickets must be sold however, and everyone who possibly can should get one. All the high school stupids . . . or . . . students have them.

Mill City's baseball team will take the field Friday against the aggregation from the Chemawa Indian school. The Timberwolves will be after their second win in three starts, and attempt to overshadow their defeat at the hands of the Sublimity Saints. The "Injuns" sport a 2-0 record, which, we hope, will take a turn for the worse. This game will start at 2 p.m. on the Mill City diamond. Be there!

Bob Baltimore, Roy Chase, and Daryl Farman took off last weekend for a coast-wise fishing trip. Fair luck was reported. At least it sounds OK to me, since I can't catch a cold, even. I've had my old telescope fishing rod for almost three years, and I caught only one mangy cutthroat trout with it. The number of bullheads is almost out of the realm of human imagination. (This is a fish story in reverse.) Fishing season starts this weekend, and every girl that has a guy who has a fishing rod is either going to have to hide the thing, or kiss him goodbye for a spell. Going to be more girls sitting at home this week, since everybody and his dog is out hooking (in more ways than one) the fish if they can.

It's getting so warm in these parts these days that it's uncomfortable even to be lazy, so I shall, in effect, quit. (For this week, anyway.)
