 I am willing to donate my blood through the Red Cross Blood Program to assist in saving someone's life.  
 PREFERRED TIME: \_\_\_\_\_  
 \_\_\_\_\_ (Signature)

Fill out the above form and mail to Mrs. Wm. L. Teutsch, Jr., Mill City.

### Fabulous Car to Aid Cancer Fight

Buick's fabulous "Old Vienna" sedan, upholstered in needle point and equipped with gold-plated interior fittings, will go to some lucky person for \$1. Buick has donated the Roadmaster Riviera Sedan, along with \$1,000 toward taxes, to the Damon Runyon Memorial Fund. It will be awarded to the person submitting \$1 and the best safety slogan of 10 words or less. The exquisite beauty of the car is illustrated in this photo showing the needle-point panels designed and executed by Mme. Ida Jolles, one of the world's foremost creators of needle point.

### Forest Products Market Summary

Generally unchanged prices except for some seasonal drops were reported in the Willamette Valley sawlog market during the week ending June 2. Demand was generally good, but logs were more plentiful as good weather favored logging operators. Other forest products were about steady according to the weekly farm forest products market prepared by the OSC extension service from data supplied by State Farm Foresters and other information.

**Douglas Fir Logs:**  
 Second growth Douglas fir sawlogs at Willamette Valley mills ranged from \$32 to \$45 a thousand board feet on a camp run basis, mostly \$40. A seasonal price drop of about \$2 a cord was reported by some mills in the Eugene area as log supplies increased. Eight foot logs down to six inch tops continued in good demand at \$15 to \$18 a cord, or \$30 to \$40 a thousand. Old growth Douglas fir sawlogs were \$36 to \$60, depending on grade. Peelers were \$70 to \$110.

Offers for second growth Douglas fir stumpage were steady at \$7 to \$16 a thousand, depending on location, quality, volume, and other conditions.

**Pulpwood:**  
 Pulpwood continued in good demand in a steady market. Peeled spruce was \$20 a cord in 4 and 8 foot lengths down to 4 inch diameter. Peeled Douglas fir, Noble fir, White fir, and hemlock were \$19 in the same dimensions. Unpeeled, these species in 8 foot lengths down to 6 inch diameter brought \$2 less. Cottonwood was in moderate demand at \$16 to \$18 a cord.

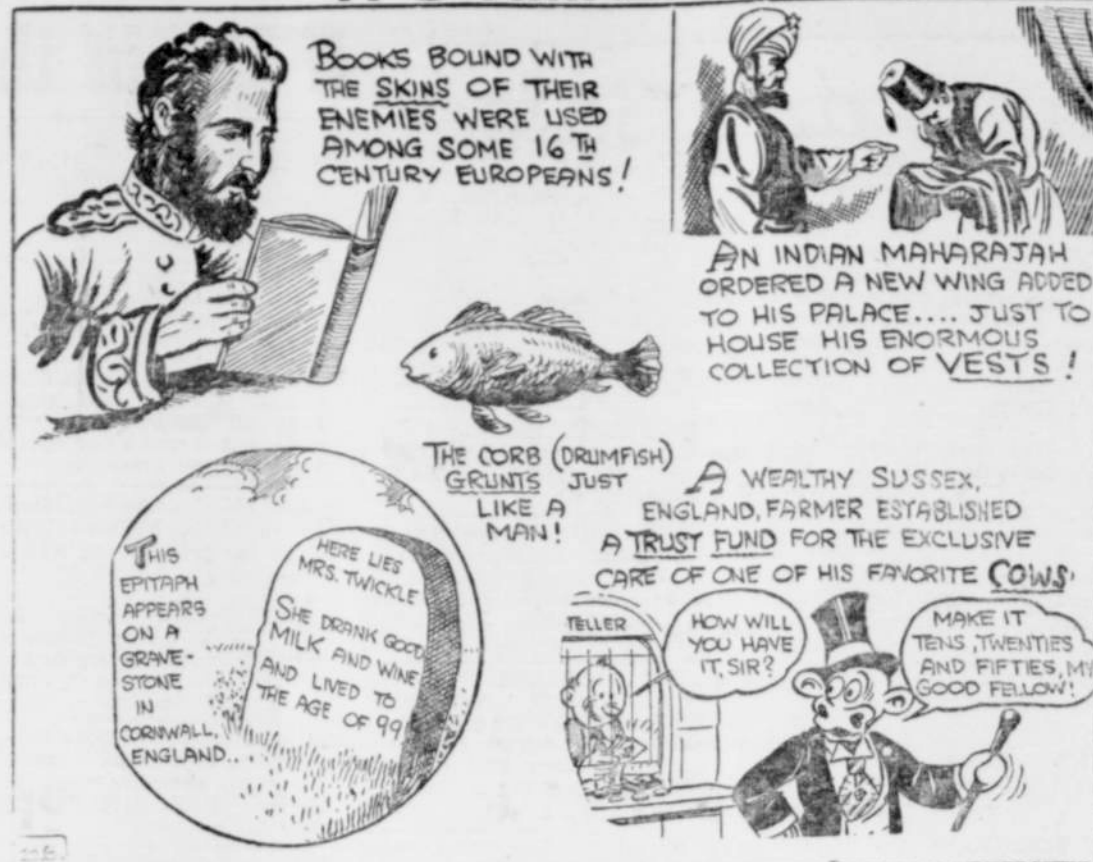

Douglas fir pulpwood stumpage was reported around \$2 a cord.

**Poles and Piling:**  
 Douglas fir poles and piling continued in good demand at valley pole yards during the week. Prices were unchanged except for adjustments in some specifications. Peeled poles ranged from 11 cents to 40 cents a linear foot for lengths from 30 to 80 feet. Barkies brought from 9 cents to 43 cents for poles from 20 to 100 feet long. Barkie prices were highest in the central valley. Piling prices were 20 cents to 40 cents for lengths from 20 to 100 feet.

**Hardwood Logs:**  
 Alder, ash, and maple prices ranged from \$30 to \$40 a thousand. Cottonwood was \$24 and \$25 a thousand. Oak and chinquapin were in limited demand at \$37.50 in the Eugene area.

**Other Forest Products:**  
 A tannery in the Central valley offered \$20 a ton for second growth Douglas fir bark. Receipts have not been adequate for a winter supply. Dry cascara bark was 27 cents a pound, and sword fern was 19 cents a bunch.

### IT'S AMAZING!

### Canyon Group--

(Continued from Page 1)  
 assistance is required.  
 The officers of the Canyon Aid are Nolan Rasnick, president; Buck Stor-

ey, vice president; Mrs. George Barney, secretary; and Mrs. Ray Johnson, treasurer.

The drive has been carefully planned and organized into groups. Buck Storey is the director for Idanha, and the team for industries is Mr. Jim Gordon, Mr. Henry Heibert, Mr. Gordon Skidmore. The house-to-house teams are Mrs. Reba Snyder, Mrs. Mary Gulliford, Mrs. William Cokenour and Mrs. Sol Tucker.

The director for the business and industry division in Detroit is O. J. White, while the soliciting team is Mrs. Bob Manning, and Mrs. Harold Champion. The house-to-house solicitors for Detroit are Mrs. Margaret Rasnick, Mrs. Perry Wiggins, Mrs. Fry and Mrs. Dick Farrow.

The directors for Marion Forks are Mrs. Scott Young and Dorothy Morgan. The director for the CCC Camp is Mr. Gordon Skidmore; the director for Mongold is Mrs. D. E. Loughtan; and for the Detroit Ranger station, Mrs. S. T. Moore and Mr. Howard Dean. The clearing crews directors are Henry Heibert and Nolan Rasnick.

Everyone is being asked for their continued generous response to the cause of Canyon Aid. The fire support which has already been given in the past by practically everyone in the community is heartening. The final big dinner will cost adults \$1.00, and children 50 cents.

Thought for today...

"Nothing is achieved before it be thoroughly attempted."

—Sir Philip Sidney

For moderate refreshment...

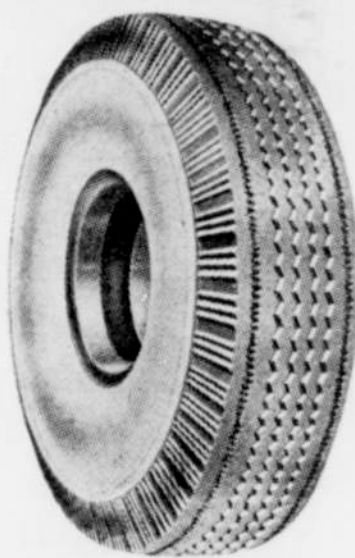

Olympia Brewing Co., Olympia, Wash., U.S.A. \*B

Feeds containing NFZ-MIX can be used as a preventative or a treatment for Coccidiosis—will help prevent runts and culls—control Coccidiosis without slowing growth—reduce death losses.

Plan now to use our NFZ Feeds for the chicks you're starting this spring.
