Detroit Has All Girl Graduates

Detroit — Commencement exercises for the five girl graduates from Detroit high were held in the grade school gymnasium Thursday evening, May 31. The girls wore white graduation robes. Blue tassels were on their hats. They marched in to the strains of Pomp and Circumstance, played by Johnny Davis.

A mixed chorus, composed of the girl's glee club, and some extra male voices added, sang "In a Monastery Garden". The salutatory followed by Frankie Payne. The mixed chorus again sang, "Our Land and My Land," after which Miss Joy Hills of the State Department of Education talked to the girls as woman to woman. She, being the first woman speaker at a graduation exercise from this school, seemed most appropriate for the five girl graduates. The valedictorian, Marlene White, was next on the program. She gave an interesting valedictory.

Diplomas were awarded by Noyes Whitten, chairman of the school board. Awards were presented by principal Otis J. White after a short resume of the accomplishments of each girl since entering school or during the years spent in the Detroit high school.

Two of the original class of 15 were among the graduates, Marlene White, and Virginia O'Brien White. The other three graduates included Marilyn Lovelace, a transfer from the Salem schools in her third year; Coleen Hopson from Milwaukee school in her third year; and Frankie Payne began school in Detroit during her second and fourth years in school. Each girl has been active in the G.A.A.; took part in the junior-senior play; and each has sung in the glee club.

Other accomplishments of the girls were various class and student body offices, Beacon or annual work, library activity, etc. The only award of the evening was presented for scholarship to Marlene White, as well as the scholarship to Oregon College of

LITTLE ILLS

MAKE

BIG BILLS!

• True, that "little illness" you've been mentioning in an offhand way, may not seem to amount to much—just a few faint symptoms. But, neglected, these "little ills" can lead to big bills for doctors, medicines, etc; not to mention needless suffering and loss of precious time. Consult a Doctor now—you'll save by it in the end. And, of course, we hope you'll bring his prescription to us for careful compounding.
