

GATES

By MRS. ALBERT MILLSAP

After a two week's pleasurable vacation spent in "sunny California" your Gates correspondent finds it difficult picking up where she left off. Besides it has been "too blooming hot" to do more than loll in the shade, sip cool drinks, and consume ice cream, both for the neighbors and your correspondent. But the "show must go on" and The Enterprise would not be complete without some Gates news—so here goes!

Mr. and Mrs. Elmer Klutke and two boys left Saturday for a visit with relatives in Portland. They plan returning before the Fourth.

Guests at the home of Mrs. Laura Joaquin for the week are her son-in-law, daughter and grandson, Mr. and

Mrs. Layton Gosnell and Larry of Roseburg.

Mr. and Mrs. Joe Joaquin and daughter Darlene, accompanied by Mrs. Dora May Cooper and granddaughter, Connie, left Tuesday of this week for a visit with relatives in Ashland over the holiday. Mr. and Mrs. Joaquin will return Sunday while Mrs. Cooper and Connie will make a more extended stay.

Visiting in North Richland, Washington, at the home of Mr. and Mrs. Paul Mitchell are Mr. and Mrs. Gerald Garrison and their recent guest, Mrs. Don Sullivan. Mrs. Garrison and Mrs. Sullivan are sisters, daughters of Mr. and Mrs. Mitchell.

Keith Henness and Mr. and Mrs. "Corkey" McCarrley of Mehana left the middle of the week on a pleasure trip which will include Salt Lake City, Utah.

Ned Richards is sporting a brand new Hudson-Hornet. He tried out the new sedan when he, accompanied by Harold Wilson, motored to Eastern Oregon for a fishing trip. Mr. and Mrs. Elton Brown of Mehana are staying at the Richards home during Richard's absence.

Mr. and Mrs. Dwyne St. Clair and Roger St. Clair of Lakeview were guests this week at the home of Mrs. Dora May Cooper and their sister, Connie St. Clair.

Lincoln Henness was 88 years "young" Thursday, July 5, Helping him celebrate the happy occasion were his son and family, Mr. and Mrs. Donald Henness and children of Seattle and his son-in-law and daughter Mr. and Mrs. James Wiltsey and two boys of Salem who were at his home over the holidays. Other relatives and friends called and extended their best wishes and wished him

A DAUGHTER—To Mr. and Mrs. Francis Bodeker, Mill City, July 1, at Salem Memorial hospital.

A SON—To Mr. and Mrs. Edward Stiff, Gates, June 29, at Salem Memorial hospital.

many happy returns of the day.

Mrs. Albert Millsap and her granddaughter, Miss Janet Klecker, of Stayton returned Thursday of last week from California where they were guests at the homes of relatives for two weeks. Several days of sight-seeing in San Francisco, Calif., and royal entertainment in Woodland, Calif., made their visit a pleasant one. The weather was perfect—warm warm days with delightfully cool mornings and nights.

Clarence Johnson's nephew, wife and daughter, Mr. and Mrs. Sherman Johnson of Lebanon, visited at the Johnson home before leaving for their new home in Utah.

Mrs. Joe Joaquin was "Gates correspondent" for the Enterprise, during the two weeks absence of the regular reporter.

Mr. W. R. Hutcheson spent several days in Portland last week. He returned Sunday evening.

Around the State In Civil Defense

Gearing civil defense to meet both peace and war-time emergencies, mayors of Mill City, Gates and Idanha are making plans to provide greater forest fire protection for the tree-covered canyon area of east Marion county.

Elsewhere, members of Portland Retail Trade bureau have been advised that those whose places of business have been designated as aid raid shelters will not be liable for injuries suffered by persons seeking shelter therein, or for property damages inflicted during an enemy attack or during a test period.

Lee Drake, new CD director of Umatilla county, announced appointment of service heads, as well as public information officer. In Corvallis, used clothing collected in that area serve both as supplies for the needy and stockpile for emergency purposes. Upon completion of first aid courses in Reedsport, plans were made to stage advanced classes in the fall. In The Dalles, 67 persons completed first aid courses. Photograph displays, firefighting equipment and movies were shown in Springfield as part of a public education program.

Drain was first town outside Portland to show new CD film "Survival Under Atomic Attack", which is first in a series of federal films that will show various phases of civil defense. Key point warning center for seven mid-Columbia counties was switched to a site that will be open 24 hours daily.

Jackson county had a clean-up week to help eliminate health and fire hazards from houses and public places. County medical directors, meeting in Portland, were told the keynote in emergency medical treatment would be simplicity. First aid would be the major role of the doctors at the outset, regardless of their specialties.

Forest Products Market Report

Second growth sawlog prices in the Willamette Valley steadied during the week ending June 30. Most mills continued to be particular about quality, but demand was good. Prices of other forest products were unchanged, according to the weekly farm forest products market report, prepared by the OSC Extension Service from data supplied by State Farm Foresters and other information.

Douglas Fir Logs:

Second growth Douglas fir sawlogs at Willamette Valley mills were steady during the week at \$30 to \$40 a thousand board feet, mostly \$35 to \$38. Demand was good for high quality logs. Eight foot logs, down to six inch diameter, were also steady at \$15 to \$18 a cord or \$35 to \$38 a thousand. Old growth Douglas fir logs were \$32 to \$60 a thousand, mostly \$38 to \$45. Peelers were \$70 to \$110.

Pulpwood:

Pulpwood prices were steady and demand continued good. Peeled spruce brought \$20 a cord and peeled Douglas fir, white fir, noble fir, and hemlock brought \$19 a cord in 4 and 8 foot lengths down to 4 inch diameter. Unpeeled, these species were \$2 a cord less at central and northern valley pulp mills. There was a limited offer of \$15 a cord for peeled Douglas fir, white fir and hemlock in 8 foot lengths in the southern valley.

Poles and Piling:

Douglas fir poles and piling continued in good demand at valley pole yards during the week. Peeled poles ranged from 9 cents to 45 cents a linear foot, depending on length. For example, 30 foot peeled poles were 11 to 12 cents, while 60 foot poles ranged from 32 to 40 cents. Barkies brought from 9 cents to 43 cents a foot for lengths from 30 to 80 feet. Twenty-foot barkies were in poor demand. Piling prices ranged from 15 cents to 42 cents for lengths from 20 to 100 feet.

Hardwood Logs:

Valley hardwood mills paid \$30 to \$40 a thousand for alder and ash, \$30 to \$45 for maple, and \$24 to \$28 for cottonwood. Oak and chinquapin were in limited demand at 337.50 a thousand in the Eugene area.

Other Forest Products:

Dry cascara remained at 15 cents a pound after the recent drop. Fern was unchanged at 19 cents a bunch.

Some 3,000 farmers in this country grow trees over and over again on the same land for continuing wood crops under the American Tree Farm System.

'Say Bud, Like--

(Continued from Page 1)

Gates citizens may get their chest X-rays made between the hours 11 a.m. to 5:30 p.m. Monday, July 23, at the Gates General Store, Mrs. Floyd Volkel, Gates 100% X-ray chairman announced Tuesday.

Mrs. George Ditter explained that, "X-rays will not be made for children under 15 years of age since tuberculosis is seldom found in this age group. It is important to remember that although no age group is entirely free from tuberculosis, it is primarily a disease of adult. Therefore, the goal of a valley-wide X-ray program is to obtain an X-ray of every person 15 years of age and over and to provide special examinations for those under 15 who have been in close contact with a person who has tuberculosis."

A 100% X-ray is as easy an experience as having a snapshot taken. It is made in a matter of seconds. Within two weeks, a report of the X-ray reading is mailed to the person who had the X-ray made.
