dark ties and trousers. The girls in the band followed out the same motif with white blouses and dark skirts.

With a good healthy volume and rhythm the Mill City school band under the baton of director Loucks, sounded the familiar strains of the march, "Take Off" and in sequence followed this by "Consolation", "Cherie", "Musicana", "Indian Dance" and "Mazurka".

The above trend of music was punctuated by a novelty called the "Three Bears". Rosalie Bassett was the narrator and the band instruments echoed the characters portrayed. The latter part of the concert favored the audience with the following selections: "All Star", "Golden Glow", "Grandiose". Bandmaster Loucks ended the night's performance on a patriotic note with the playing of the "Star Spangled Banner".

## Look What Happened Here!

In the days when some shelves and a kitchen table were the height of convenience, this was an outstanding kitchen. But by today's standards it is a hopelessly outmoded, cramped and hard-to-clean place to work. Look at the tiny sink, the wasted space beneath it and the ugly, dust-catching pipes. To see what was done about it, with help from the Youngstown Kitchen Planning Service, see below.

As bright and cheerful as a sunrise and as modern as tomorrow, this new, attractive, time-saving kitchen was achieved without a single major structural change in the room. Most interesting is the electric sink with an automatic dishwasher that does the family's dishes in less than 10 minutes. It has a large bowl at left and is equipped with an automatic food waste disposer. Flanking the dishwasher are base cabinets that afford spacious work surface and a large amount of storage space, while above are convenient wall storage cabinets.

## Blowing A Hot Trumpet

PITTSBURGH, PA.—Dorothy Langstaff appears to be giving out with a few hot licks on this trumpet-like glass instrument. But there's more than hot air to the picture—it shows actual glass shop work at Gulf Oil research laboratories, where Dorothy is blazing a new career for women. When Dorothy began as an apprentice, old timers predicted no woman could make the grade as a craftsman in the skilled scientific glass field. Today, at 26, fellow workers acclaim her the nation's top woman glass blower.

Mrs. Kenneth J. Siler, Mrs. John E.

Hutchinson in the guidance of the Cub Scouts in carrying out the "Bird" theme of the month, preparation for the Indian rite, and the character building program outlined for Cub Scouts.

## Good Foods Help Build Sound Health

This young American, enjoying his tapioca pudding with bananas calls attention to an important day devoted to the welfare of youngsters—National Child Health Day, May 1.

A bright eyed eager child is usually a healthy child. And so that more little Americans may have a healthy happy childhood, a day each year is set apart by our government for calling attention to the well being of children. It is National Child Health Day, observed on May 1.

### Tapioca Banana Pudding

1 egg white 2 or 3 tablespoons sugar  
2 tablespoons sugar 1/4 teaspoon salt

1 egg yolk 3 tablespoons quick-cooking tapioca  
2 cups milk 1/2 teaspoon vanilla

Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in very soft peaks. Set aside.

Mix egg yolk with small amount of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, quick-cooking tapioca, and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of hot mixture gradually on egg-white meringue; blend. Add remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker the pudding will be.) Add vanilla. Cool, stirring once after 15 to 20 minutes. Chill. Makes 4 or 5 servings.

When serving, top pudding with sliced bananas.
