**IDANHA**

By REBA D. SNYDER  
The Chest X-ray will be in Idanha this Wednesday; in Detroit, Thursday, and in Mongold, Friday, 1:00 to 8:00 p.m.  
Mrs. Orville Lady became ill Sunday night, and was taken to Mill City, Monday where she learned that she had pneumonia. Her daughter, Mrs. Chester Storey, is caring for her.  
Members of troop 43 spending the week in Scout camp Pioneer are Russell Rice, Frankie Barton and Brad Humphreys of Detroit, Donald and Leonard Snyder, Bruce Gordon, Merle James, Robert Lady, and William Cokenour of Idanha and Micheal Moore of the ranger station. The boys were taken to camp by S. T. Moore and Al Cokenour. A. R. Snyder, Scout-master, also went with the boys. Moore will be their counselor until Tuesday night, Cokenour until Wednesday, and Sam Palmerton, Wednesday night and Thursday. Snyder will be with the boys from then until they return home Sunday.  
Weekend guests of Mr. and Mrs. Braxton Fouts were their daughters; Nadine Surgeon and Mrs. Richard Cannon and family. They celebrated the birthday of one-year-old Sherilee Cannon and of Mrs. Gudne Gestson.  
Mrs. Winnifred Johnson of Portland arrived this weekend for a visit with her parents, Mr. and Mrs. Walter Reynolds. Friends of hers, Mr. and Mrs. Donald Lents, drove her to Idanha. Mrs. Johnson's burn of a few weeks ago, is improving as well as a second degree burn usually does.  
Mr. and Mrs. Russell Hoyt returned to their home after a three-weeks trip to Minnesota. Mr. and Mrs. Even Evenson arrived at their home here Sunday morning after a three-week trip to the east coast.  
Mrs. Huber Ray, who underwent major surgery in the Emmanuel hospital in McMinnville last week, hopes she can return home sometime this week. Mrs. Ray is recovering in a satisfactory manner.  
While in Port Angeles on their vacation, Mr. and Mrs. Braxton Fouts made a trip to Victoria in British Columbia. They went on a sight-seeing tour, which included a visit to a beautiful rock garden, which, Mrs. Fouts reported, did not exceed the beauty of our own State's rock garden at Redmond.  
Mrs. Elizabeth Wiseman spent last week in the home of her grandnephew, James Gordon and family. The Gordons returned her to Portland, Saturday, where she lives with her sister, Gordon's mother.  
Mr. and Mrs. Clint Smith of Willamina have moved into the house recently vacated by Mr. and Mrs. John Sundquist. Smith is working in the woods for Idanha Lumber Co.  
Lee Hopson, who for the past two months has been working near Grants Pass, returned last week with his family, who have been with him the past month, to their home here.

**Sgt. Wm. K. Carlile Highly Credited**

During the past 10 weeks, Camp Stoneman has been graduating accurate rifle-men from its wind-swept rifle-range with pleasing regularity to responsible training officers.  
The answer to this successful training program is mild-appearing but forceful Master Sergeant Wm. K. Carlile. This 33-year old reservist is well-known to all ranks who have graduated first from the three days of Preliminary Rifle Instruction and the two days of qualification and record firing on the sun-baked rifle range.  
The clock-like precision with which Stonemanites have been paced through the rifle training has amazed training officers here. "Undoubtedly one of the finest Sergeant-Instructors we have observed in a long time," responsible training officers said of Sergeant Carlile.  
In civilian life a Maintenance Personnel Supervisor, the slight, blond, pipe-smoking master sergeant has been given top-notch support by his students from the first moment he addressed them in assembled class.  
He has been, in the Army vernacular, "fair but firm."  
"The official orders, just out, transferring Master Sergeant Carlile to the Separation Battalion, is our loss," Capt. Lloyd A. Burkholder told the Salvo today.  
This year, under the tutelage of Sergeant Carlile, each and every student on the PRI area had to know how to field-strip the M-2, or .30 carbine. As a consequence, the student KNEW the weapon inside and out before he fired the piece for qualification on the west rifle range. This training "definitely eliminated useless 'alibis' when the weapon was fired for record," Captain Burkholder explained to this writer.  
The word "Bolo," has been a dreaded thing to hear from Sergeant Carlile this year by the student. The word "Bolo," on the range, meant a man did NOT pass! It meant he would have to come back for another week of the same thing! It is a statistical reality there were few "Bolos!"  
Although born in Liberal, Kansas, Hopson will take over the dry-kiln of Idanha Lumber Co. He replaces Eldon McIntosh who is leaving soon for the coast.  
Mr. and Mrs. Otis Floyd and family of Lebanon visited last week with his brother, U. S. Floyd and family, and called on friends here.  
Mr. and Mrs. Don Farrow and daughter of Eugene spent last week with her parents, Mr. and Mrs. Hiram Wolf and her brother, DeWain and family.  
Guests in the Glen Willis home were their daughter, Mrs. Vern Thommasson, Mr. Thommasson and daughter. The Thommassons are from Willamina and were here on vacation.

**Wallace and Clark Circus Coming Here**

The eventful day will soon be here, circus day, bringing back childhood memories, carrying water for the elephants, the daring trapeze performers, the funny clowns, because Wallace & Clark Wild Animal Circus in its entirety will give a gala performance, Sunday night July 22 in Mill City on the Mullen pasture.  
This circus takes particular pride in its horse fair, and features thoroughbred Arabian and Kentucky bred horses, performing intricate routines under the capable training of Prof. Dale Petros, and for the special entertainment of the younger children, there will be a troupe of trained Shetland ponies, also riding dogs and monkeys.  
A troupe of elephants, trained and presented by dainty Miss Peggy Henry, is one of the highlights of the Wallace & Clark program. There will be thrilling aerial acts, acrobats, jugglers, wire walkers, and of course, a contingent of funny clowns.  
Wallace & Clark Wild Animal Circus takes great pride in its collection of jungle bred beasts, gathered from corners of the world, and this season has imported direct from the River Nile one of the largest blood sweating hippopotami ever captured. This huge animal weighs over four tons and will be on exhibition daily.  
All of the cages of animals, including the hippopotamus, are thrown open free to the public at 10 a.m. on circus day, where may be seen the feeding and watering of the wild animals. There will be one show only and that will be Sunday night, July 22nd.  
Sergeant Carlile now lists as his home Mill City, Ore. He majored in education at the Benson Polytechnic school. He went overseas to the Far East in 1945.—From SALVO, Camp Stoneman.

The American Tree Farm System, started in 1941, has now spread to 30 states.

**Car-Saver Service**

ADDS THOUSANDS OF MILES OF CARE-FREE DRIVING

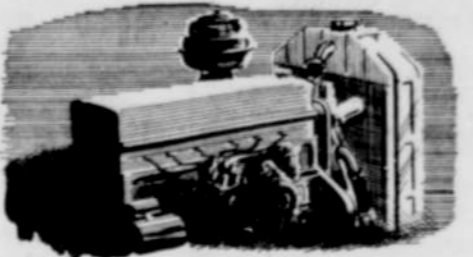

Our Car-Saver Service starts with good lubrication—regularly. Not only the right lubricant in the right amount, in the right place, but a thorough inspection to catch trouble before it starts . . . a check for rattles and squeaks and a report on any mechanical attention needed. A complete record of service is kept here to assure car-saver service at proper intervals.

**TIRE SERVICE:** Let us tell you how our tire switching service can save you money through increased tire mileage. There is often more uneven wear on front tires than on the rear . . . rear tires wear evenly but at a faster rate . . . then, too, to be kept "alive," the spare tire should be run. But further, our service includes an inspection for glass, tacks, and nails embedded in the tires . . . a check for cuts and bruises.

**BATTERY SERVICE:** 80% of all battery failures occur where a service call is required . . . our Car-Saver service protects you against this inconvenience and expense . . . it includes adding water . . . test of condition . . . an inspection and cleaning of terminals and cables—insurance of maximum battery capacity and life.

**RADIATOR SERVICE:** Keeping the cooling system filled is just the start. You receive a check of the cooling system, water hoses and clamps.

These are but a few of the important car saving services you receive when you put your car in our hands.

EXPERT LUBRICATION • TIRE SWITCHING • BATTERY CARE  
ATLAS TIRES • BATTERIES • ACCESSORIES
